The Council on Foreign Relations is the American branch of a society which organized in England (and) ... believes national boundaries should be obliterated and one world rule established." [WITH NO APOLOGIES by Senator Barry Goldwater, Berkley Books, New York, p 126]

The Trilateral Commission was formed in 1973 by private citizens of Japan, Europe (European Union countries), and North America (United States and Canada) to foster closer cooperation among these core democratic industrialized areas of the world with shared leadership responsibilities in the wider international system.

"The Trilateral Commission is international ... (and) ... is intended to be the vehicle for multinational consolidation of the commercial and banking interests by seizing control of the political government of the United States." [WITH NO APOLOGIES, by Senator Barry Goldwater, Berkley Books, New York, p 293]

The Bilderberg is a quasi-secret consortium of international elite who meet annually to plan world economic and political policies. The Bilderberg has no membership per se. Those identified with "B" in this chart have attended at least one Bilderberg meeting.

The Liberator - a 64GB uncensorable credit card-sized flash drive of visualizations, documentaries, short videos, book in PDF, dank memes, and truth music from the Liberty movement's leading artists. Companion Media to the new book: "Government" and "The Covid" - The Two Biggest Scams in History... Exposed! by Etienne de la Boetie

This visualization was done in 2010 by a now-defunct organization called: The Fund to Restore an Educated Electorate. The chart shows how the Council on Foreign Relations, the Bilderberg Group, and the Trilateral Commission have maneuvered their members into the Presidency, Vice Presidency, Cabinet Secretaries, Senators, Congressman, Chairmen of the Joint Chiefs of Staff, the FBI Directors, CIA Directors, and heads of the Federal Reserve and major banking institutions in both "Republican" and "Democrat" administrations going back decades.
