

"GOVERNMENT" AND "THE COVID" – THE BIGGEST SCAMS IN HISTORY

How Inter-generational Organized Crime Runs the "Government", the Media and Academia

Etienne de la Boetie²

About the Book: The hardcover and high-resolution version of "Government" and "The Covid – The Biggest Scams in History... Exposed!" – The 5th edition brings "Government" – The Biggest Scam in History... Exposed! into the age of "The Covid" with an expose on how the same inter-generational organized crime system running "Government", the media, and academia spent billions to make trillions by engineering a media-induced "pandemic-of-testing" that became the excuse for trillions of dollars of "Bailouts", "Stimulus" and the Federal Reserve intervening in the crooked US Treasury market.

Using historical photographs, visualizations, media ownership charts, infographics, and memes, the book is designed to accelerate and deepen the understanding of the 65% of the population that are "visual learners" including revealing historical patterns, organizational structures, banking monopolization and other previously hidden connections through visualization. The book catalogs 20+ unethically manipulative techniques used on free human beings to create an artificial culture that produces obedient "tax payers" and "order followers" willing to kill on command or enforce the edicts of an artificially indoctrinated statist religion on their friends, relatives and neighbors.

The book is backed up by: *The Liberator* - A credit card-sized flash drive (or Dropboxes) full of Liberty resources that both expose the control system and provide the healthy alternatives of voluntaryism, freedom, love, tolerance, agorism, counter-economics, and cryptocurrencies. The physical book and flash drive, low-cost bulk copy "friends' bundles", and pop-up guerrilla bookstores are specifically designed for hand-to-hand distribution to get around organized crime's "propaganda matrix" of six monopoly media companies running hundreds of subsidiaries, chain bookstores and around two-three dozen internet search, social media, streaming platforms, fact-checkers, and video sites that offer the illusion of choice and diversity-of-opinion on the DARPA Internet.

Etienne de la Boetie² is the pen name of a voluntaryist author, father, technology entrepreneur, cyclist, runner, hot yogi, multi disciplinarian truther, armchair economist, cryptocurrency enthusiast, and neo-abolitionist who is experimenting with large-scale cult deprogramming. Mr. Boetie² distills 20 + years of research into short, easily-digestible treatises on individual subjects and optimizes them for the 65% of society who are visual learners while including references and links to more comprehensive research and evidence including books, videos, documentaries, and audiobooks to accommodate the widest variety of learning preferences.

Mr. Boetie² is the founder of a start-up public policy organization: The Art of Liberty Foundation that is exposing the illegitimacy and criminality of "government", and the hidden curriculum of organized crime's mandatory government schools, scouting programs, and police/military training. He publishes the weekly meme and news summary; Five Meme Friday@ArtOfLiberty.org/subscribe.
