## DEDICATION

This book is dedicated to all the victims of government indoctrination, their victims, and to the **few, rapidly developing into the many**, with the courage to speak up and fight back!

A copyright, as pointed out by Larken Rose, is usually an implied threat: (“Don’t Copy This or Else!”). Like Larken, I hope that anyone who likes this book will buy additional copies from me to help fund our experiment in large-scale cult deprogramming. If someone does copy it without permission then that alone would not make me feel justified in using force against that person, on my own or using “government” as my proxy. If someone was uncool enough to sell bootleg copies then I have no doubt that karma, always operating at maximum power in the universe, would kick their ass far more effectively than any government lackey. Like Larken, I have copyrighted the book primarily so no one else can copyright it and use the violence of the state to prevent me from distributing it. – Etienne de la Boetie<sup>2</sup>

## EXECUTIVE SUMMARY OF THE EXECUTIVE SUMMARY

“Government” wasn’t designed to protect life, liberty and property. It is a system, a technique used by inter-generational organized crime to rob and control societies. The only reason anyone believes it is legitimate, desirable, or necessary is because they have been indoctrinated into the belief system from birth through mandatory government schools, control of private school curriculum through accreditation, scouting, military/police “training” and a propaganda system of six monopoly media companies running hundreds of subsidiaries to give the illusion of choice and diversity of opinion. Google/YouTube/Facebook/Twitter/Amazon/Wikipedia/Reddit/Meet-Up/Disqus/Netflix/Instagram/Snopes/Yahoo/Spotify/GoFundMe/Sidewalk/Quora further control perception on the DARPA Internet by creating a “propaganda matrix” that the system is legitimate while distracting the population and censoring/denigrating the news outlets, websites, documentaries, and videos that are exposing the criminality of the system.

## THE GOOD NEWS

You aren’t an “American” or a “Russian” or an “Israeli” just because you were born in one geographical area or another. You are a free and sentient human being who doesn’t owe your income or allegiance to any organized crime system using classical, textbook unethically manipulative cult-indoctrination techniques on an unsuspecting public. The world is a self-organizing system that produces spontaneous order and all the legitimate, non-redistributive functions the “government” performs such as armed protective services(police), dispute resolution(courts), roads, mail delivery, schools, and air traffic control could be better provided by the free market, non-profits, mutual aid societies, co-ops, insurance companies, and genuine charity or likely shouldn’t be done at all. Voluntaryism I.E. real freedom, has been the biggest secret that has been kept from society and misrepresented by the monopoly propaganda system because it is the only political system that is fair for all. No one gets the “ring of power”... No one gets to use violence or extortion on anyone else... Not even “government”. After you free your own mind from what was force fed you in your youth then free just 5 other people and then we are all free. Hopefully this book and our Friends bundles/dropbox/flash drive Liberators can help.

– Etienne de la Boetie<sup>2</sup>

“I have put that book out and watched people go from zero-to-sixty... The way that that information sticks in your brain really clever. Extremely well done... The most fundamental understanding of the true nature of government... it is meant to “Red Pill” anyone who looks at it... in like an hour... I have seen it work! To the extent that [if] you think now is the time to open up some people’s eyes to how we got here and what the answer is and what the answer isn’t, then I highly recommend these books! I have gotten many e-mails from people who are very, very happy with their purchases of these books.”

- Monica Perez, Host of The Propaganda Report and emcee of FreedomFest 2021

“I was very interested to read this book: “*Government*” - *The Biggest Scam in History...Exposed!* ... not necessarily because the information was startlingly new to me, but [because] I am very much on-board with this idea... The information [which] is presented in this book is very visually informative, which is a particularly innovative way to present this information for people who may not be interested in hearing a long lecture on the topic.”

- James Corbett, Host of *The Corbett Report* and documentarian

““*Government*” - *The Biggest Scam in History...Exposed!* succinctly and thoroughly spells out how ‘it’ not only could happen here, ‘it’ already has happened here, ‘it’ continues to happen here, and it’s only getting worse.”

- Larken Rose, author of *The Most Dangerous Superstition & What Anarchy Isn’t* and filmmaker of *The Jones Plantation*

““*Government*” - *The Biggest Scam in History...Exposed!* does an excellent job of explaining the various mechanisms that enslave humanity. After reading through this book there’s no way to deny that government and media are organized crime.”

- Derrick Broze, author, documentarian, and founder of The Conscious Resistance

““*Government*” - *The Biggest Scam in History...Exposed!* is definitely one of the most impressive efforts of our time, talking about the illegitimacy of government on it’s face. It’s right up there with *The Most Dangerous Superstition*, but it done in a way that everyone can understand. It’s so visually rich and very visually appealing to people... It doesn’t read like a textbook or philosophy book because it’s so visually engaging.”

- Mark Passio, founder of What on Earth is Happening and One Great Work Network

“Connecting the dots and painting a picture of the true agenda for a global government, “*Government*” - *The Biggest Scam in History...Exposed!* is a must read for anyone who wants to unplug from the matrix and see the world for what it really is: an organized crime racket led by mafia-like psychopaths who have an agenda to control YOU!... Government equips the reader with the tools they’ll need to free themselves from this system of oppression in an easily understandable and visually pleasing way. This book will have the powers that ought-not-to-be shaking in their boots - and it’s about time!”

- Dan Dicks, founder of Press For Truth, documentarian, and journalist

“The book that is inspiring freedom lovers around the world to take action. “*Government*” - *The Biggest Scam in History...Exposed!* help anyone understand that the state is simply inter-generational organized crime. This is a new paradigm, and was a defining moment for me. If you’re tired of being robbed, threatened, and harmed by self-imposed “authorities” who hide behind a “social contract” that you never consented to, then you’ve come the right place. Boetie<sup>2</sup> shows exciting solutions to this immoral institution in a unique and powerful way.”

-David James Rodriguez, author of *The Anarchist’s Guide to the Galaxy* and founder of The Gatto Project

“This has been one of the better interviews of 2021... I do recommend you get a copy of the book and maybe share it with your friends and maybe use it for some activism... Liberty is precious!”

- Jack Spirko, Host of *The Survival Podcast*

“Well done. Everything I’ve read matches the 9 years of research I’ve done on my own. I have much respect for your efforts. The cognitive dissonance factor is huge among the sheeple. I pray you succeed as my 11-year-old daughter needs a future with freedom and liberty.”

- Anonymous

“Just wanted to say thanks again for creating “*Government*” - *The Biggest Scam in History...Exposed!*; I use it daily posting placards from it on twitter... great work!”

- Ray Engelking, Entrepreneur and Inventor

“Etienne de la Boetie<sup>2</sup> gave a presentation that burned the house down!... The book is awesome! ... For those looking for a book for their friends and family I would definitely recommend checking out this book!”

- Charlie Robinson, Author of *The Octopus of Global Control* and Host of the *Macroaggressions Podcast*

“This is a great book and Etienne isn’t sending me a check for this .. This is a master level course on all the stuff that’s been pulled on everybody and continues to be pulled on people.”

- John B Wells, Host of *Caravan to Midnight*

“I want to thank you for your work on “*Government*” - *The Biggest Scam in History...Exposed!* Your interview with Corbett about that book helped me wake up even more, and shortly after watching, I threw out my American flag (which I consider a big step in my personal progress). That interview even helped me realize what I think is a pretty substantial “green language” tell: That “statist” and “sadist” are almost indistinguishable from one another phonetically.”

# PREPARING THE READER

For many, especially those who work for the “government”, police or serve/served in the military, what you are going to learn in this book is going to be painful. If you read with an open mind and you are able to take a step back and analyze what you were told as a child about the *legitimacy, desirability, necessity* and *morality* of “Government” you are going to discover that you were tricked... By mandatory schools, scouting and a multi-trillion dollar control-of-perception program of monopoly media and algorithmic censorship on the DARPA Internet... *Just like this author was for decades...* into supporting a system based on *lies, propaganda, indoctrination, extortion and violence*. The reward comes in knowing the truth because the truth shall, quite literally, *set you free*. - To admit that one was wrong is to declare that you are wiser now than you were before.

***“There are three classes of people: those who see, those who see when they are shown, those who do not see” - Leonardo Da Vinci***

## INTRODUCTION

Techniques for controlling populations have been developed and honed by monarchies, despots, tyrants, and “democratic governments” for centuries. The U.S. government today does not remotely resemble or respect the ideals of the original republic, which the government school system still celebrates and pretends exists. It parallels the same system used to control the tax slaves/actual slaves in Nazi Germany, the Soviet Union and East Germany. In addition to sharing mechanisms of control and indoctrination, **these governments are all illegitimate because it is impossible to delegate rights you don't have personally to “representatives.”** For example, If you don't have the moral right to coerce money from your neighbor and redistribute it to others, then you can't delegate that “right” to a “representative”

— even if the majority agrees. Voting can't change morality, and just because the mob wants to lynch black folks or rob Peter to pay Paul, it doesn't mean those actions are legitimate by ‘virtue’ of the majority outnumbering its victims. Unfortunately, using violence to rob and control society is organized crime, and the control system known as “government” has always been used to fleece the population. Those in power have tended to use the same techniques throughout history. They control educational institutions and the media to perpetuate propaganda and indoctrinate the pseudo-religion of Statism into children. Statism<sup>1</sup> is the propagandized belief in the *necessity, desirability, and legitimacy* of “government”. It is a mind control technique and pseudo-religion because there is no such thing as “government.” You can't go to Washington

D.C./ “Mecca” and touch “government!” You can touch buildings and people, but “government” is just an *idea*. It is a “supernatural entity” that promises to make the world a better place: to feed the poor, to protect the weak, and to provide for your retirement. It can even raise wages and lower prices at the same time! Is there nothing the State can’t do? Pursuant to government power, free children are brought up in mandatory schools believing that because they were born on this side or that side of an imaginary line (a border), they are “American” or “Canadian,” for example, and — by virtue of where they were born — now owe half their income in overt/covert taxes and inflation to organized crime using well-recognized and unethically manipulative “cult indoctrination” techniques and propaganda on them. Some cult members are so mind-controlled they even shave their heads, wear costumes, and murder whomever the cult leaders tell them to or lock peaceful people in for-profit

prisons for victimless crimes.

The idea that Americans are “free” when they are forced to pay as much as half their income in overt taxes, covert taxes, and inflation while putting up with the government’s myriad rules, regulations, monopolies and licensing schemes borders on ludicrous.

“Americans” are victims of a multi-trillion dollar con-game through which they have been indoctrinated and secretly propagandized into an artificial belief system that teaches them to be “tax-payers” and some to be “order-followers” to kill and enforce on their fellow tax slaves. It is a system based on lies, brainwashing, propaganda, and the immoral, poisonous idea that some people can be “delegated” the “authority” to rule others. The acceptance of the legitimacy of “authority” is the acceptance that you are a slave and must obey a master. The difference between a free man and a slave is that slaves can’t say: **No**.

***Real Freedom!* - The alternative that**

**is often paid lip service but rarely offered in government schools:** It amounts to no masters, no slaves! One of the biggest secrets kept from public (government) school children is that the world is a self-organizing system that produces spontaneous order and that all the “services” provided by government — from protection to roads to charity — can be better supplied by voluntary interaction, the free market, and genuine charity. Freedom doesn’t guarantee utopia, but it is the most moral alternative that unleashes the creativity and capital creation mechanisms of the market. Voluntaryism/anarchism are social movements that reject the artificially indoctrinated belief system of Statism in favor of true freedom and voluntary interactions between free people. It is the most moral and principled of all the political systems in that it recognizes natural law vs. frequently immoral and illogical Government law (I.E. “politician scribbles”)<sup>2</sup> and honors the Non-Aggression Principle<sup>3</sup>

(NAP), which posits that no individual or group of individuals has the right to initiate violence and coercion against other human beings who are not aggressing against them — in other words, live and let live, unless someone is threatening your life or property. All other political philosophies (socialism, communism, monarchy, democracy, constitutional republicanism, etc.) allow a ruling class to engage in violence and coercion against the majority. Though these systems may even allow elections where the winning party becomes entitled to rob everyone in society to enact its stated political goals, elections amount to ritualistic theater (especially when they only represent a minority of the eligible voters and the winner is outnumbered by citizens who didn’t vote at all). In addition to the travesty that occurs when majority rule tramples the rights of the minority, elections are also easily rigged and controlled by moneyed interests to offer the illusion of control to the tax slaves who are ignorant/willfully ignorant of the ‘big con’.

**FLAG: ARTIFICIAL INDOCTRINATED HOLY SYMBOL** - Flags evolved from war banners that war parties carried in battle. Symbolically, they are the same as the “colors” of crips, bloods, and other gangs. Today flags are used by organized crime governments to indoctrinate populations into the local flavor of Statism as a pseudo-religious artificial holy symbol. In the U.S., children are forced to pledge their allegiance with their hands over their hearts starting in kindergarten in mandatory schools. Cub Scouts, Boy Scouts, military academies, and police/military training further reinforce this artificial reverence with artificial solemn rituals: how the holy flag should be folded, carried, saluted, buried, and ultimately revered. The military and police manipulatively weave the flag into burial ceremonies, so relatives associate the flag with their deceased loved ones. Organized crime’s media system reinforces this religiosity by product-placing the flag into hundreds of movies and television shows that becomes painfully obvious in this [short video showing 469 “product placements” in just 12 Michael Bay movies](#)<sup>4</sup>. Hollywood propagandists frequently use a technique called “Anchoring” where they create a moment of high positive emotion (Matt Damon escaping Mars in the Martian) and then “Anchor” that exhilaration to the flag by immediately cutting to people on earth waving American flags<sup>5</sup> or waiting for a player to score a touchdown and then cutting to the flag or to military/police personnel celebrating in the audience. The NBA has added the flag to their backboards to “anchor” the exhilaration of a goal and the NFL to helmets where players are forbidden to remove them.

**CONSTITUTIONS AND BILLS OF RIGHTS** - Most governments deceive that there is a “social contract” between the people and the government (organized crime) under which the people are guaranteed certain rights. But the organized crime governments always break these agreements, and there is really no agreement at all since these one-sided contracts are simply forced on the populations. Ultimately, even the most oppressive governments pretend to have “constitutions” and declarations of “rights.” Abolitionist and legal theorist Lysander Spooner completely decimated the moral and legal legitimacy of the US Constitution in 1867 with *No Treason: The Constitution of No Authority*<sup>6</sup> whose arguments are just as relevant today.

Yes

The **Constitution of the German Reich** usually known as the **Weimar Constitution** (Weimarer Verfassung) was the constitution that governed Germany from 1919 to 1945. It had all kinds of guaranteed rights (assembly, freedom of religion, press, etc.) all ignored.

Yes

The idea that you owe up to ½ of your income to the government in overt taxes, covert taxes, and inflation, all because hundreds of years ago a couple dozen slave-owners, politicians, and lawyers on a continent of three million people wrote down on a piece of paper that they alone get to make up rules for everyone and steal the wealth of others is not credible. [US Government constantly ignores its own Bill of Rights.](#)<sup>7</sup>

Yes

The “Stalin Constitution” adopted December 5th, 1936. Article 125 of the constitution guaranteed freedom of speech, of the press, and of assembly. All ignored.

Draft of the East German constitution, March 1949. Article 8 guaranteed personal liberty, inviolability of one’s dwelling, personal effects, and papers. All ignored.

**MANDATORY GOVERNMENT SCHOOLS EMPLOYING THE PRUSSIAN MODEL OF EDUCATION** - Such schools were developed specifically and openly to indoctrinate obedience and fealty to king, country, and “government.” *“The new education must consist essentially in this, that it completely destroys freedom of will in the soil which it undertakes to cultivate, and produces on the contrary strict necessity in the decisions of the will the opposite being impossible.”* – Johanne Fichte, Architect of the Prussian System, *Addresses to the German Nation 1807*<sup>8</sup>  
The government’s mandatory school system appears to have three hidden curriculums:

**Statism** – Teaching students that government is legitimate, moral, necessary and desirable before they are old enough to evaluate the logic and morality of the claim while using unethically manipulative cult-indoctrination techniques: The “common prayer” of the Pledge of Allegiance and national anthem, Prussian model of education, government-affiliated scouting programs, and JROTC, focus on Presidents (Popes), class trips to Washington DC (Mecca) where the children are taken into the “cathedral” of the Capital and the “temples” to see the “deities” and holy documents.

**Obedience** – Subtle techniques that forever condition children into obedience to “authority” and submission to “government”: Drill bells, walking in lines, active shooter drills, requiring permission to use restroom, assigned seating, warrantless searches, public shaming, collective punishment, Red, Yellow, Green “troublemaker boards” and socialization of the monopoly police through school “resource officers” and the D.A.R.E. program.

**Debilitation** – Mandatory mercury and aluminum-laced vaccines, ADD/ADHD “medications”, fluoridated water in the water fountain, and glyphosate-soaked and GMO garbage food in the cafeteria.

### MANDATORY GOVERNMENT SCHOOLS EMPLOYING THE PRUSSIAN MODEL OF EDUCATION

“The whole function of education is to create Nazis” - **Bernhard Rust - Minister of Education in Nazi Germany,**

“He alone who owns the youth gains the future” - **Adolph Hitler**

The U.S. government’s mandatory schools adopted/used the socialist “Bellamy/Nazi Salute” until 1943,<sup>9</sup> at which point the crimes of the National Socialist “Nazi” Party in Germany became apparent.

“Diet, injections, and injunctions {Schooling – Ed} will combine, from a very early age, to produce the sort of character and the sort of beliefs that the authorities consider desirable, and any serious criticism of the powers that be will become psychologically impossible.”- **Bertrand Russell, Fabian Socialist<sup>10</sup>** and **Eugenicist<sup>11</sup>** writing in *The Impact of Science on Society*, 1953

“Education is a weapon, whose effect depends on who holds it in his hands and at whom it is aimed.” - **Joseph Stalin**

“The education of all children, from the moment that they can get along without a mother’s care, shall be in state institutions.” - **Karl Marx**

When children entered their classrooms at the beginning of each day, almost every teacher would ask the pupils ‘Seid bereit?’ (Are you willing?), which was responded by ‘Immer bereit’ (Always prepared). Every class had a class council with a sitting president and vice president who indoctrinated and habituated their fellow students into statism.

### YOUTH PROGRAMS TO TEACH “CITIZENSHIP”, BLIND OBEDIENCE AND STATE/FLAG WORSHIP

- To this day, the Prussian education model is used on children as the first level of indoctrination. Government-affiliated scouting programs are the 2nd level, at which point children receive awards (Cub Scout Adventure Loops, Boy Scout Merit Badges, etc.) for learning and demonstrating their conditioning: Duties as a “citizen,” reverence for/worship of the flag, pride of uniform, obedience to hierarchical command over conscience and basic morality, and other techniques that ultimately produce “order followers” willing to kill upon orders from the State.

In the US the Boy Scouts of America has been funded in recent years by banks, cartel companies, and defense contractors dependent on fractional reserve banking, government monopolies, mandatory vaccines and government contracts including **Banks:** [JP Morgan](#)<sup>12</sup>, [Bank of America](#)<sup>13</sup>, [Wells Fargo](#)<sup>14</sup>, [US Bank](#)<sup>15</sup> **Cartel Companies:** [Verizon](#)<sup>16</sup> (warrantless wiretapping) [Monsanto](#)<sup>17</sup> (chemical weapons, toxins in food supply) **Vaccine Makers:** [Abbot](#)<sup>18</sup>, [Merck](#)<sup>19</sup>, [Pfizer](#)<sup>20</sup>, [Eli Lilly](#)<sup>21</sup> (mercury-laced vaccine preservative Thimerosal) **Defense Contractors:** [GE](#)<sup>22</sup> (also owns NBC), [Dow Chemical](#)<sup>23</sup>, [Lockheed Martin](#)<sup>24</sup>. Every single one of these companies has been convicted of a felony or has paid criminal penalties for wrong doing.

Recent National Presidents have included: **Randall Stephenson** (Former CEO of defense/intelligence agency contractor and warrantless wiretapper AT&T, CFR Member) **Robert Gates** (Former CIA, Sec of Defense, CFR Member, Reported Bilderberg attendee in 2011 in violation of the Logan Act, and reported Bohemian Club speaker) and **Norman Augustine** (CEO of defense contractor Lockheed Martin, co-founder of CIA investment fund In-Q-Tel, and CFR member, Bohemian Club Member). Honorary Vice Presidents include: **George W. Bush**, **Bill Clinton** and **Barack Obama**.

### YOUTH PROGRAMS TO TEACH “CITIZENSHIP,” BLIND OBEDIENCE TO HIERARCHICAL AUTHORITY OVER CONSCIENCE AND BASIC MORALITY AND STATE/FLAG WORSHIP

#### Hitler Youth

“These boys and girls enter our organizations [at] ten years of age, and often for the first time get a little fresh air; after four years of the Young Folk they go on to the Hitler Youth, where we have them for another four years . . . And even if they are still not complete National Socialists, they go to Labor Service and are smoothed out there for another six, seven months . . . And whatever class consciousness or social status might still be left . . . the Wehrmacht [German armed forces] will take care of that.”

—Adolf Hitler (1938)

#### Boy Scouts of America

The Scouting program is steeped in statism. Baden-Powell himself was an authoritarian whose vision of his fledgling program was to train boys in militaristic fashion with the virtues that militaries focus on and foster. “A Scout is loyal to the King” and his subordinates, Baden-Powell [wrote](#)<sup>25</sup>. “He must stick to them through thick and thin against anyone who is their enemy, or who even talks badly of them.” Unsurprisingly, unquestioning and submissive obedience is another “Scout law” Baden-Powell created. “A Scout obeys orders... without question. Even if he gets an order he does not like, he must do as soldiers and sailors do, he must carry it out all the same *because it is his duty...*” (emphasis in the original).

#### Russian Young Pioneers

Vladimir Lenin All-Union Pioneer Organization

“To be accepted as a Pioneer each child had to promise: ...In the presence of my comrades I solemnly promise: to love and cherish my Motherland passionately, to live as the great Lenin bade us, as the Communist Party teaches us, and as required by the laws of the Young Pioneers of the Soviet Union.”

#### East German Young Pioneers

Used to indoctrinate children as members of a new socialist society, both the Young Pioneers and Free German Youth were imposed by authorities to attack religious beliefs and, ultimately, divide children from their family and many of their values. Kids were forced to join if they wanted to have any chance of being accepted into institutions of higher learning.

**YOUTH PROGRAMS TO MILITARIZE CHILDREN** – These are a subset of the main program (Explorers in the US Boy Scouts) in which some children are militarized and indoctrinated to accept hierarchical command and control, more obedience to authority, military training, flag worship, pride of uniform, and obedience to federal “authorities,” among other submissive qualities. Every branch of the military has its own Military Explorer Program and a reported 500,000 kids participate in Explorers, JROTC, Young Marines, and DoD starbase. Law Enforcement Explorers condition kids starting in 6th grade into accepting government monopoly policing with ride-alongs, meetings, and uniforms. In 2001 it was reported that there were almost 2000 posts and 32,000 14-21 year olds participating. From my review of the curriculum there is no discussion on the morality of incarcerating overwhelmingly peaceful people for victimless crimes, the for-profit prison system, or living off money stolen at the point of a gun. Federal and military involvement includes academy programs run by the FBI, DEA, Secret Service, Border Patrol, and Military Police. A 2011 L.A. Weekly investigation revealed that the Law Enforcement Explorer program alone had over 100 incidents of participating police officers engaging in sex with participants with the overwhelming majority being underage.

## YOUTH PROGRAMS TO MILITARIZE CHILDREN

### Hitler Youth

Hitler created the Hitler Youth because, as he believed, "The weak must be chiselled away. I want young men and women who can suffer pain. Part of the boys training was to part of their "military athletics" (Wehrsport) included marching, bayonet drills, grenade throwing, trench digging, map reading, gas defense, use of dugouts, how to get under barbed wire, and pistol shooting.

### Boy Scouts of America

The Boy Scouts of America Explorer program is now working with the [Department of Homeland Security](#)<sup>26</sup>, U.S. Military, and individual police forces to train hundreds of thousands of kids and instill in them the glory of being a government enforcer and serving in the Empire's armies of occupation.

Over [500,000 US kids in Junior ROTC with the military running dozens of public high schools including 8 in Chicago](#)<sup>27</sup> alone. [Young Marines](#)<sup>28</sup> and [Dod Starbase](#)<sup>29</sup> programs target elementary and middle school kids under the guise of STEM education.

### The Komsomol

The Komsomol included indoctrination through social work and sport, communal living, "red christenings," and books and cinema.

In addition to taking part in various military physical education drills, children were also required to have the ability to assemble and disassemble an AK-47 in under 30 seconds.

### Free German Youth Movement

East German Young Pioneers graduated into the Free German Youth movement (Freie Deutsche Jugend / FDJ), which included military training.

Meetings were normally scheduled so they overlapped with Catholic ceremonies and gatherings. This was the consequence of an effort to veer young minds away from religious morals and customs that may have worked against communist war tactics.

**PLEDGES AND OATHS ARE FORCED ON KIDS:** Thousands and thousands of repetitions are required in mandatory government schools and government-sponsored youth programs from a young age. **Hitler Youth Pledge of Allegiance:** “We carry the flag forward into the battle of the youth. It stands and is raised and blazes to the heavens like fire in the sky. We are sworn to be true to the flag for all eternity. Whosoever shall desecrate the flag will be cursed for all eternity. The flag is our belief in God, People, and Country. Whoever seeks to destroy it must first take our lives and prosperity. We care for the flag as a mother cares for her child. The flag is our future, our honor, and the source of our courage.”

**MILITARY AND POLICE ARE ARTIFICIALLY GLORIFIED AND CELEBRATED** - In the U.S., the government, the propaganda system, and affiliated cartel companies promote the sanctity of the military with preferred parking, discounts, priority boarding at the airport, ceremonies at stadium events, etc. These benefits and rituals promote militarism so the slaves are propagandized to worship the enforcers. Often, those perpetuating these practices and delusions believe in them wholeheartedly themselves. In the soldiers' defense, many join the military with the best of intentions and are awake to the criminality of how they are being used.

**USE OF PROPAGANDA** – The government conspires with the entertainment industry to sell the population on nationalism and the “legitimacy” of the tax slavery system. As with militarism, many of those perpetuating these ideas believe them, too. Much is subtle... countless movies and tell-a-vision shows support the “legitimacy” of government and the status quo, modeling behavior on how the public is “supposed” to behave in certain situations like court or police encounters. Good-looking, ripped, government employees (FBI/CIA/DEA/ATF/POTUS/FWS<sup>33</sup>/Military/Police) always save the day. “Product placement” of the US flag and militarism abounds in Hollywood’s content and is often directly sponsored and influenced by government agencies.

The Nazi party established a film division as early as 1930.

Nazi propaganda minister Joseph Goebbels appointed himself “Patron of the German film” and promoted escapism, exercised censorship over news, and funded films that showed the Nazi party in a positive light. Distributed “People’s Receivers” radios limited in range to only receive Nazi (not foreign) broadcasts which were outlawed.

[CIA and Dept of Defense have direct involvement in 800+ major movies and 1000+ television shows: Argo, Zero Dark Thirty](#)<sup>34</sup>, and others project a false reality.

NPR & “Public Television” is also used to distract and deceive. Product placement of the American flag “anchored” to moments of high positive emotion is found in movies like [The Martian](#)<sup>35</sup> or every [Michael Bay movie](#)<sup>36</sup>.

The main Soviet censorship body, Glavlit, was employed not only to eliminate any undesirable printed materials, but also “to ensure that the correct ideological spin was put on every published item. In the Stalin era, deviation from the dictates of official propaganda was punished by execution and labor camps. Only two permitted news organizations: Pravda (“Truth”) and Izvestia (“The News”).

One Stasi propaganda film targeting kids, [The Sun Always Lives](#), showed children as young as five in miniature tanks. At the end of the film, a live shell from one of the mini-tanks hits a wall. At this point the voice-over for the film says: “Show your soldierly face for the Socialist Fatherland as these brave warriors do!”

**USE OF MANUFACTURED NEWS, OVERT OR SURREPTITIOUS CONTROL OF PUBLISHERS, EDITORS, AND REPORTERS CREATES AN “ARTIFICIAL REALITY.”** In the U.S., six monopoly “news” and entertainment companies running hundreds of subsidiaries give the illusion of choice, while Bilderberg attendees, members of the Council on Foreign Relations, and Trilateral Commission members hold key editorial positions at major wire services, networks, and newspapers. About two - three dozen new media companies funded to consolidate their competition to control search, social media, comments, “fact-checking”, and news on the DARPA Internet.

### Yes Newspapers

- Censoring newspapers ensures that only the news you want people to read is available to the public
- October 1933 new law made editors responsible for infringements of government directives
- Clause 14 obliged editors to exclude anything ‘calculated to weaken the strength of the Reich’
- Treason to spread false news or rumors
- Many publications banned
- 1933 there were 4,700 daily newspapers, 3% controlled by NSDP (Nazi party)
- 944 there were only 997 daily newspapers, 82% of which were controlled by NSDP

### Radio

- 1) The *Peoples Receiver* – limited range in order to only hear Nazi broadcasts (could not pick up foreign broadcasts)
- All news broadcasts came through the Nazi Office of Propaganda
- Between 1932-9 the number of families with radios rose from 25% to 70%
- Goebbels described radio as “the spiritual weapon of the totalitarian state”

**USE OF MANUFACTURED TERRORISM** - This is a technique used throughout history to unite populations behind the government against manufactured external enemies. FBI provided the explosives to its informant Emad Salem in 1993 WTC<sup>39</sup> bombing and FBI/ATF #1 suspects in OKC bombing<sup>40</sup>. Al-Qaeda and ISIS/ISIL are proxy armies funded and controlled by intelligence agencies at the top, and many of the “beheading videos” and other filmed atrocities are cartoonish and obviously fake. They are designed to play on American fears; for example, it was recently revealed that the Pentagon paid British P.R. firm Bell Pottenger \$540M<sup>41</sup> to create fake terrorist propaganda films.

**MONOPOLY GOVERNMENT FIAT MONEY STEALS VALUE SECRETLY FROM THE POPULATION** - The source of much of organized crime's power is the ability to force the citizenry to use monopoly money, which the government and its agents/allies in banking are allowed to manufacture out of thin air using fractional reserve banking while other forms of currency, like silver and gold, and private crypto-currencies are banned. This allows the ruling class to buy up and consolidate industry and keeps the population poor by quietly stealing the value of what they earn and save through inflation. Absent the crooked, monopoly money system with a stable currency purchasing power should be going UP each year as innovations and productivity improvements reduce the costs in producing the necessities and luxuries of life.

# The Religion of Statism

[Government-Scam.com](http://Government-Scam.com)

## EXECUTIVE SUMMARY

Statism is the belief in the desirability, necessity and legitimacy of a State (“Government”) even though there is no iron-clad law of the universe that “government” is needed, desirable or legitimate. It is a completely indoctrinated belief system I.E. it has been mandatorily taught to the overwhelming majority of the public through government schools and Private schools where the “government” controls the content of instruction through accreditation, textbook amalgamation and tradition. Statism is a pseudo-religious belief I.E. “Government” is not a physical entity that can be touched. It is a supernatural entity that promises to make the world a better place for the true believers who have accepted the belief system into their world view. The multi-generational organized crime system that has been ruling the planet from behind the scenes uses the same techniques that religions and cults use on their followers to indoctrinate the masses into accepting a ruling class. These techniques include: Religious symbolism in the form of the flag, the

Presidency (Pope), “holy documents” in the Constitution and Declaration of Independence, mandatory “church” schools, common prayer where children are required to recite the pledge of allegiance every day at school and at scouting meetings, More common prayer and militarism at sporting events where the government pays teams to propagandize the audience, taking school children on field trips to Washington DC (Mecca) where they are taken to the monuments (temples) to see the Founding Fathers (deities), etc. These techniques produce “citizens” (cult members) willing to hand over ½ their income (tithes) and, in the case of the enforcement class (police) the techniques produce a classic “shaveheaded cult member” willing to kill and cage non-conformists who ignore or violate the laws (commandments) handed down by the Congress/ Courts (church leadership) who sit “above” the citizens and wear robes (vestments). In the case of the military (shave-headed cult members) they are willing to go abroad and kill whom they are told in wars/“police actions” (crusades).

## KEY CONCEPTS

*There is No Such Thing as “Government”*

- You can’t go to Washington DC and touch “Government”
- It is an idea/belief system that is indoctrinated into kids by gov’t schools and most private/parochial schools through accreditation, tradition and textbook amalgamation

*The word “Government” literally means “Mind Control” in Latin*

- The translation of the original Latin is “To Control the Mind”.

*The root words are:*

- **Gubernare**<sup>104</sup> – Control, Govern, Rule
- **Mens/Mente**<sup>105</sup> – Mind

*The belief in “Government” is mandatorily indoctrinated into the masses*

- No one is born believing that handing over ½ your income in overt taxes, covert taxes, and inflation to a ruling class is a good idea
- Human beings are free, sentient beings who don’t owe their allegiance/income to anyone just because they were born on one side or another of an imaginary line.
- Mandatory “free” government K-12 schools & accredited private schools spend ~12,000 hours indoctrinating and legitimizing this belief system in a hidden curriculum
- The belief is reinforced through government institutions, government, police/military training, scouting (pre-military training & flag worship), paid-for militarism/statism at sporting events and a propaganda system where 6 companies running hundreds of subsidiaries give the illusion of choice but are controlling the information the masses receive to limit their knowledge and secretly reinforcing the status quo and “legitimacy” of the system in movies, television shows, magazines, etc.

*The government schools use classical “cult indoctrination” techniques on kids*

- Most government teachers/administrators are ignorant/willfully ignorant of the hidden curriculum and brainwashed themselves and don’t know/refuse to research the history of the Prussian education system and its creators own admissions that the system was designed to control the masses and instill obedience to authority:

### Indoctrination Techniques include:

- Common Prayer: The pledge of allegiance at school and national anthem at sporting events
- Civics and social studies that teach kids the Statist world view
- Focus on learning about the Presidents (Popes) and legitimacy of Gov’t
- Socialization of the enforcement class (police) through D.A.R.E. program
- Promotion of military, selective service, and military recruiters in schools

### Obedience Techniques include:

- The inability to leave or even go to the bathroom without permission
- Public shaming (Red, Yellow, Green) and collective punishment
- Responding to Pavlovian bells, walking in line, obedience to police, etc.

## EXECUTIVE SUMMARY

It is frankly absurd on its face that any written document or political ritual like voting can grant one group of men the ability to rule and control another group of men, delegate rights they don't have personally to a "government" or that succeeding generations can be bound by a contract that none of them or even their forbears signed. For those who remain religiously attached to the "holy document" of the Constitution or believe themselves bound by an oath they were tricked ([fraudulent inducement](#)),<sup>109</sup> forced, or paid to take then here are some facts that support our thesis that organized crime interests have been using "Government" and control of the media to rob and control the population since the very creation of the Constitution.

The creation and ratification of the Constitution is not what most government school children have been led to believe. It wasn't designed to protect life, liberty, and property and limit government as claimed and its failure in those aspects or even its inability to ensure the most basic of freedoms specified in the Bill of Rights is evidence of its failure as a protection from tyranny and its success as a means of enslaving, controlling and robbing the population.

The real story of the Constitution is a "Wall Street (of the time)" **conspiracy**, and that is the **exact term** that many of their contemporaries used to

describe what had occurred, to create a system that would allow moneyed interests represented by political puppets to tax everyone on the continent for their benefit and control commerce and the currency which they started doing immediately after ratification.

The conspirators were led by slave-owning Freemasons James Madison and John Jay and suspected freemason and slave owner Alexander Hamilton. They hijacked a convention **convened only to revise the existing Articles of Confederation between the States and, after almost half the delegates refused to participate, wouldn't sign and/or left early** produced an unauthorized replacement giving unprecedented control to a Federal government that would be controlled by the exact participants

in the years to come. In short order they used this new government to begin taxing the population to pay off "Wall Street" speculators who had bought up Revolutionary War bonds from veterans and businesses that had accepted them during the war, for pennies on the dollar. Hamilton, as first secretary of the treasury, paid these speculators 100% of the face value. He then went on to pay off the war debts of the individual states who had never paid them (esp. Mass.) at the expense of those who had (Virginia). [Thomas Jefferson openly questioned the validity of these debts](#)<sup>110</sup> and

Absent a 12,000 hour indoctrination program run by the government and the on-going propaganda of bought-and-paid-for media, it is absurd to believe that a couple of dozen slave owners on a continent of three million people can write down on a fancy piece of paper that they run everything, then have their newspapers proclaim it valid but that seems to be exactly what happened.

That system which was pompously displayed as the perfection of government, proves upon examination to be the most odious system of tyranny that was ever projected, a many headed hydra of despotism, whose complicated and various evils would be infinitely more oppressive and afflictive than the scourge of any single tyrant: the objects of dominion would be tortured to gratify the calls of ambition and cravings of power, of rival despots contending for the sceptre of superiority; the devoted people would experience a distraction of misery"*

## The History and Facts the “Government” School Leaves Out

The delegates assembled in Philadelphia in May 1787 for the purpose of amending, **not replacing**, the Articles of Confederation were very different from the revolutionaries that signed the Declaration of Independence in 1776. The famous revolutionaries were not present: Jefferson and Adams were in Europe, Thomas Paine, Sam Adams, and Chris Gadsden were not chosen and Patrick Henry refused to participate outright claiming he “smelt a rat”. Out of the 74 delegates chosen 19 refused or didn’t attend!

Out of the 55 delegates who showed up 41 were politicians, 34 were lawyers, 11 were admitted freemasons (with 2 additional that would join lodges after the convention) with over a dozen more suspected. According to Maryland Delegate James McHenry, at least 21 of the 55 delegates favored some form of monarchy.

The convention operated under great secrecy: Held in the summer months with all the windows nailed shut, sentries posted at the door, and all the participants sworn to secrecy. The proceedings wouldn’t be published for 32 years later. Madison’s edited notes 53 years later.

It’s unlikely that the States would have sent delegates at all if they had known of the conspirators’ plans to abolish the articles and replace them with a Federal government and many delegates openly protested. William Patterson echoed many: “We ought to keep within its limits or be charged by our constituents with usurpation... We have no power to go beyond the confederation... If the confederacy is wrong then let us return to our States and obtain larger powers, not assume them ourselves.”

Of the **74** delegates appointed, **19** refused outright or didn’t attend, **14** left early some in open disgust, of the **41** who stayed through September three refused to sign, leaving **38** out of 74 (53% hardly a plurality) and they signed not as delegates but “In Witness Whereof”.

Of the **38** who “gave themselves the power to make up rules for everyone and take the wealth of others” **80% would personally enrich themselves by holding some office under the Constitution** including 2 Presidents, 1 Vice President, 5 Justices, 11 Senators, and 8 Representatives.

## Control of the Perception – Evident then as evident today

Similar to organized crime’s control of the media today, the “Wall Street” crowd were controlling information/perception during the ratification debates. According to Van Doren’s *The Great Rehearsal*, Anti-Federalist speeches were never printed because the convention’s transcriber, Thomas Lloyd, “appears to have been bought off by the Federalists, and published only...speeches by Federalists Wilson and McKean”. Serious allegations were made in New York and elsewhere of Federalist mail-tampering. The Pennsylvania Herald, the only paper reporting on the ratification debates was bought off as described:

*“The authors and abettors of the new constitution shudder at the term conspirators being applied to them, as it designates their true character... Attempts to prevent discussion by shackling the press ought ever to be a signal of alarm to freemen, and considered as an annunciation of meditated tyranny... **when every means failed to shackle the press, the free and independent papers were attempted to be demolished by withdrawing all the subscriptions to them within the sphere of the influence of the conspirators... The Pennsylvania Herald has been silenced... the editor is dismissed and the debates of the convention thereby suppressed.**”*

# The Shady History of the Pledge of Allegiance

[Government-Scam.com](http://Government-Scam.com)

[ArtofLiberty.org](http://ArtofLiberty.org)

## EXECUTIVE SUMMARY

**The massive five story Youth's Companion Building, built in 1892 and known locally in Boston as the "Pledge of Allegiance Building", still stands today and gives an idea of the size and scope of the operation.**

The original pledge of allegiance was a media creation of avowed national socialists and free masons running a well-financed publishing company targeting kids in the late 19th century. The company was the Perry Mason Company and they published the most popular magazine of the time called The Youth's Companion. The magazine's circulation hit over 500,000 in 1897 and pushed a nationalist socialist/military socialism agenda. The pledge of allegiance was attributed to staff writer and freemason [Francis Bellamy](#)<sup>115</sup> while the socialist "Bellamy Salute", which came to be used by other nationalist socialist regimes including Adolf Hitler is credited to junior partner, editor and fellow freemason [James Upham](#)<sup>116</sup> who also assigned the writing of the pledge to Bellamy. Francis

Bellamy's cousin Edward Bellamy, son of a freemason, was the author of an 1888 international best seller advocating military socialism called [Looking Backward from 2000 to 1887](#)<sup>117</sup> frequently cited as "the Bible of National Socialism". The Bellamy's were unapologetic in their advocacy of National Socialism and Military Socialism, mandatory government schools, militarism and used their magazine to begin popularizing a national "Pledge of Allegiance", which they first published in 1892 with a premium program designed to promote, sell and distribute the Federal US Flag into local schools where it had not been used or present before, which contributed to the federal takeover of the individual states and the average person's religious attachment to an artificially indoctrinated holy symbol.

## KEY CONCEPTS

Most Americans are familiar with the infamous "Heil Hitler/Nazi Salute" pictured here being taught to children by government teachers in Nazi Germany, but are unaware that the salute originated in the United States where it was used for over three decades prior (1892-1926) to the Nazi's adoption in our mandatory government school system. The pledge and salute were used to forcefully indoctrinate our population into the ideas of national socialism and military socialism that have supplanted the supposedly original intent of limited government and freedom that US schools still pretend exists.

National Socialism with its taxation, militarism, robotic saluting, federal control, mandatory schools running the Prussian model of education, and history of tyranny was and remains antithetical to the freedom supposedly enshrined in "The Constitution". The pledge of allegiance is forced on students in mandatory government schools from pre-school and Kindergarten before the children are old enough to comprehend the ideas to which they are pledging their allegiance which is, in and of itself, unethically manipulative. While the original Bellamy Salute featured the upturned hand, in practice school children simply

stuck out their hands and face down became the norm and is the version that is visible in the majority of surviving photographs from the time with the noted exception of a series taken by Hollywood's L.A. Times in 1942/1943 around the time of the changeover to the hand-over-the-heart. The professionally lit classroom scene on the cover of this book and others appear to be a coordinated attempt to distance the pledge from the then obvious crimes of the German Socialists by returning to the original Bellamy version with upturned palm proving that the difference between socialism and fascism is just a matter of degree.

[Bellamy Salute is American Nazism From Pledge to Flag](#)<sup>118</sup>

The video features clips from the 1925 movie [The Vanishing American](#)<sup>119</sup> showing American Indian children being indoctrinated into the artificial religion of Statism in a mandatory government school by a white teacher. The scene demonstrates that once organized crime conquered the Indians and stole their land they used the Prussian model of education in mandatory [Indian Boarding Schools](#)<sup>120</sup> where children were separated from their families to turn the once

proud and free native Americans into “tax payers” and “order followers”. The film makes a hero out of Nophaie, a tribal leader who provides horses for the US Army and gets other Indians to enlist and fight in World War 1, a foreign war. This dynamic illustrates the original Etienne de la Boetie’s observation that, once conquered, most (but not all) can be made to adopt the habits and customs of their enslavers.

[Pledge of Allegiance & Swastika Secrets: Nazism in the USA from Francis Bellamy & Edward Bellamy](#)<sup>121</sup>

By Dr. Rex Curry and Ian Tinney

In addition to exposing the history of the socialist Pledge of Allegiance, the book documents how the Swastika was adopted and rotated in Nazi Germany to symbolize the “S” of Socialism. Socialism, communism and other forms of collectivism are tools used by organized crime to control/“chump” large segments of the population with the promise of money stolen from others.

*“At a signal from the Principal the pupils, in ordered ranks, hands to the side, face the Flag. Another signal is given; every pupil gives the flag the military salute -- right hand lifted, palm downward, to align with the forehead and close to it. Standing thus, all repeat together, slowly, “I pledge allegiance to my Flag and the Republic for which it stands; one Nation indivisible, with Liberty and Justice for all.” At the words, “to my Flag,” the right hand is extended gracefully, palm upward, toward the Flag, and remains in this gesture till the end of the affirmation; whereupon all hands immediately drop to the side.” - From The Youth’s Companion, 65 (1892): 446–447.*

In practice the majority of US students just stuck out their hands and recited the pledge with “palms down”. Hollywood begins glamorizing the salute in 1907’s Ben Hur and it is adopted by Italian fascists (1919) and then the National Socialist German Workers (Nazi) Party in 1926 and the German Army in 1944.

# Public (Government) School Indoctrination

[Government-Scam.com](http://Government-Scam.com)

[ArtofLiberty.org](http://ArtofLiberty.org)

## EXECUTIVE SUMMARY

**The American school system, directly modeled after the 19th century Prussian approach, is rooted heavily in control, obedience, and indoctrination.**

By glorifying collectivism and authority, public (government) schools prime children to tacitly accept subsequent authoritarianism from all realms of government and military. From monopolizing students' time and demanding they ask permission for basic human functions — like going to the bathroom — to imposing one-size-fits all teaching approaches, submission and conformity are constantly promoted.

Students are indoctrinated into [the pseudo-religion of statism](#)<sup>122</sup> using the same techniques employed by other cults: for example, pledges/oaths, holy documents, trips to D.C. to see the temples/deities. Selectively

presented snippets of history support these myths, imbuing students with an unshakable faith in the government's universality, inevitability, and righteousness. Militarism and nationalism pervade

the system through junior training programs like ROTC, and the state's legitimacy is never questioned or debated.

Other methods of control permeate the system. In recent years, the pharmaceutical industry has benefitted from the increase in diagnoses of ADD and ADHD in children, which is largely due to children's inability to conform to schools' rigid standards of control. These drugs, as well as mandatory vaccines, directly affect students' body chemistry. So do the vast supplies of genetically modified, pesticide-ridden foods provided by state-empowered conglomerations.

Because of these hidden methods of control and modern consequences of rampant statism, public schooling is ground zero for producing obedient statist subjects and order followers willing to kill on command.

## KEY CONCEPTS

### Obedience to the government, police and authority figures is lesson #1

- Assigned seating imposes constant, uniform control over student movement
- Drill bells dictate where and when students may move during the course of the day
- Students are usually required to collectively stand and pledge allegiance to the flag, which continues with the additional “common prayer” of the anthem at sporting events
- If students are late or do not adhere to other standards, they face punitive measures, including public shaming and Red/Yellow/Green troublemaker boards
- On the other side of the coin, students are often forced to face collective punishment for the actions of a single student
- Police are increasingly present in schools, patrolling campuses and enforcing security checks with metal detectors and conducting random searches of students' private property, reinforcing the notion that school is a prison — and everyone must submit to government (organized crime) control from an early age.

### Indoctrination into the hidden religion of Statism is “Education”

- Students are expected to pledge allegiance to an artificial religious symbol in a kind of “common prayer” on a daily basis from K-12
- They are taught that gov't is both legitimate, necessary and desirable without ever examining those premises or the immorality of the concept.
- Young students learn of the mythology of the “Founding Fathers”, “social contract”, the holy documents of the Constitution/BoRs, the justifications for the gov'ts murderous wars, and that stealing is OK when gov't does it!
- What is left out of these lessons is equally important, from the CIA's covert, undemocratic operations to the Federal Reserve and the real reasons for war
- Whether it is history, civics, or any other subject, teaching methods usually require memorization, regurgitation, and often, standardized, multiple choice testing methods that crush independent thought and promote obedience.

### Chemical Control

- Thanks to propagandized obedience and state-sanctioned influence of the pharmaceutical industry and food industry, children are pumped full of chemicals, from [ADD and ADHD drugs](#)<sup>123</sup> and [mercury](#)<sup>124</sup> and [aluminum-laced vaccines](#)<sup>125</sup> to toxic processed food with genetically modified (GMO) ingredients, [sugar](#),<sup>126</sup> [glutamates](#),<sup>127</sup> [glyphosate](#),<sup>128</sup> refined grains, [rBGH](#),<sup>129</sup> BPA/BPS, soy, and [fluoridated water](#).<sup>130</sup>
- Classic indoctrination methods, combined with a fetish for submission and the modern American government-sponsored corporatocracy, create docile Statist children, some of whom ultimately shave their heads and become “order followers”.

Could the real goal of mandatory government education be shave-headed cult members / "order followers" willing to kill foreigners and enforce orders from the leaders of an artificially indoctrinated Statist religion? Is this why classic, textbook cult indoctrination techniques including Pavlovian bells, pledges/oaths, flags/artificial holy symbols, collective punishment, public shaming, Scouting/jROTC "uniforms" and others are being used in schools?

# The Private Federal Reserve and Theft of Fractional Reserve Banking

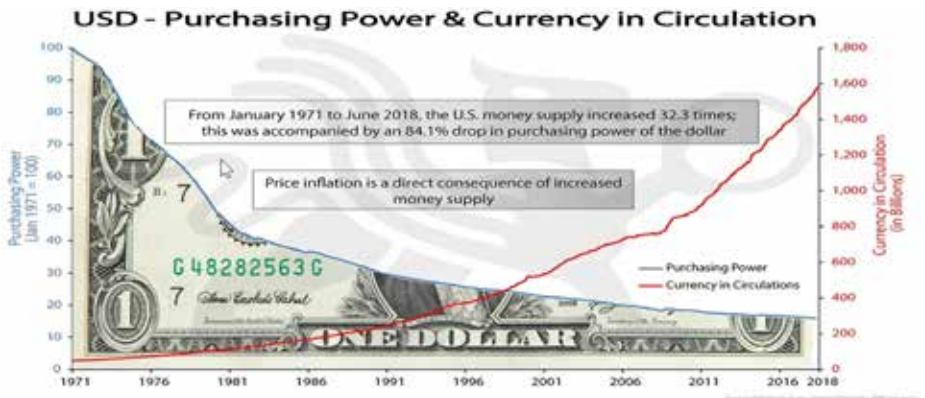

[Government-Scam.com](http://Government-Scam.com)

[ArtofLiberty.org](http://ArtofLiberty.org)

## EXECUTIVE SUMMARY

In 1913 organized crime banking interests lobbied and bribed Congress to pass the [Federal Reserve Act which created the private Federal Reserve \(FED\)](#)<sup>134</sup> to back-stop and “legalize” the ability of private banks to create money out of thin air and lend it at interest. The process is called [fractional reserve banking](#)<sup>135</sup> and the basics of the swindle is that when you go to the bank to get a mortgage the bank is not lending you another depositor’s money.

They simply create the money with a few strokes on the keyboard and the average person spends the rest of their life paying interest on a loan created out of thin air. If a bank gets in financial trouble and/or experiences a “run-on-the-bank” where depositors begin to pull their money then the FED steps in and provides the troubled bank(s) unlimited capital to maintain faith in the crooked system.

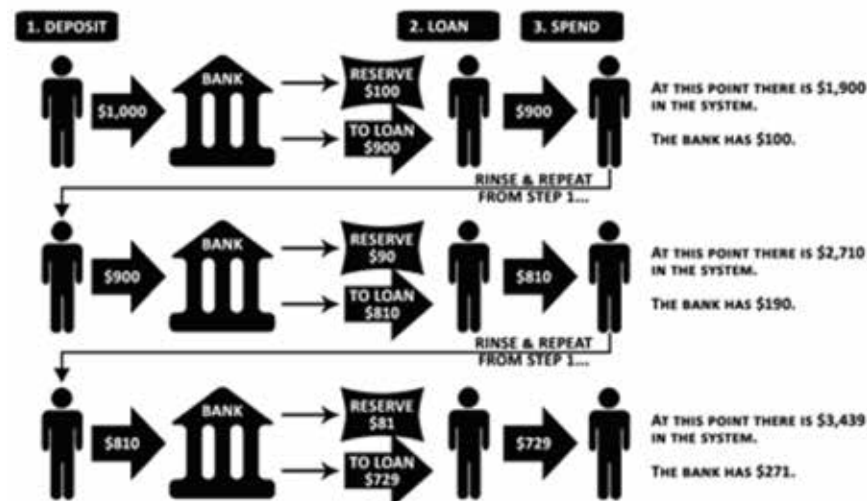

## THE THEFT OF INFLATION

In addition to the inherent unfairness of allowing certain companies (banks) the monopoly privilege of creating money, the process steals the purchasing power from the dollars earned and saved by everyone else in society. As the banks create more and more dollars the excess dollars begin to compete with the existing dollars in the market and bid up prices and simultaneously reduce the purchasing power of existing dollars in circulation. This is the main reason why the cost of almost everything in the economy (housing, healthcare, education, energy, etc.) is going UP when, absent the organized crime money system, costs

should be going DOWN as innovations and productivity improvements reduce the costs associated with producing the necessities and luxuries of everyday life. Not only is society being robbed by the inflationary theft of rising prices but it is being robbed of the reduced costs and growing purchasing power that would exist absent the organized crime banking system. Absent the anomalies of hot housing markets and hot stocks, it isn't that the value of your home and portfolio are rising, it now simply takes more rapidly depreciating dollars to buy the same amount of housing and stocks.

### The Results: Monopoly

Imagine you are playing the game Monopoly with a group of people where the banker is cheating and giving himself unlimited funds. At the end of the game who owns everything on the board and who are renters and debtors? The ability to create money out of thin air has enabled the banks to:

1. Buy, consolidate, and weaponize the media into nothing but deception and distraction.
2. Provide unlimited funds to a small handful of organized crime companies to consolidate their own industries and trade as a cartel. See our Liberator folder on [Banking Cartel's Monopoly Consolidation](#).<sup>140</sup>

The list above comes from a 2011 study called [The Network of Global Corporate Control](#),<sup>136</sup> which analyzed 37 million global companies and 43,060 transnational corporations and built a model of who owns and controls what and discovered that just **147 firms**, primarily banks and financial institutions control **40% of global wealth**. Currently there is even more concentration than ever with Vanguard and Blackrock controlling collectively . Vanguard had 7.3 Trillion under management in 2021<sup>137</sup> with Blackrock managing 9.46 Trillion as of the 3rd quarter of 2021.<sup>138</sup> We recommend the short documentary: [Who Runs the World Blackrock and Vanguard](#)<sup>139</sup> from The Liberator.

# Monopoly, Duopoly and Triopoly – Control of Society Through Monopolization

[Government-Scam.com](http://Government-Scam.com)

[ArtofLiberty.org](http://ArtofLiberty.org)

## EXECUTIVE SUMMARY

In the 100+ years since organized crime lobbied and bribed Congress to pass the Federal Reserve creating the ability for the money center banks to provide unlimited capital to favored corporations we have seen an unprecedented level of consolidation and monopolization. It would be too obvious if the organized crime

system bought up everything with the little paper tickets and digital dollars that they create out of thin air... So they leave 2-3 companies standing where the “Competitors” are frequently publicly held companies where Blackrock and Vanguard own a controlling interest in both players.

## MONOPOLIES

You don’t get harmful monopolies in a free market. It takes a “government”. Here are some examples where the organized crime “Government” has given itself a monopoly and how it is going:

**Roads** – 43% of US roadways are in poor or mediocre condition.<sup>141</sup>

**Armed Protective Services (Police)** – Steal more than all private criminals combined through civil asset forfeiture, regularly violate natural law human rights, routinely pay themselves \$300K+ salaries at Sheriff and Chief level in US cities and counties.

**Defense (Organized Crime Military)** – Pentagon can’t account for over \$35 trillion dollars<sup>142</sup> and “lost” \$6 to 8 Billion Dollars to waste and fraud in Iraq.<sup>143</sup>

**AMTRAK** – Has lost money every year since its inception, claims it “lost” almost a billion dollar in food and beverage alone in a decade. Cost taxpayers \$4.1 Billion in 2020.<sup>144</sup>

**Post Office** – The USPS has had multi-billion dollar losses every year for the past 15 years totaling over \$96.7 Billion Dollars.<sup>145</sup>

**Mandatory “Government” Schools** – Mandatory “Government” Schools – US spends the most globally on education by FAR, more than the UK, Germany, France, Canada and Australia COMBINED and ranks 9th in Science and 10th in math.<sup>146</sup>

## MONOPOLY

The Federal Reserve has a monopoly on the creation of money and credit in the US after the money center banks lobbied and bribed the “government” to pass the Federal Reserve Act of 1913. The Act enables the money center banks to create money out of thin air using fractional reserve banking even though it is inflationary and stealing the value out of everyone else’s money. Fed-backed banks provide unlimited fractional reserve capital to Cartel companies to dominate and consolidate their own

industries where they are usually owned and controlled by Blackrock and Vanguard who appear to be managing the assets stolen through fractional reserve banking while the executives (and their political and media puppets) are recruited, trained, organized and controlled under the World Economic Forum, Bilderberg Group, Council on Foreign Relations, Bergrueen Institute, Bohemian Club and other cartel front groups, policy shops, and secure private meeting venues.

“Government” - *The Biggest Scam in History...Exposed!* is both a book and series of one-page visual overviews of concepts hidden from the public by inter-generational organized crime that has been controlling the flow of information in society. [Government-Scam.com](http://Government-Scam.com)

[ArtofLiberty.org](http://ArtofLiberty.org)

The most powerful weapon on the planet is control of perception and it is a “binary” weapon made up of hundreds of companies, government agencies and organizations that give the population their information to create and control their “culture”. Culture is the dominant belief system and the root word might as well be cult, which is why police/ judges/ bailiffs/ sheriffs/ prosecutors/ prison guards and “soul-diers” and other “order followers” can’t be reasoned with. Plato tells this story in his Allegory of the Cave where prisoners were chained facing the wall of a deep cave. Behind

the prisoners was a walkway and behind the walkway a fire. Puppeteers crossed the walkway holding objects that cast shadows on the wall. The “shadow play” became the prisoner’s life and

even when one prisoner escaped to see the reality of the world he was unable to explain that reality to his former friends because they had no frame of reference, because all they ever knew was the shadow play. Organized crime governments have used this system to convince their

populations that the world is a certain way and it is everyone’s duty to turn over 50% of their income in overt/covert taxes while using the theft of fractional reserve banking inflation, military procurement fraud, no-bid contracts, government-granted monopolies and dozens of other invisible means of theft and economic warfare against them. This allows organized crime to steal trillions and easily spend hundreds of billions a year controlling every screen

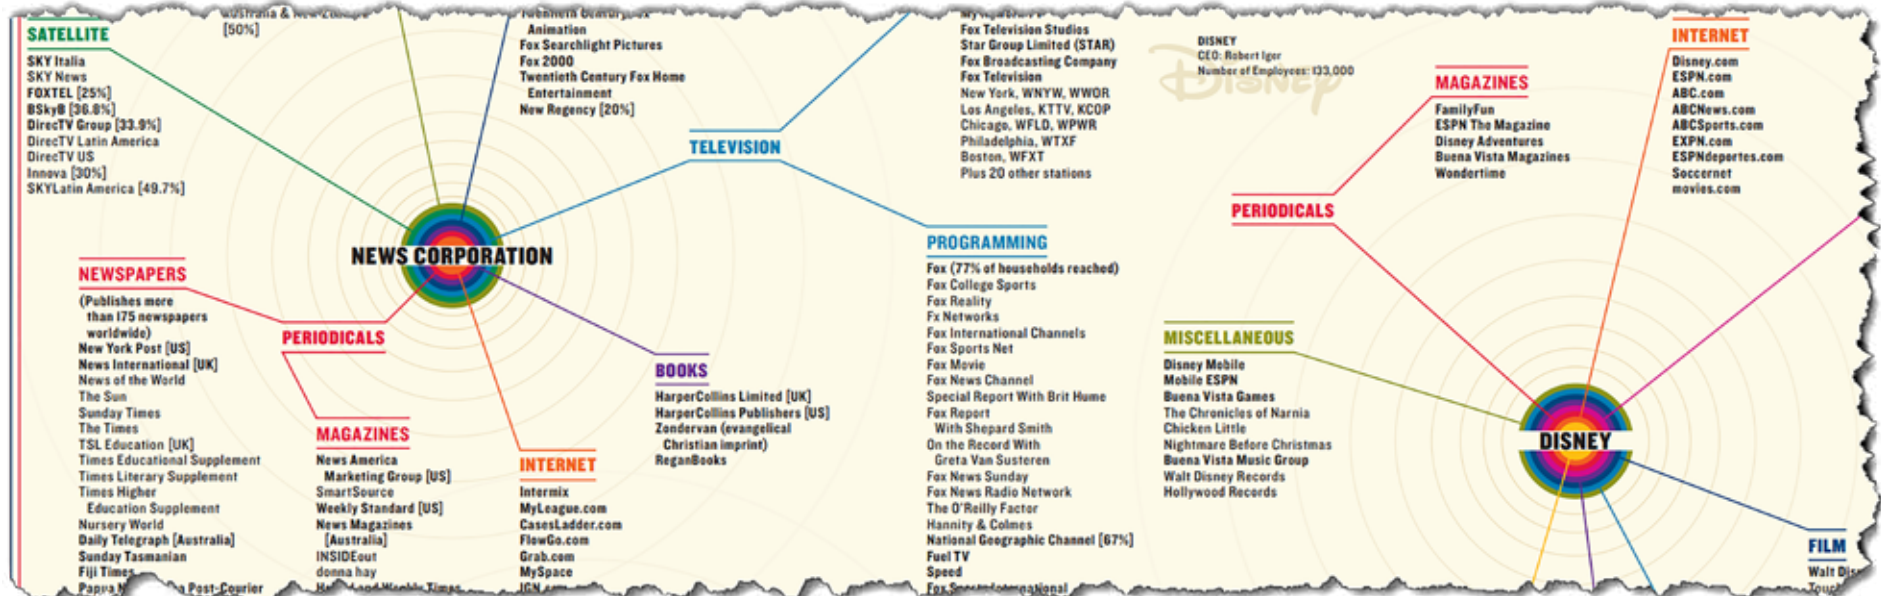

and distracting/deceiving every audience. Obscene criminal profits are generated in many ways: the theft of taxes which are laundered through the governments to the organized crime “slave owners” through their monopoly banking/oil/pharma/military-industrial-complex companies. Interest on the national debt, “bailouts”, and free money from fractional reserve banking for Big Banking, mandatory profits from mercury and aluminum-laced vaccines for Big Pharma, ethanol

and agricultural subsidies for Big Ag, unneeded military spending benefits the big military-industrial-intelligence complex who continually menace the population with staged wars and false-flag terrorism. The fact that the world is self-organizing, both political parties are run by the same criminal interests, and that there is no need for “governments” and the force and violence they employ are ideas that are never presented to the tax slaves... on any channel... until now...

My favorite analogy about the LameStreamMedia is that the former Soviet Union was a very poor country. They could only afford 2 state propaganda organs: Pravda and Izvestia. In Russian Pravda means “Truth” and Izvestia is loosely translated as “The News”. The running joke in the Soviet Union was: “There is no truth in Pravda and there is no news in Izvestia”. We are/were a very wealthy country... We have 6 major propaganda organs. The organized crime oligarchy that controls the country and much of the planet has been using their complete control of virtually everything that the average person sees on a given day to weave an artificially-created reality with regard to politics/economics/history/current events when they are not distracting us with sports & mindless entertainment, corrupting our morals, predictively programming us, or other propaganda crimes.

A quote from the commission:

*“The CIA currently maintains a network of several hundred foreign individuals around the world who provide intelligence for the CIA and at times attempt to influence opinion through the use of covert propaganda. These individuals provide the CIA with direct access to a large number of newspapers and periodicals, scores of press services and news agencies, radio and television stations, commercial book publishers, and other foreign media outlets.”*

## EXECUTIVE SUMMARY

In our one-pager: [The Propaganda Matrix](#)<sup>161</sup> we feature a [media ownership chart](#)<sup>162</sup> showing how six media companies running hundreds of subsidiaries give the population the illusion of choice and diversity-of-opinion. While that visualization illustrates the ownership structure of the media including movies, television, book, and magazine publishers, theatres, and theme parks, it doesn't explain how individual reporters, editors, and publishers are given their "marching orders" to widely cover up Government criminality and propagandize the public across hundreds of media platforms.

### If you want to rob the world, you have to have meetings!

In this one-pager we feature visualizations from [Swiss Propaganda Research](#)<sup>163</sup> showing how just three organizations: The Bilderberg Group, the Council on Foreign Relations, and the Trilateral Commission are able to coordinate the activities of hundreds of publishers, editors and journalists. I am not suggesting that every person receives specific instructions, even though prominent journalists including [Udo Ulfkotte](#)<sup>164</sup> have admitted to publishing stories written by the CIA under his name

and the L.A. Times' [Ken Dilanian](#)<sup>165</sup> who was outed as a CIA tool through an agency FOIA request.

Most honest journalists are fired (or even killed as was San Jose Mercury News reporter [Gary Webb](#),<sup>166</sup> Rolling Stone's [Michael Hastings](#),<sup>167</sup> or [Danny Casolaro](#)<sup>168</sup>) whenever they

*"If there was really an organized crime conspiracy to enslave the population then surely someone would have reported on it in the media"*

try to report on forbidden topics: CIA drug running, 9-11 Truth, [the massacre and subsequent cover up of 80 men, women, and children in Waco](#),<sup>169</sup> the criminality of fractional reserve banking and Federal Reserve policy. Intelligent and mmoral publishers, editors, and reporters like Bilderberg "journalists" Fareed Zakaria and George Stephanopoulos can easily get themselves on the gravy train of six, seven or even eight figure salaries by not just covering up the corruption, but taking leadership positions in creating and disseminating propaganda that supports our manufactured and unnecessary multi-trillion dollar wars and the mass theft of trillions through "bailouts" and inflation.

The key concept to understand is that if organized crime is stealing **trillions** of dollars through fractional reserve banking, unnecessary military spending, bank "bailouts" and other criminality then it is easy

# Understanding Zionist/Statist Domination of “Government”, Media and Banking

[Government-Scam.com](http://Government-Scam.com)

[ArtofLiberty.org](http://ArtofLiberty.org)

## EXECUTIVE SUMMARY

There is no domination of the media, banking and “government” by the Jews. There is complete domination of the media, banking and “government” by inter-generational organized crime, some of whom happen to be Jewish and specialize in

banking, technology ([Talpiot Program](#)<sup>174</sup>) and media (control of-perception propaganda, distraction and cultural debasement). In the same way that the Italian mafia is dominated by overwhelmingly Catholic Italians who promote their own because of familial and community relations, Jewish organized crime promotes their own for the exact same reasons. Additionally, the ultra-religious of any stripe are useful to inter-generational organized crime because they are essentially “programmed human beings” with an [“institutionlies belief system”](#)<sup>175</sup> who have been raised into a particular world-view before they are old enough to evaluate the historical accuracy, logic and morality of the Talmud, Bible, Koran or “government”.

## THE REAL JEWISH PEOPLE ARE THE VICTIMS

There are many voluntaryist, anarchist, libertarian or completely apolitical Jews who don't support the Jewish state of Israel (or the legitimacy of any “government”). They frequently face criticism from their politically aware friends as if they are personally involved with the transfer of \$3.1 Billion a year to Israel, AIPAC's interference in US elections, Israel's Apartheid policies, or the massacres and land thefts of Palestinians.

The real religion of Israel isn't Judaism, it's Statism because the organized crime “government” of Israel is running the same unethically manipulative cult-indoctrination techniques on their citizens as the US, the Soviet Union, and the Nazis: Flags, mandatory schools, youth programs, fiat money, conscription and military “training”, engineered enemies, controlled media, and forced “vaccination” for “The Covid”.

Many people will only see the alleged religion of these employees of monopolized media companies or [similar visualizations of \(some\) Jews in "Government", media and banking](#)<sup>176</sup> and not realize there is another religion that ties and unites these organizations: [Statism](#)<sup>177</sup> – The completely indoctrinated pseudo-religious belief in the legitimacy, desirability and necessity of having a "government" which they all push as legitimate. Besides Statism the other unifying factor in all these organizations is they have been caught lying and propagandizing the public: These are the organizations who [lied to you about Iraqi WMDs](#),<sup>178</sup> [Kuwaiti babies tossed out-of-incubators](#),<sup>179</sup> the [9-11 false flag](#),<sup>180</sup> ["The Covid"](#),<sup>181</sup> the [safety and efficacy of "vaccines"](#)<sup>182</sup> [the murder of 80+ men, women and children in Waco](#),<sup>183</sup> [The Boston Marathon Bombing](#),<sup>184</sup> [The Oklahoma City Bombing](#)<sup>185</sup> and other propagandizing crimes. ## EXECUTIVE SUMMARY

666 isn't necessarily the mythical number of the devil (although organized crime elevates/uses Satanists and pedophiles because they are so easily blackmailed). It also a free masonic code used as a “revelation of the method” type warning that the business or organization is “chumping” the population.

*Some Examples:*

The WEF promises to improve the social responsibility of business while pumping toxic injections and the economic warfare of lockdowns. Coke and Pepsi are

toxic. Google Chrome promises wisdom but delivers algorithmic censorship. The NIH, AMA and Eli Lilly’s vaccines promise freedom-from-disease but they lace their vaccines with mercury, aluminum and graphene oxide. Walt Disney appears to offer wholesome family entertainment but engages in subliminal programming and Miley Cyrus-type-bait-and-switches. Finally, it complicates and confuses the non-religious who will *automatically* discount anything they see if believed to be biblical or religious.

Trump mocking his audiences by signaling he is chumping them.

The pyramid base represents mankind, trapped in base consciousness and desires. The capstone represents the enlightened few, who reign in power over the world, and control the masses through the occulted knowledge.

# An Excerpt from: I Explained 666 to my Daughter Tonight by Jason Christoff

Tonight with my daughter, we talked about what 666 means. I explained to her that most free masonic code revolves around single digit numbers. For example 666 isn't 666. 666 represents the sum of  $6+6+6$  which is 18 and again it's not a single number yet. 18 means  $1+8$  which equals 9. Now 9 is code for a "system" of public manipulation that looks different to the eye, but is the same in result. If you multiply 9 by every number 1-9, and then total the answer, you always get 9. Go ahead try a few.  $9 \times 3 = 27$  and  $2+7=9$ .  $9 \times 6 = 54$  and  $5+4=9$ . They all equal 9. You can also double 9 and keep doubling. Every number, if you add up the digits, will always give you 9. You can also take  $9 \times 9$ , which is 81 and then multiply that by 9 and so on and so on.....and if you reduce the product to a single number, it's always 9. That's the hidden code and secret. Make up a system that looks different (give it many disguises) but make sure you always get the same result.

The 9 is a real magic number because if you multiply  $9 \times 9$ ... you get 81. If you add  $8 + 1$ ... you get 9. We just did that but if you multiply  $81 \times 9$ ...you get 729.  $7 + 2 + 9 = 18$  and of course  $8 + 1 = 9$ . If you multiply  $729 \times 9$ ... you get 6561. Go ahead, add the numbers up and keep multiplying. You think the numbers are different, but that's because you're not part of the club. You weren't taught the secret knowledge of how the world (nature and math) really works. They're all the same number under the secret code--- they're all 9's.

It's a system (a code), where the equations look different to the uninformed initiate but they always give the same answer. 666 means any system that looks different but which provides the same result. Like voting for a Canadian politician or any politician for that matter. The political parties look different and so do the politicians running, but the results are always the same. You get told what to do with no participation in the laws that govern you what so ever and every party "coincidentally" believes in you following orders and them providing the orders. Funny how all the "different" political parties share the same belief in that one very crucial area. Only the slave class thinks the result will be different, for those who write the code, they know the result of the equation...which is always the same, they stay master and you stay slave.

This 666 political system is the same around the world of course. 666 means the ability to program the world for a guaranteed and predetermined result...

but to disguise the code so the average person can't figure out how the results are being achieved. 666 was never the biblical bad man in the red suit. 666 represents the actual mental computer code to covertly program the human mind.....and not in a good way. 666 means a way to organize slavery and tyranny, so people think it's freedom and democracy.

Medications are like this as well, a 666 system. All toxic, all worsen health, all look different, all with different names, all said to target something different yet they all provide the same dysfunctional result for the people who wrote that 666 program. You hear the slave class daily speaking of the medical toxins they consume. I take statins. I take beta blockers. I take anti-depressants. I take pain killers. They're all the same, as they were designed to be... poison. Yet the slave talks about these 666 poisons like they were hand crafted just for them, made for their "particular" and "special" situation or disease. The 666 system fools anyone not versed in the ancient and advanced knowledge of secret societies, which is based on what it takes to fool and trick a human psychically and intellectually. Whatever meds you take, they're all poison and they all make you more ill. All the jobs are the same. All the sports teams are the same. All the beer is the same. All the mixed drinks are the same. All the mainstream newspapers are the same. All the vaccines are the same. All the TV shows are the same...YET THEY APPEAR DIFFERENT to the uninformed and untrained eye, just like all the different equations that magically add up to 9. They're 666 systems. Only the uninformed public thinks they're different, but they're not. This is what our ancient moral ancestors were trying to tell us in the ancient texts about 666 being the number of the beast. The beast is any sort of system that's disguised as different, but always gives the same one sided result, a result that benefits the code writers and not the average human.....who gets fooled by the code daily. 666 means that the people of knowledge dominate and subjugate the people without knowledge.

## EXECUTIVE SUMMARY

In our one-pager: Control of the Media<sup>187</sup> we featured two 2017 charts showing how just three organizations, the Council on Foreign Relations, the Bilderberg Group, and the Trilateral Commission include in their membership the key publishers, editors, and journalists at essentially every major network, wire service, Hollywood studio, newspaper of record, internet publication, and other sources of “news” and culture creation. [Convicted pedophile and apparent Mossad asset Jeffrey Epstein was a member of all three groups and running an apparent blackmail operation on politicians and prominent individuals as another method of control.](#)<sup>188</sup>

this page shows how that control extends to everything from the Presidency, Congress, Judicial, IMF, CIA, FBI and other key positions of power. Here is a short primer on each of these organizations plus others where organized crime recruits, trains, organizes, and gets their membership together for meetings.

Just because someone is a member of these organizations doesn't make them a criminal. Many are recruited and found too honest/moral for the higher levels of the program or are dupes used as window dressing I.E. “Porch Masons”. Some organization's members also undergo classic, unethically manipulative cult indoctrination techniques to assure their conformity to the required control/secrecy.

# Organized Crime’s Front Groups The World Economic Forum (WEF) and Their Young Global Leaders

[Government-Scam.com](http://Government-Scam.com)

[ArtofLiberty.org](http://ArtofLiberty.org)

The World Economic Forum (WEF) was founded on January 24<sup>th</sup>, 1971 as the European Management Forum (EMF), by German engineer and economist Klaus Schwab. Evidence points to Schwab being recruited by former Secretary of State, Rockefeller advisor, and head of the National Security Council Henry Kissinger during a seminar series at Harvard funded by the CIA in 1967.<sup>212</sup> Herman Kahn and John Kenneth Galbraith would help get the EMF off the ground by traveling to Europe to help with Schwab’s recruitment efforts. All three were members of the Council on Foreign Relations (CFR), the US branch of Cecil Rhodes’s Anglo-American imperialist “Round Table” network that had established outposts in most Anglo countries and “penetrated the cabinets”<sup>213</sup> and media in the US and Europe in previous decades (and currently) *the exact same way* that Schwab’s WEF has done in this decade. The WEF appears to be a front for this network and the intelligence agencies.

The WEF sits at the intersection of “government”, central banking, fractional reserve banking, and what appear to be companies that have been acquired and monopolized using money stolen through fractional reserve banking.

We speculate that certain asset managers such as Blackrock/Barclays, Vanguard, and State Street have also been managing the fortunes and foundation assets of the inter-generational organized crime network as they appear to be operating in “lockstep”. The WEF is the newest front organization that provides organized crime interests the reason for large-scale meetings in secure facilities and provides a framework for organizing 1,000+ companies, NGOs, and media organizations. The WEF is essentially running the same playbook, essentially, “uncloned” during “The Covid”

The WEF’s Young Global Leaders Program is a talent identification program for identifying, developing and integrating the next generation of political puppets, media propagandists, and corporate apparatchiks into key positions in the inter-generational organized crime system. Other feeder programs include John Hopkins Center for Talented Youth (middle school/high school age children) which feeds the Rhodes Scholar program (college students + grad students) + Secret Societies (Skull and Bones, Scroll & Key, Manuscript, etc.) which feeds the WEF Young Global Leaders Program.

At the 2018 Davos annual meeting, more than **3,000** participants from nearly **110** countries included more than **340** public figures, including **70+** heads of state and governments, **45** heads of international organizations; **230** media representatives and almost **40** cultural leaders, and **500** journalists from online, print, radio, and television.

*“When I mention our names like Mrs. [Angela] Merkel, and even Vladimir Putin and so on, they have all been Young Global Leaders of the World Economic Forum. But what we are really proud of now is the young generation: Prime Minister [Justin] Trudeau, president of Argentina [Alberto Fernández], and so on, that we penetrate the cabinets. So, yesterday, I was at a reception for Prime Minister Trudeau, and I know that half of his cabinet or even more than half of his cabinet are actually Young Global Leaders of the World Economic Form.”*

– **Klaus Schwab**, WEF founder and Executive Chairman

## COVID – KEY WEF PLAYERS

**Bill Gates** – Primary funder of WHO, pandemic modelers (N. Ferguson & C. Murray), built 7 “vaccine” factories

**George Soros** – Partnered with Bill Gates to buy Mologic<sup>214</sup>- Maker of Covid Test Kits.

**Klaus Schwab**- Organized 1000+ companies, non-profits and media orgs bought up with fractional reserve currencies

**Vladimir Putin** – President of Russia, distracting from Covid with engineered war, connected to Schwab and Kissinger

**Jeff Bezos** - #1 beneficiary of lockdowns, control-of-perception media: Amazon (books/reviews), Prime Video, Wash. Post

## CENTRAL BANKERS, BANKERS AND GLOBAL ASSET MANAGERS

Central banks backstop the money center banks to engage in fractional reserve banking even though it is inflationary and stealing the value from everyone else’s money. They have essentially given themselves unlimited capital and are buying up the world with their little paper tickets and digital money. Asset managers like Blackrock, Vanguard and Brookfield manage companies bought up and monopolized by fractional reserve banking.

**Laurence D. Fink** – Chair/CEO of BlackRock now managing US Fed Special Purpose Vehicles

**Mark Carney** – Former head of Bank of Canada, Bank of England, ex-Goldman Sachs, current vice chair of Brookfield (Canadian BlackRock)

**Christine Lagarde** – President of the European Central Bank

**“GOVERNMENT” LEADERS (POLITICAL PUPPETS)**

“Government” leaders and potential leaders are evaluated, developed, and installed. To quote Klaus Schwab, the WEF “penetrates the cabinets” of “governments” by getting their members installed and promoted as presidents/prime ministers, governors, senators/representatives and cabinet-level positions where the WEF is able to organize their efforts with regular meetings such as the Davos confab and other regional WEF meetings. Political donations can be pushed down through corporate members while publicity and “news coverage” can be organized through the WEF’s control-of-perception media partners.

**Ursula Gertrud von der Leyen**  
- President, European Union

**Angela Merkel**  
- Former Chancellor of Germany

**Emmanuel Macron** - President of France

**Justin Trudeau** - Prime Minister of Canada

**Gavin Newsom** - Governor of California

**Pete Buttigieg**  
- US Secretary of Transportation

**Tulsi Gabbard**  
- Former US rep and presidential candidate

**Daniel Crenshaw** - US Rep

**MEDIA - CENSORSHIP & CONTROL-OF-PERCEPTION**

Control-of-perception is the most powerful weapon in the world. Can inter-generational organized crime control the information the population receives to distract and deceive them about the reality of “government”, 9-11 or “The Covid”? Done through monopolization of the media and algorithmic censorship of the dominant internet search, social media, video sharing, fact-checking, and comment platforms.

**Marc Zuckerberg** – CEO and chair of Facebook, was caught censoring truthful information on the scam of “The Covid”.

**Sergey Brin** – Co-founder of Google – Google was caught censoring truthful information on the scam of “The Covid”

# An Open Letter to Freemasonry – It’s Time to Clean the Lodge

[Government-Scam.com](http://Government-Scam.com)

[ArtofLiberty.org](http://ArtofLiberty.org)

While this book identifies Freemasonry as one of inter-generational organized crime’s secret societies and front groups, we are not claiming that every Freemason is an un-indicted suspect. To the contrary, we believe many prominent masons have attempted to stay true to the original intent of the Craft, both in antiquity and modern times. However, we are sending this communication to express the unfortunate reality that the overwhelming majority of modern Freemasonic lodge systems have veered significantly off course, with many in fact becoming the antithesis of what Freemasonry should convey and project.

Some of the most respected and learned Freemasons throughout time have accurately referred to Freemasonry as “a system of morality, veiled in allegory and illustrated by symbols.” We believe this is what the esoteric form of Freemasonry has attempted to convey to its members and students from its inception. The essence of Freemasonry is and

always has been to communicate to its adherents first principles, objective morality, and Natural Law. The Great Work. Sadly, this overarching main tenet has been largely lost in the modern lodge system and replaced by a networking structure which, far more often than not, is manipulated by some members for self-gratification and financial enrichment, leaving the moral and spiritual aspects of Freemasonry literally at the door.

*“Freemasonry can and should be acting as a munificent force for positive change...”*

Our world is currently in a moral crisis of incredible proportions. Freemasonry can and should be acting as a munificent force for positive change during these difficult times. Its power to do this lies in its ability to morally educate and uplift those who enter its ranks, that is, if and only if the Craft itself stays true to its original intent and mission. If the degradation of modern lodges continues unabated, Freemasonry will be displaced from its role as a potential positive transformer of our society and will increasingly be perceived by many as a system

At least seventeen US presidents were openly associated with Freemasonry. They were: George Washington, James Monroe, Andrew Jackson, James Polk, James Buchanan, Andrew Johnson, James Garfield, William McKinley, Theodore Roosevelt, William Howard Taft, Warren Harding, Franklin Roosevelt, Harry Truman, Lyndon Johnson (1st degree), Gerald Ford, Ronald Reagan (Honorary), and Bill Clinton (Order of Molay).

that promotes selfish interests, and an institution that may even represent potential harm to society as a whole.

We understand the allure of electing and controlling the Mayor, the Sheriff, the police chief, and the city council, and the power that the lodge has to finance and promote its own members. We understand

the power of an international brotherhood sworn to secrecy, evaluated by degree, working together and able to exercise influence in almost every country, state, city and town. We humbly suggest Freemasonry cast that ring into the fire, for it corrupts and embarrasses all that it touches.

*Freemasonic Police Patches – How can the public trust “public servants” who have sworn their allegiance to free masonry, remain bound by its brotherhood and blood oaths, and are frequently, actively networking together to control local political systems.*

Our communication is an outreach effort to those who still care deeply about Freemasonry’s ability to grow in its most important role as a teacher of morality. If the lodge system cleans its own house, it has the potential to reemerge in its fullness as a positive influence in the making of its members into better human beings. This is the goal that has been largely forgotten by the majority of lodge leaders today. If Freemasons make a concerted effort to restore and revitalize the original moral intent of this institution, it can cleanse itself of the negative influences that have led it astray and become what it was always intended to be - a system of spiritual advancement leading to a free and better world.

With great respect to our friends in masonry,

# CIA Democrats (and Republicans!) Are the organized crime intelligence agencies installing politicians in the US?

[Government-Scam.com](http://Government-Scam.com)

[ArtofLiberty.org](http://ArtofLiberty.org)

Unfortunately, when many people think of the CIA, the first thing that comes to mind is Tom Cruise saving the world in Mission Impossible. The reality of the CIA is much darker and more aptly represented as a Murder Inc. organized crime ring where agency personnel have been involved in obviously criminal activity including overthrowing “democratically elected governments” in Iran (1953), Guatemala (1954), Congo (1960), Dominican Republic (1961), South Vietnam (1963), Brazil (1964) and Chile (1973).<sup>215</sup> Most egregiously, they operated death squads engaged in extrajudicial killings in Vietnam under the Phoenix Program.<sup>216</sup> The agency is routinely suspected of assassinating journalists who are reporting on its crimes, including the suspicious deaths of [Rolling Stone reporter Michael Hastings while he was working on a story about then CIA Director \(and now CNN Correspondent\) John Brennan](#)<sup>217</sup> and [San Jose Mercury News reporter Gary Webb while he was investigating agency involvement in the crack cocaine epidemic](#).<sup>218</sup> Naturally, organized crime

interests using “government” to rob and control the population would create and control intelligence agencies in order to completely control the “government” by operating in secrecy with unauditably “black budgets,” spying on the other participants, running propaganda and control-of-perception “news” organizations, paramilitary operations, cultivating the willingness to engage in political assassination, and wielding the ability to flash their “Get-Out-Off-Jail-Free-Card” which, conveniently for the CIA, “trumps” any other law enforcement agency. What a racket. Until you understand the game.

In our one-pager *Are You Getting Your News from the CIA?*, we break down almost two dozen examples of the CIA, other intelligence agencies, and federal “law enforcement” making up a significant percentage of the 200ish people that get to talk about “politics” and current events on the monopolized MainStreamMedia. In this one-pager we break down: CIA Democrats (and Republicans!), a phenomenon that the World

Socialist Website (WSWS) first reported on in 2018 and which accelerated in 2020 and 2022:

A statistically anomalous number of “ex” CIA agents, other intelligence agencies, federal law enforcement, and military industrial complex-related “ex” employees being funded for congressional campaigns. WSWS called them: “CIA Democrats” and described them thusly in 2020:

*“In the course of the 2018 elections, a large group of former military-intelligence operatives entered capitalist politics as candidates seeking the Democratic Party nomination in 50 congressional seats—nearly half the seats where the Democrats were targeting Republican incumbents or open seats created by Republican retirements. 30 of these candidates won primary contests and became the Democratic candidates in the November 2018 election, and 11 of them won the general election, more than one quarter of the 40 previously Republican-held seats captured by the Democrats as they took control of the House of Representatives.*

*In 2020, the intervention of the CIA Democrats continues on what is arguably an equally significant scale: besides the reelection campaigns of the 11 representatives who won seats in the House in 2018, half a dozen of those who lost 2018 races are*

*running again in 2020. Some of these are running for House seats again, while others have been promoted by the Democratic Party leadership and are running for the U.S. Senate. An entirely new crop of military-intelligence operatives is being brought forth, some running for Republican seats targeted by the Democratic leadership as possible takeovers, others in seats not currently considered competitive.”<sup>219</sup>*

Is the CIA using the same bag of dirty tricks to control the U.S. “government” that it openly uses in foreign countries to control other “governments?”

# Are You Getting Your Politicians from the CIA?

The CIA has an estimated workforce of 21,000 or 150,000ish living employees and/or ex-employees, so in a nation of 330,000,000 the statistical distribution of “ex” CIA employees in congress should be zero/one (0/1)!

## Are You Getting Your News from the CIA?

[Government-Scam.com](http://Government-Scam.com)

[ArtofLiberty.org](http://ArtofLiberty.org)

We believe that control of perception is the most potent weapon in the US arsenal. Can the monopolized MainStreamMedia make you believe that it is legitimate that a small handful of people in Washington, DC have an exemption from morality and the ability to rob and control the whole “country”? Can they trick a significant percentage of the population into that belief system to get people to participate and give the appearance of legitimacy to the “election” process?

By our estimate, there are less than 200 people who get to talk about “politics” and current events on the monopolized MainStreamMedia, where voluntarist voices aren’t included, and the Overton Window of acceptable discourse runs the fake left-right paradigm from Anderson Cooper to Bill Maher to Cenk Uyger to Tucker Carlson to Joe Rogan to Alex Jones. We can’t help but notice how many of them used to work for the CIA, other intelligence agencies, or are “ex” federal law enforcement or military-industrial complex (MIC). In that small list Anderson Cooper, an heir to the Vanderbilt fortune, interned with the

CIA for two years<sup>220</sup> before he began traveling the world for Channel One. Furthermore, his uncle, William Henry Vanderbilt III, was an Executive Officer of the Special Operations Branch of the CIA’s predecessor organization, the OSS under the spy organization founder, William “Wild Bill” Donovan.<sup>221</sup> Alex Jones claims, “whenever I go to a family reunion, half the people in the room are former retired CIA,”<sup>222</sup> and his editor-in-chief of InfoWars Magazine, Molly Maroney, was formerly employed by self-described quasi-CIA and MIC contractor Stratfor.<sup>223</sup>

The CIA’s program to control perception by controlling the media was widely exposed in Congressional hearings called the Church Committee that was held in 1976. In the hearings it came out that the agency had hundreds of reporters, editors, and publishers on the payroll. The CIA’s Deputy Director of Plans in the early 50s<sup>224</sup> was Frank Wisner, who maintained the top secret “**Propaganda Assets Inventory**,” better known as “Wisner’s Wurlitzer” — a virtual rolodex of over 800 news and information entities

prepared to play whatever tune Wisner chose. “The network included journalists, columnists, book publishers, editors, entire organizations such as Radio Free Europe, and stringers across multiple news organizations.”<sup>225</sup> Hugh Wilford’s book: [The Mighty Wurlitzer – How the CIA played the World](#)<sup>226</sup> – breaks down how the CIA employs hundreds of front groups, including the US National Students Association and Gloria Steinem’s Independent Service for Information and Independent Research Service.<sup>227</sup>

# Controlling Perception with Crisis Actors, Mockingbird Media, and Created Legends

[Government-Scam.com](http://Government-Scam.com)

[ArtofLiberty.org](http://ArtofLiberty.org)

The organized crime media system controls reality by controlling the information that the population receives. The ability to control perception is most powerful weapon in the US arsenal, and three key components are crisis actors, created legends, and mockingbird media.

**CRISIS ACTORS** - A crisis actor is an individual who plays a role in an intelligence agency staged event to manipulate public opinion by controlling the information that the public receives about the event. When the organized crime system stages a [false flag like 9-11](#)<sup>233</sup> to transfer trillions to the military-industrial complex, a hoax event like the [Boston Marathon Bombing](#)<sup>234</sup> to roll out

and justify military-style armored vehicles in almost every town and city, or stages a global scam like [“The Covid”](#)<sup>235</sup> to hand out trillions to Wall Street in “bailouts” and “stimulus,” crisis actors are used to play heroes, victims, experts, and witnesses frequently interviewed at the scene to ensure that: **#1** - Real eyewitnesses don’t say anything and **#2** - that the TV audience receives the specific talking points that reinforce the narrative or steer the audience to accept the pre-determined “solution” that was organized crime’s goal all along.

**MOCKINGBIRD MEDIA** - The CIA’s program to control the media is rumored to be called [Operation Mockingbird](#),<sup>241</sup> and the speculation is that if the intelligence agencies can control the “head-ends” of the information food chain (networks, wire services, “newspapers-of-record”, etc.), then most regional newspapers and radio/television stations will simply “mockingbird” what the big boys report and most people will simply “mockingbird” what the national and regional media says.

**Example:** [WTC 7](#)<sup>242</sup> was the 3<sup>rd</sup> building in the World Trade Center to collapse on 9-11. WTC7 held the largest CIA base in the world outside of Langley, VA and also held the New York Emergency Command Center, built the year before 9-11 with blast-proof windows, military-grade communications, and widely believed to be the intelligence agencies’ control center for 9-11. The building wasn’t hit by a plane, and collapsed completely and symmetrically into it’s own footprint at 5:20 PM, seven hours after the collapse of WTC 1&2, displaying all the hallmarks of a controlled demolition: visible squibs, symmetrical collapse, and free-fall speed to name a few. At 5:00 PM *Fox News*, *CNN* and the *BBC* began announcing that the building had collapsed with pre-written explanations why. In the case of the BBC, their reporter Jane Standley was doing a live shot from NYC with WTC 7

*still standing visibly behind her* as the anchor in London explained that the collapse of WTC7 was because it had been “weakened.” The Director of Television for the BBC at that time was Mark Thompson, who was also the head of the *New York Times* when the paper produced the first fake videos and stories about pandemic COVID conditions at Elmhurst Hospital in Queens.

## BARACK OBAMA – “CREATED LEGEND” AND COVID SUSPECT

Obama speaks  
at CIA headquarters  
in Langley, Virginia

### Barack Obama is an excellent example of an intelligence agency “Created Legend”

A “Created Legend” is an intelligence agency asset who is given an undeserved set of credentials to “create a legend” for a purpose. Here is some evidence that Obama was created, funded, and installed by the CIA. Obama’s Grandfather, Stanley Armour Dunham, was an apparent CIA officer who travelled the world, his mother Ann Dunham, met Barack Obama Sr. in a Russian language class (who is taking Russian in the 1970s?), she worked around the world for CIA connected NGOs including the Ford Foundation and USAID where her boss, Dr. Donald Gordon, was outed as a CIA agent<sup>i</sup>. Another of her bosses was Peter Geithner, the father of future Treasury Secretary and New York Federal Reserve Bank President: Timothy Geithner. Although allegedly “middle class”, Obama attends the best Prep school in Hawaii: Punahou School<sup>ii</sup>, gets a full ride scholarship to Occidental, allegedly attends Columbia University but Fox News contacted 400 classmates and no one remembers him<sup>iii</sup> and his name does not appear in a single university directory, roster, or other publication<sup>iv</sup>. He attended Harvard Law School where he was made President of the Harvard Law Review without writing a single article<sup>v</sup>. He was the feature of both New York Times and Vanity Fair articles before he is out of law school<sup>vi</sup>. His first job out of a college is at a known CIA front company: Business International Corporation<sup>vii</sup>. After Harvard Law he is given a book contract with advance and Chicago Law School gives him a fellowship and an office to work on his book<sup>viii</sup>. He is elected to the IL Senate by age 35, the US Senate by 45, and US President by 47 where he would expand secret operations by almost 25%, sign-off on “Timber Sycamore”, the largest covert action since the CIA’s arming of the Afghan Mujahedeen<sup>ix</sup>, and reportedly told CIA Director Leon Panetta that the CIA would “get everything it wanted” in Afghanistan<sup>x</sup>.

## CREATED LEGENDS

In the intelligence agencies, a “legend” is the background story, identity documents, degrees, and other assets a spy needs to pretend to be someone else.<sup>248</sup> Frequently “legends” are created to provide the background to explain frequent foreign travel. Business International Corporation, a known CIA front organization that gave Barack Obama his first job out-of-college, is an excellent example. The firm purported to be a publishing and advisory firm, and provided cover stories for agents to be traveling the world.<sup>249</sup> The agents can simply hand a business newsletter with articles written under the agent’s by-line as proof they are an “international journalist.” Some “Created Legends” appear to have been created starting as early as high school or college, where they are artificially elevated in status to create a legend that gives

them the artificial gravitas to be elected to public office or serve as an “expert” in the control-of-perception media. Barak Obama is a textbook example where the apparent prodigy of an agency-connected family was groomed and artificially elevated into the presidency, creating a “pure puppet.” Skull and Bonesman George Bush Jr., who was the son of former CIA Director, US President, and Skull & Bonesman George Bush Sr. was similarly artificially elevated I.E. He was made a fighter pilot, Harvard MBA, and given the high-profile job of General Manager of the Texas Ranger baseball franchise before being elected Governor of Texas and US President, but at least his dad had a seat on the “Board of Directors,” which gave him a modicum of independence vs. pure “created legend” puppets like Obama.

# Understanding Genetically Modified Organisms (GMOs) and Monopoly Seed Consolidation

[Government-Scam.com](http://Government-Scam.com)

[ArtofLiberty.org](http://ArtofLiberty.org)

## EXECUTIVE SUMMARY

Control of the food supply is a well-known tactic for controlling populations. The Soviet dictator Joseph Stalin engineered a forced famine in Ukraine to crush its independence movement killing over 7 million. Many intelligent observers detect what looks like a pattern of chemical companies that make poisons for the military (Bayer/Monsanto and DowDuPont) being financed by the [largest banks](#)<sup>274</sup> and [foundations focused on population control](#)<sup>275</sup> putting and/or testing harmful chemicals for the food supply including:

- [Aspartame](#)<sup>276</sup> - Toxic sweetener [linked to Donald Rumsfeld](#)<sup>277</sup> - **Monsanto**
- [rBGH](#)<sup>278</sup> - Toxic GMO growth hormone for dairy production - **Monsanto**
- [Fluoride](#)<sup>279</sup> - Toxic fumigant sprayed on crops - **Dow Agri-sciences** (since divested)
  - [Glyphosate](#)<sup>280</sup> - Toxic herbicide linked to cancer, tumors - **Monsanto**
- [GMO Seeds](#)<sup>281</sup> - Using genetics to modify seeds in ways that can be harmful to humans - **Monsanto, Bayer, DowDuPont**
- [Neonicotinoids pesticides](#)<sup>282</sup> - Toxic pesticides linked to massive global die-off of bees - **Bayer & DowDuPont**
  - [V-GURT "Terminator Seeds"](#)<sup>283</sup> - Patented, tested & on-hold for now - **Monsanto**

Genetically Modified Organisms (GMOs) are organisms, typically plants and their seeds, that have been modified at the genetic level to be different from their organic counterparts. The modifications include withstanding the direct application of herbicide and/or to produce an insecticide. However, new technologies are now being used to artificially develop other traits in plants, such as a resistance to browning in apples, and to create new organisms using synthetic biology. Despite biotech industry promises, there is no evidence that any of the GMOs currently on the market offer increased yield, drought tolerance, enhanced nutrition, or any other consumer benefit while much evidence exists that many are harmful to human health and could be debilitating the population to sicken and dumb them down.

# Anarchy and Voluntaryism – The Biggest Secret in American Politics

[Government-Scam.com](http://Government-Scam.com)

[ArtofLiberty.org](http://ArtofLiberty.org)

Anarchy doesn't mean "No Rules", It literally means "No Rulers" but, because the organized crime "Rulers" don't want the public to know there is an option on the menu called "No Rulers" they have used their media and propoganda system to change the meaning of the word: "No Rulers" to mean: Chaos and Dystopia. The practice started in France where the organized crime government of 1893 passed the

[Lois scelerates](#)<sup>316</sup> ("villainous laws") that made it illegal to even use the word: Anarchist. Now organized crime uses their control of the media, Wikipedia, and even the dictionary to confuse the public by associating Anarchy with everything from violence to communism. The Canadian police were [caught staging violence with police dressed as "anarchists" during protests against the G8](#)<sup>317</sup> in Montebello in 2007.

**ANARCHY**

From the Greek prefix *an-* (αν-): "without; the absence of" and the Greek noun *archon* (αρχων): "master; ruler"

Anarchy does **NOT** mean "without rules." It literally means "without rulers; without masters."

**No Rulers. No Masters.**

The weaponized media propoganda system would have you believe that Anarchy is something to be feared because without "Gubernare Mente" / Government there would be Mad Max chaos and murder in the streets. The reality is Anarchy is a philosophy of peace where most anarchists believe in the NonAggression Principial where initiating violence is illegitimate except in self-defense or protection of property. In a world without rulers there would still be both a market for justice and armed protective services but without monopoly government the protectors would only be focused on real crime (not victimless crimes or road piracy) and they would not delusionally believe they have rights that others don't and could be fired immediately at the first sign of abuse. Many legal theorists believe anarchy would lead to dramatically less crime and violence in society with more prosperity for all.

The word "Liberal" went through a similar weaponization. The root word is Liber which means "free" and early Liberals were similarly politically to today's small government "libertarians". Because organized crime didn't want the public to know there was an option on the menu called: "free" or "libertarian", they used their

control of the media to popularize the word to mean "leftist". The word "libertarian" is, in many ways, a re-branding of the word liberal after it was weaponized and hijacked. Many older advocates of freedom refuse to part with such a noble word and refer to themselves to this day as "[Classical Liberals](#)"<sup>318</sup> to denote the difference.

**VOLUNTARIISM (THE "RE-BRAND")** – A political and social philosophy that all forms of human association should be voluntary and based on the [Non-Aggression Principial](#)<sup>319</sup> (NAP) that posits that any initiation of violence on peaceful people is illegitimate, no matter what the outcome, but allows for the use of force in self-defense or to protect property. In a voluntaryist society all the "services" provided by government — from protection to roads to charity — would be better provided by voluntary interaction, the free market, and real charity.

## UNDERSTANDING PROPAGANDA - THE DICTIONARY AS A WEAPON

Webster's Dictionary 1828 Edition Anarchy - AN'ARCHY, noun [Gr. rule.]  
Want of government; a state of society, when there is no law or supreme power, or when the laws are not efficient, and individuals do what they please with impunity; political confusion.

Misrepresenting anarchy while pumping a dishonest, pro-statist definition of socialism.

Definition of *anarchy*

- a:** absence of government  
**b:** a state of lawlessness or political disorder due to the absence of governmental authority - the city's descent into *anarchy*  
**c:** a utopian society of individuals who enjoy complete freedom without government
- a:** absence or denial of any authority or established order  
*anarchy* prevailed in the ghetto  
**b:** absence of order : DISORDER

Socialism is defined as "a way of organizing a society in which major industries are owned and controlled by the government rather than by individual people and companies," and democratic socialism is a form of government in which state regulation (without state ownership) would ensure economic growth and a fair distribution of income.

One of Ocasio-Cortez's signature issues is her advocacy for universal health care. Social Security, Medicare, Medicaid, and the VA are all programs currently in place that resemble socialist policy, but socialism has been a hot button word in American politics since the 1930s, when it was often conflated with communism.

"Socialism" first entered English around 1830.

***"The basic tool for the manipulation of reality is the manipulation of words. If you can control the meaning of words, you can control the people who must use the words."*** - Philip K. Dick

The Merriam-Webster Dictionary is owned by Encyclopedia Britannica which is owned by the [Safra banking family](#)<sup>320</sup> where Leslie Gelb, President Emeritus of the Council on Foreign Relations sits on the Editorial Board of Advisors. You can understand the weaponization of language by comparing the 1828 Webster's Dictionary definition of Anarchy with the current definition from Merriam-Webster's on-line dictionary which has been promoting a pro-Statist version of the word: Socialism in the "Trending Now" section, the #1 spot available to promote a specific word/concept, for over a month as of this writing. Their own definition of "democratic socialism" laughably claims **"would ensure economic growth and a fair distribution of income"**. Technically any kind of socialism only achieves "redistribution", at the point of a gun, and "fair" to whom? Who decides? The Bankers and CFR members who own/control Merriam-Webster? Their definition of Socialism also falsely claims that "socialism" was "conflated" with communism when communism IS, by definition, socialism. Compare their claim of socialist "fairness" to their misrepresentation of Anarchy as "Utopian", disorder and something that "prevailed in the ghetto."

# False Flag Terrorism for War and Domestic Police State

[Government-Scam.com](http://Government-Scam.com)

[ArtofLiberty.org](http://ArtofLiberty.org)

## EXECUTIVE SUMMARY

The organized crime government through the FBI, intelligence agencies, and in partnership with the media, is constantly menacing the population with both real false flag terrorism where people are killed and property destroyed (9-11, Oklahoma City Bombing, 1993 World Trade Center Bombing,) and hoax events (Boston Marathon Bombing, Sandy Hook, Orlando Pulse Nightclub) where government agencies and the media present large-scale mass casualty exercises skillfully edited and presented as real events with crisis actors and invented victims.

False flag terror, hoax terror, and engineered wars are used to menace the population so they rally around the government for “security” while using the events to bring in even more police state measures which allow organized crime to tighten their control over society for the day when the game is exposed or economic conditions get so bad the population rebels.

These false flag events and hoaxes are being exposed by independent researchers who are sharing evidence and analysis over the internet. In 2018 these independent researchers began to see massive censorship and

complete take downs of their YouTube channels, Facebook profiles, pages, and groups, twitter bans, and search engine and social media shenanigans. ## KEY CONCEPTS

1. Control of perception is the most powerful weapon in organized crime’s arsenal. Can the tell-lie-vision & glossy magazines make you believe the system is legitimate, that you are not a free human being but an “American”, that you “owe taxes”, that the elections aren’t rigged, that you are physically in danger from “terrorists” to get you to support police state measures, that mass shootings are rampant so peaceful people must turn in their guns, that an invisible virus is threatening life on the planet requiring a complete takeover of the economy, etc.

2. The CIA’s program to control the media that was exposed in the 1976 Church Committee hearings was rumored to be called, and has become widely referred to, as: [Operation Mockingbird](#).<sup>334</sup> The speculation is that if organized crime can control the “head ends” of the information food chain (the biggest wire services, “news” networks, “newspapers of record”, etc.) then all the regional television stations, radio station, and local newspapers will simply “mockingbird” what the bigger media outlets report. Concurrently, most people (who don’t understand the “big con”) will simply “mockingbird” what the MainStreamMedia and internet publications say.

3. We break down how organized crime has monopolized ownership of the media into six different companies running hundreds of subsidiaries in The Propaganda Matrix.<sup>335</sup> We break down how organized crime controls editorial content in *Control of the Media*.<sup>336</sup> We include the article [How the CIA Made Google](#)<sup>337</sup> in: [The Liberator](#)<sup>338</sup>

If you don’t understand that the MainStreamMedia, Google and major Internet social media platforms are tools of organized crime and deceiving you soviet-

style then you aren’t even in the game. There is no other option but to research these events for yourself. In the internet age, ignorance is a choice!

# The Basics for Police, Judges, and Government Employees

[ArtofLiberty.org/The-Basics](http://ArtofLiberty.org/The-Basics)

A ONE-PAGE “CLIP & COPY” OVERVIEW FOR POLICE, JUDGES, AND GOVERNMENT EMPLOYEES THAT EXPLAINS THE BASICS OF GOVERNMENT CRIMINALITY. PDF VERSION WITH LINKS TO THE EVIDENCE AVAILABLE FOR FREE ON OUR WEBSITE.

Dear Police, Judges, and Government Employees, Our sincerest apologies for having to be the ones to explain this but you have been tricked into supporting a system set up by inter-generational organized crime to rob you, your family, friends, and neighbors. “Government” isn’t something that was set up to help or protect society. “Government is a system that has been used for thousands of years to rob and control society. The root words from Latin are:

[Gubernare](#)<sup>362</sup> = “To Control” & [Mente](#)<sup>363</sup> = “The Mind” = Mind Control Organized crime’s mind control program starts with controlling the information you have received since birth through control of education and a weaponized monopoly media and propaganda system. The government’s mandatory “public schools” and accredited private/parochial schools use an unethically manipulative Prussian educational system and educational model developed in 19th century Prussia (now Germany) to indoctrinate a pseudo-religion, [Statism](#),<sup>364</sup> and obedience to an organized crime system that called itself monarchy.

When the scam of monarchy /”divine right of kings” was exposed, organized crime developed “democracy” to trick the people into thinking they are in charge but easily controlling the outcome of elections through control of the media, disparity of campaign funds, blackmail, bribery, assassination, and other means. Democracy itself is an illegitimate concept because nothing, not even if the majority believe it to be so, can make something inherently immoral (theft, extortion, caging non-violent individual for victimless crimes, etc.) “moral” just because the majority of people decide to vote for something in a political ritual. Just because the mob wants to lynch black folks or rob Peter to pay Paul doesn’t make those obvious crimes moral just because the perpetrators outnumber their victims.

The “Gubernare Mente” program raised you to believe that it is OK for you to use violence, extortion and taxation (theft) on overwhelmingly peaceful people because some people are tricked into voting for “government”. You have been conned, duped and “chumped” into participating in an obviously immoral system and robbing your friends and neighbors.

## THE BASICS OF “GUBERNARE MENTE”, VOTING AND MORALITY

1. You John  
If John told you that you had to obey him or he would violate you, that would be wrong

2. You John & Friends  
Even if John claims that because he and his friends are in the majority, you must obey or be punished, that would still be wrong

3. You Government  
Even if John and his friends vote to have an institution work on their behalf and that you must obey its dictates or be punished, that would still be wrong  
If you understand this basic concept then you understand that government neither has the legitimate or lawful right to violate you just because some people decided to vote for it

1. If you don’t have the moral right to make up rules for everyone (laws) or boss people around or steal their money then you can’t delegate rights that you don’t have yourself to a “representative” or a “government”.
2. If it is impossible for “We the People” to have delegated the ability to rob and control people to government then where did “government” get rights that the people don’t have themselves? Hint: They don’t!, they’re criminals and, mostly, unwitting/willfully ignorant victims of “Gubernare Mente”.
3. The idea that people must pay your salaries, taxes, fines, pensions and obey your laws (politician scribbles) because hundreds of years ago a couple of dozen slave owners on a continent of three million people got together in a room and wrote down on a fancy piece of paper that they alone get to make up rules for everyone and steal the wealth of others is ridiculous on its face. No one signed any “social contract”. It’s been a scam from the beginning.
4. Organized crime has been reinforcing this belief system through six monopoly media companies running hundreds of subsidiaries to give you the illusion of choice / diversity-of-information. [Click Here for Evidence](#).<sup>365</sup>
5. Organized crime controls the content of propaganda through organizations including the CIA, CFR, WEF, and Bilderberg Group. [Click Here for Evidence](#).<sup>366</sup>

**What Should You Do?** 1. Immediately stop enforcement of victimless crimes and road piracy. 2. Find another job 3. Sabotage any system that lets organized crime rob, tax, track, trace or control peaceful people.

Amazon has a [\\$600 million dollar deal with the intelligence agencies for secure cloud services and other agencies spend more than \\$47 million a year for cloud services alone](#).<sup>378</sup> Amazon (supposedly) lost a \$10 Billion dollar DoD contract for the JEDI "war cloud" network [but they are appealing the decision so don't be surprised when organized crime gets handed more tax payer dollars](#).<sup>379</sup> Amazon's Alexa and Echo spy on the population in their homes and the company' [Ring Doorbell cameras have been quietly wired into over 2,000+ police departments](#)<sup>380</sup> (and [likely Homeland Security Fusion Centers](#))<sup>381</sup> to create a network of surveillance cameras in suburban neighborhoods that never would have been tolerated if the organized crime government had done so openly. ## Amason's Economic Warfare Against Its Own Customers and the Population

In addition to control-of-perception and spying, Amason is now openly competing with its own customers: The company's third-party marketplace represents millions of individual sellers who sell on the Amason platform (including this author to get the evidence out before we are censored off). Amason began competing with their customers in 2009 with their own private label brands. [As of August 2019 the company had 135 private label brands](#)<sup>383</sup> ranging from baby food to camera supplies to groceries, [up from 80 private label brands in June of 2018](#)<sup>384</sup> with an [additional 330 "exclusive brands" manufactured by a 3<sup>rd</sup> party but only sold on Amason](#).<sup>385</sup> Many intelligent observers believe Amason was financed by the organized crime banks and "government" to destroy mom & pop retail and individual mail order sellers in a program to destroy private wealth so the population doesn't have the resources to resist organized crime's take-over and keeps them working constantly without the time to research and understand the slavery system. The "government's" exorbitant income and property taxes, estate taxes, hidden taxes, monopoly privileges, inflation and endless warfare are other examples of the same criminal policy.

*“The problem was how to keep the wheels of industry turning without increasing the real wealth of the world. Goods must be produced, but they need not be distributed. And in practice the only way of achieving this was by continuous warfare.*

*... The essential act of war is destruction, not necessarily of human lives, but of the products of human labor. War is a way of shattering to pieces, our pouring into the stratosphere, or sinking into the depths of the sea, materials which might otherwise be used to make the masses too comfortable, and hence in the long run, too intelligent...*

*...In principle the war effort is always so planned as to eat up any surplus that might exist after meeting the bare needs of the population. In practice the needs of the population are always underestimated, with the result being that there is a chronic shortage of half the necessities of life; this is looked upon as an advantage. It is deliberate policy to keep even the favored groups somewhere near the brink of hardship, because a general state of scarcity increases the importance of small Privileges and thus magnifies the distinction between one group and another.”*

Socialist dictator Emmanuel Goldstein’s description of the real reasons for warfare from George Orwell’s book 1984. In July 2009 Amazon got caught remotely deleting the book **1984** off everyone’s Kindle in what smelled like a beta-test to digitally “burn” books on their “Kindle” and “Fire” e-book readers in the future. ## NO WAY TO SUGARCOAT IT-STATISM IS UNETHICALLY MANIPULATIVE CULT INDOCTRINATION

Cult - \ 'kəlt \ noun, often attributive - A *cult* is a group or movement exhibiting a great or ***excessive devotion*** or dedication to some person, idea, or thing and ***employing unethically manipulative techniques of persuasion and control*** (e.g., isolation from former friends and family, debilitation, use of special methods to heighten suggestibility and subservience, powerful group pressures, information management, suspension of individuality or critical judgment, promotion of total dependency on the group and fear of leaving it, etc.) ***designed to advance the goals of the group's leaders to the actual or possible detriment of members, their families, or the community.***

Confucius famously said that “*The beginning of wisdom is to call things by their proper name.*” Using the word “cult” unfortunately seems to offend some but the stone-cold truth is that is exactly the dynamic at play. If the problem is inter-generational organized crime using control of government schools, scouting, military/police training, and a weaponized media propaganda system to perpetrate *classic, textbook unethically manipulative “cult indoctrination techniques”* on an unsuspecting population then the solution must be: **Large Scale Cult Deprogramming** starting with calling the problem by its rightful name.

## Whistleblowers, Confessions, and Quotes

*“Surely if there was a conspiracy this vast then someone would have talked”*

American history is replete with whistleblowers who have courageously risked their lives to bring organized crime’s activities to the public’s attention but whose testimony has been buried by the “propaganda matrix” of the controlled “news” and 24 x7 distractions of weaponized media and children’s games played by adults. Here are some quotes from those who have tried to warn us or confessions from the criminals themselves.

“Behind the ostensible government sits enthroned an Invisible government owing no allegiance and acknowledging no responsibility to the people. To destroy this invisible government, to befoul this unholy alliance between corrupt business and corrupt politics is the first task of the statesmanship of today.”

- **Theodore Roosevelt**,  
US President

[The Progressive Covenant with the People speech, 1912- Audio - Library of Congress](#)<sup>392</sup> \_

“For more than a century, ideological extremists at either end of the political spectrum have seized upon well-publicized incidents such as my encounter with Castro to attack the Rockefeller family for the inordinate influence they claim we wield over American political and economic institutions. Some even believe we are part of a secret cabal working against the best interests of the United States, characterizing my family and me as internationalists and of conspiring with others around the world to build a more integrated global political and economic structure - one world, if you will. If that is the charge, I stand guilty, and I am proud of it.”

- **David Rockefeller**, banker and oil monopolist  
- [Memoirs, 2003, Page 406](#)<sup>393</sup> \_

“The real menace of our Republic is the invisible government, which like a giant octopus sprawls its slimy legs over our cities, states and nation. To depart from mere generalizations, let me say that at the head of this octopus are the Rockefeller-Standard Oil interests and a small group of powerful banking houses generally referred to as the international bankers. The little coterie of powerful international bankers virtually run the United States government for their own selfish purposes. They practically control both parties, write political platforms, make catspaws of party leaders, use the leading men of private organizations, and resort to every device to place in nomination for high public office only such candidates as will be amenable to the dictates of corrupt big business. These international bankers and Rockefeller-Standard Oil interests control the majority of the newspapers and magazines in this country. They use the columns of these papers to club into submission or drive out of office public officials who refuse to do the bidding of the powerful corrupt cliques which compose the invisible government. It operates under cover of a self-created screen [and] seizes our executive officers, legislative bodies, schools, courts, newspapers and every agency created for the public protection.

Those who manipulate this unseen mechanism of society constitute an invisible government which is the true ruling power of our country. ...We are governed, our minds are molded, our tastes formed, our ideas suggested, largely by men we have never heard of. This is a logical result of the way in which our democratic society is organized. Vast numbers of human beings must cooperate in this manner if they are to live together as a smoothly functioning society. ...In almost every act of our daily lives, whether in the sphere of politics or business, in our social conduct or our ethical thinking, we are dominated by the relatively small number of persons...who understand the mental processes and social patterns of the masses. It is they who pull the wires which control the public mind."

"In March, 1915, the J.P. Morgan interests, the steel, shipbuilding, and powder interest, and their subsidiary organizations, got together 12 men high up in the newspaper world and employed them to select the most influential newspapers in the United States and sufficient number of them to control generally the policy of the daily press.... They found it was only necessary to purchase the control of 25 of the greatest papers. "An agreement was reached; the policy of the papers was bought, to be paid for by the month; an editor was furnished for each paper to properly supervise and edit information regarding the questions of preparedness, militarism, financial policies, and other things of national and international nature considered vital to the interests of the purchasers."

edited by Elliott Roosevelt (New York: Duell, Sloan and Pearce, 1950), pg. 373.

"The governments of the present day have to deal not merely with other governments, with emperors, kings and ministers, but also with the secret societies which have everywhere their unscrupulous agents, and can at the last moment upset all the governments' plans. "

"Since I entered politics, I have chiefly had men's views confided to me privately. Some of the biggest men in the United States, in the field of commerce and manufacture, are afraid of something. They know that there is a power somewhere so organized, so subtle, so watchful, so interlocked, so complete, so pervasive, that they better not speak above their breath when they speak in condemnation of it."

-**Woodrow Wilson**,  
Former President of the United States  
*The New Freedom*

"From the days of Spartacus-Weishaupt to those of Karl Marx, and down to Trotsky (Russia), Bela Kun (Hungary), Rosa Luxembourg (Germany), and Emma Goldman (United States), this world-wide conspiracy for the overthrow of civilization and for the reconstitution of society on the basis of arrested development, of envious malevolence, and impossible equality, has been steadily growing. It played, as a modern writer, Mrs. Webster, has so ably shown, a definitely recognizable part in the tragedy of the French Revolution. It has been the mainspring of every subversive movement during the Nineteenth Century; and now at last this band of extraordinary personalities from the underworld of the great cities of Europe and America have gripped the Russian people by the hair of their heads and have become practically the undisputed masters of that enormous empire."

If your government teacher or professor challenges the logic, morality and principals then ask them publicly: "The Five Questions", political philosopher Larken Rose's challenge to ethics, civics and government professors and teachers who support the state.

**VOLUNTARYISM**

The common sense idea that human association should be voluntary... with the assertion that any act of violence other than self-defense, whether by an individual, organization or government, is illegitimate and unlawful.

Recognizes that the world is a self-organizing system that produces spontaneous order and all government "services" would be better provided by the free market, mutual aid societies, nonprofits, and real charities.

ArtOfLiberty.org Government-Scam.com

**NON-AGGRESSION PRINCIPLE**

An ethical and moral principle that asserts that aggression is inherently immoral and illegitimate. Aggression is defined as the "initiation" of physical force against persons or property, the threat of such, or fraud upon persons or their property.

In contrast to pacifism, the NAP does not prohibit self-defense.

The fact that "governments" and their hired mercenaries (military and police) routinely violate the NAP proves definitively that they are immoral and illegitimate.

# STATIST OR VOLUNTARYIST?

**SO WHICH IS IT?**  
Are you a statist or a voluntaryist?

You are a statist if you believe violence and coercion are the best ways to organize society. You're a voluntaryist if you believe in peaceful and voluntary solutions to solve problems.

**TAXATION**  
Under the state, you're forced to pay taxes with the threat of imprisonment, if you escape or resist, you will be killed.  
Taxation goes against the NAP and the principle of self-ownership.

**MIGHT MAKES RIGHT**  
Governments (statism) use force to solve economic and social problems, instead of voluntary peaceful solutions.

**STAT-ISM**  
"A political system in which the state has substantial centralized control over social and economic affairs."

**VOLUNTARISM DEFINITION**  
The Only "ISM" Fair for All!  
Voluntaryism is a political philosophy where all relations between adults is voluntary. No one gets to use violence or coercion on anyone else, not even the "government". Voluntaryism recognizes that the world produces spontaneous order and all the services provided by the "government" (Except redistribution which is theft) would be better provided by the free market, mutual aid societies, non-profits and real charities.

**NON-AGGRESSION PRINCIPLE**  
"Any unsolicited actions of others that physically affect an individual's property, including that person's body, no matter if the result of those actions is damaging, beneficial, or neutral to the owner, are considered violent when they are against the owner's free will and interfere with his right to self-determination"

**SELF-OWNERSHIP**  
The most basic form of property you own is yourself.

**SELF-DETERMINATION**  
...freely choose the products you buy,  
...freely choose the relationships you keep,  
...and much more.

**SOLVE PROBLEMS VOLUNTARILY**  
Every day you solve problems voluntarily without the influence of hierarchical authority.

# NATURAL LAW

Based in reality, conforms to the natural world, nature

An absolute aspect of nature, obvious as a self-evident truth

## THE FIVE BASIC BREACHES OF NATURAL LAW

### ASSAULT - RAPE - THEFT - TRESPASS - COERCION

All 5 transgressions constitute a theft of some sort - theft of physical well being, theft of sexual choice, theft of physical property, theft of security, theft of consent

#### A RIGHT

An action that causes no harm or violation of another, your rights are an attribute that constitute your property

#### A WRONG

An action that violates another, the theft of the rights or property of another

### A RIGHT AND A WRONG ARE MUTUALLY EXCLUSIVE

Natural Law cannot be changed or subverted by the will of any being. The whim of "Legislators" only creates rules of a membership club (a society). Without a victim there is no crime. No violation, no harm, no theft of rights, equals no crime.

## THE FIVE QUESTIONS

Larken Rose's challenge to teachers and professors that support government

- 1) Is there any means by which any number of individuals can delegate to someone else the moral right to do something which none of the individuals have the moral right to do themselves?
- 2) Do those who wield political power (presidents, legislators, etc.) have the moral right to do things which other people do not have the moral right to do? If so, from whom and how did they acquire such a right?
- 3) Is there any process (e.g., constitutions, elections, legislation) by which human beings can transform an immoral act into a moral act (without changing the act itself)?
- 4) When law-makers and law-enforcers use coercion and force in the name of law and government, do they bear the same responsibility for their actions that anyone else would who did the same thing on his own?
- 5) When there is a conflict between an individual's own moral conscience, and the commands of a political authority, is the individual morally obligated to do what he personally views as wrong in order to "obey the law"?

## EDUCATION: Planned Enslavement Through Lack of Knowledge

"The aim of public education is not to spread enlightenment at all, it is simply to reduce as many individuals as possible to the same safe level, to breed and train a standardized citizenry, to put down dissent and originality." H. L. Mencken 1880-1956

### "Silent Weapons for Quiet Wars"

EXCERPT FROM Page 7

"The quality of education given to the lower class must be of the poorest sort, so that the moat of ignorance isolating the inferior class from the superior class is and remains incomprehensible to the inferior class. With such an initial handicap, even bright lower class individuals have little if any hope of extricating themselves from their assigned lot in life. This form of slavery is essential to maintain some measure of social order, peace, and tranquility for the ruling upper class."

"I don't want a nation of thinkers. I want a nation of workers."

## Somalia

"If you don't like government, move to Somalia."

There are several reasons why this is an ignorant thing to say.

1. Somalia is not experiencing anarchy, but anocracy. The problem in Somalia is not a lack of government, but multiple governments, fighting to gain control over the state.
2. Problems in Somalia didn't start with the downfall of the government, they caused the downfall of the government. Somalia was not a prosperous thriving nation before the civil war.
3. There is underlying racism in this line of thought. Somalis are considered to be backwards, incapable of fixing their problems and in general not civilised people.

# LIBERTY HACKS - THE EASY SUBSTITUTIONS THAT MAKE US FREE!

**The Good News! There is a Resistance!** - For those who are new to this information I know it can be daunting, scary and trigger the psychological defense mechanism of "[cognitive dissonance](#)"<sup>404</sup> where the brain simply can't accept new information, even if factual, because it causes pain/fear. Some are even trapped by "[Stockholm Syndrome](#)"<sup>405</sup>, a well-understood condition where hostages develop a psychological alliance with their captors as a survival strategy during captivity. The Good News? *There is a resistance!* It is growing, picking up speed, only going in one direction and is approaching and capable of exponential growth *if good people get themselves into the fight!* - While we aren't the majority...yet... there is a growing and important "truth movement" that is awakening. While we might not be united on every level we know the system is lying to us and we are coming to some common understandings. Most importantly once people realize there is a "man behind the curtain" in Google/Fedbook/media and/or that government "authority" is *illogical, immoral, indoctrinated and illegitimate* they rarely go back to Statism or wearing a costume/badge that identifies them as an "order-follower" robbing their friends and neighbors. Here are three things that the truth community broadly agrees on and some strategies to *Fight Back!*:

**1. The Banks are Stealing the Value Out of Our Money** – The ability for banks to create money out of thin air and loan it at interest using a technique called fractional reserve banking they lobbied/bribed Congress to make "legal" with the Federal Reserve Act is making banks trillions while simultaneously stealing the value out of everyone's earnings and savings through inflation. These vast stolen "profits" are what have allowed the banks to control the government and buy up the media companies.

**Liberty Hack:** Don't do business with the monopoly money center banks especially JP Morgan Chase, Citigroup, Goldman Sachs, Bank of America, HSBC, Barclays, Wells Fargo and UBS. Chose non-affiliated regional banks and credit unions even if it's less convenient.

**2. Organized Crime Gov't + Monopoly Media+ CIA Google/Facebook/Twitter = Fake News/Fake "Reality"!**  
- There are 6 Monopoly media companies running hundreds of subsidiaries to offer the illusion of choice but working together as a cartel and using lies, propaganda and unethically manipulative psychological techniques in a coordinated effort to deceive, distract and manipulate society. [Google](#)<sup>406</sup>/[YouTube](#)<sup>407</sup>/[Amazon](#)<sup>408</sup>/[Facebook](#)<sup>409</sup>/[Wikipedia](#)<sup>410</sup>/[Twitter](#)/[Medium](#)<sup>411</sup>/[Netflix](#)<sup>412</sup>/[Yelp](#)<sup>413</sup>/[LinkedIn](#)<sup>414</sup>/[Reddit](#)/[Dropbox](#)<sup>415</sup>/[Snopes](#)/[Instagram](#)/[Pinterest](#)/[Quora](#)/[Mailchimp](#)/[Spotify](#)/[Yahoo](#)/[Drudge Report](#) and others have been caught both promoting false government narratives/views/voices and hiding/lying about alternative narratives/views/*facts*.

*"The revolution will not be televised or "Recommended for You" by YouTube".*  
- *Etienne de la Boetie*<sup>2</sup>

**Liberty Hack:** *Turn off the Monopoly Media completely* and begin to get your news and information from the developing voices of the alternative media that we recommend in this section. Take the money you are saving from cable television, Netflix, and Amazon Prime and transfer that support to alternative media using donation aggregators including Patreon, [SubscribeStar](#),<sup>416</sup> Bitbacker.io, and direct donations.

**3.The intelligence agencies and monopoly media are behind “Terrorism” which is designed by Them to terrorize You!** – Multiple “government” intelligence agencies (USA, Israel, Saudi Arabia, Pakistan) behind the 9-11 false flag attacks which transferred trillions to the military-industrial complex and allowed them to steal our civil liberties. FBI & ATF were behind the 1995 Oklahoma City bombing that blew up a day care center to tar the militia movement that was growing rapidly after the FBI Hostage Rescue Team/Delta Force murdered 80 men, women, and children at Waco and then covered it up with the help of the media. FBI and domestic police agencies behind [hundreds of agent provocateured domestic terrorism incidents](#)<sup>417</sup> using low IQ patsies and involvement in suspicious events like: [The Boston Bombing](#),<sup>418</sup> [Sandy Hook](#),<sup>419</sup> the [1993 World Trade Center Car Bomb](#),<sup>420</sup> [Orlando Pulse nightclub shooting](#),<sup>421</sup> and others.

**LibertyHack:** *Don't be afraid!* The chances that you or your family will die in an intelligence agency-sponsored false flag terrorist incident or school shooting are quite low, according to one study your chances of being killed by a “terrorist” are 1 in 30,000,000 (vs. killed by the government or police as 1 in 79,815. Focus on the very real danger of shave-headed, indoctrinated, mind-controlled, “government” enforcers delusional in the belief they have rights that others don't.

**Let's Just Call It Organized Crime** - Yes. There was and probably is a Bavarian Illuminati, and there are free masons, dual-citizenship Zionist Israelis, Jesuits, Skull and Bonesmen, Bohemian Grove attendees, Council on Foreign Relations members, Berggruen Institute members, Pilgrim Society, Group of 30 members, Trilateralists, Bilderberg Group members, and World Economic Forum "Young Global Leaders" involved and in key positions of power; if you want to rob the world, you have to have meetings, and it is easy for criminal, monied interests willing to kill, bribe, and blackmail to hijack and control any hierarchical organization over time. But let's not complicate the issue. We can simply refer to the problem as organized crime - because it is. People/the FBI/police understand and can relate to organized crime. Bavarian Illuminati... not so much. Be suspicious of anyone using the amorphous terms: "Globalists", "Elitists", "Deep State" or "New World Order" to describe the problem. These appear to be purposely unhelpful, un-descriptive terms.

**Accept my sincerest apologies and *then quit working for organized crime!***

*I am truly, truly sorry to have to be the one to break this news to you:* especially since I have good friends and family who work in the schools, federal/local government, police, military or are veterans. If you shaved your head and wear/ wore a uniform, if you killed because someone told you to, if you locked up peaceful people for victimless crimes, if you inconvenienced travelers and violated their dignity and privacy, if you propagandized and distracted the population from Hollywood, New York, Washington DC, Atlanta, or Langley... ***it's OK! You are forgiven!*** We are up against an inter-generational, multi-trillion-dollar propaganda, indoctrination, and control system. I went to government schools and was a Cub Scout and a Boy Scout. It took me a while to overcome the programming. I know it is harder to admit the truth if you are drawing a paycheck, but it's time to quit pretending you don't know the government isn't evil, murdering people globally, robbing the population, completely illegitimate on its face and funded by money stolen from others at the point of a gun. If you are in the system and just can't leave...yet... then throw sand in the gears every chance you get: Leak the State's documents, expose the State's crimes, sabotage the State's ability to track, trace and control peaceful people, and *teach the kids in your charge the truth about the system.*

**Liberty Hack:** *First, flip-the-script! The movement is full of honorable veterans and ex-police officers who signed up to protect their friends, families, and communities and then got out when they realized the truth about "The System". There are hundreds of [intelligence officers](#)<sup>422</sup> and [military officers/pilots](#),<sup>423</sup> including Generals and Admirals, who have questioned the official story of 9-11 publicly! Become a scholar, get organized. Many police officers are quitting publicly and speaking out, including [Raeford Davis](#),<sup>424</sup> Barry Cooper, and Brad Jardis.*

**Take down or at least replace that flag:** It is the symbol of your oppression and an artificial, indoctrinated belief system. You might as well fly the Nazi flag. Same artificial religious symbol. Different sect. We are advocating some version of the Betsy Ross flag (circle of 13 Stars in the blue field) as a protest against organized crime's use of the current flag as an indoctrinated artificial religious symbol. We are suggesting if you are going to fly a flag it should only be in protest to the current "government" and a reminder of America's true glory days where there was essentially no "gubernare mente " / "government", no licenses, no militarized police forces, no fake terrorism, no hoax shooting, no propaganda, no monopolies, no engineered "plandemics", no spying, no income tax, no central bank and an essential free market in money! We like our Five Percenter Voluntaryist version!

**Forget politics (except for those running to expose and repeal the system):** Don't play poker in a crooked card game, and don't vote to rob your friends and neighbors to put your political party's ideas into practice by force. In some 5th edition good news: The Mises Caucus, a voluntaryist-leaning, principled antithesis to the (purposely?) ineffective faux-libertarian party "leadership" of Bill Weld and Nick Sarwark, has just swept the old guard out of office and elected a new national chair. Congrats! Let a thousand flowers bloom. May I humbly suggest a quality candidate running on a platform of a peaceful and orderly dissolution of the federal government and to be NOT-president because the candidate would have the integrity to openly state that political authority is illegitimate. If an honest candidate emerged then the national Presidential campaign could be used as a referendum on a peaceful and orderly dissolution of the federal government where defense and police powers are transferred to the respective states immediately but under a new ethical natural law based defensive posture in a model that will need to be ultimately privatized and or managed by a not-for-profit.

**How to Find Honest Elected Officials:** What is the criteria to be an honest elected official? We developed a new word, a pledge and "Badge of Honor" to identify voluntaryist privaticians who would only protect rights and never violate them. We recommend only supporting candidates who understand natural law, self-ownership, the non-aggression principal, the myth of "authority", and the illegitimacy of "government". But how can you tell? The badge-of-honor!

# NOT POLITICIAN

I am running to be Not-A- NAME OF OFFICE because I have the integrity to state upfront that political “authority” is illogical and illegitimate. It is impossible to acquire “rights” that others don’t have and/or exemptions-from-morality just because some people choose to participate in “elections”.

I pledge to only use “government” power defensively to protect life, liberty and property. I will never vote to rob and redistribute no matter how worthy the perceived benefits. I will work to privatize “government” at all levels, reduce the theft of “taxes”, and encourage private voluntary solutions to societal problems.

I am Not-A-Politician! I am a *Privatician!*

[ArtOfLiberty.org/Not-A-Politician](http://ArtOfLiberty.org/Not-A-Politician)

 SINCE 2020

[Dictionary](#) [Privatician](#)

## privatician noun

prĭ-vat-ĭ-shən | \ ˈprĭ-vət-ti-shən \

### Definition of *privatician*

- 1 : A person running to be an elected official who doesn't believe that “government” is legitimate, desirable or necessary BUT is committed to help their community by serving as an honest steward and community servant, privatizing everything that can be privatized, and focusing on just protecting life, liberty, and property.
- 2 : Privaticians have taken the Not-A-Politician pledge to never vote for redistribution but to only vote defensively to protect civil and economic liberties.

**What if you could get everything you want from "Government" (Except redistribution!) from the free market, mutual aid societies, non-profits, and real charities?**

Voluntaryism is the commonsense idea that "Government" doesn't get an exception from morality... and because "government" is engaged in theft (taxation), coercion, and prosecution of victimless crimes that it is de facto illegitimate and criminal.

- We don't really need "Government"! It is a technique for robbing and controlling politicians.
- Everyone would be significantly wealthier if the "government" was robbing everyone of half their income in overt taxes, covert taxes and inflation.
- Absent the organized crime monetary system, your dollar should be buying more every year as innovations and productivity improvements reduce the costs of producing and distributing the luxuries and necessities of life.

## WHAT IF “GOVERNMENT” HAS BEEN A SCAM?

**Hello Friends and Neighbors,**

Despite what you were taught in your mandatory government school, “Government” isn’t something designed to protect life, liberty and property but was designed to rob and control society. The root words from Latin are:

**Gubernare = “To Control” &  
Mente = “The Mind” = Mind Control**

Organized crime’s mind control program starts with controlling the information you have received since birth through control of education and a weaponized monopoly media and propaganda system.

The government’s mandatory “public schools” and accredited private/parochial schools use an educational model developed in 19th century Prussia (now Germany) to indoctrinate a pseudo-religion, Statism, and obedience to an organized crime system that called itself monarchy.

When the scam of monarchy / “divine right of kings” was exposed, organized crime developed “democracy” to trick the people into thinking they are in charge but easily controlling the outcome of elections through control of the media, disparity of campaign funds, blackmail, bribery, assassination, and other means.

Democracy itself is an illegitimate concept because nothing, not even if the majority believe it to be so, can make something inherently immoral (theft, extortion, caging non-violent individuals for victimless crimes, etc.) “moral” just because the majority of people decide to vote for something in a political ritual. Just because the mob wants to lynch black folks or rob Peter to pay Paul doesn’t make those obvious crimes moral just because the perpetrators outnumber their victims. The “Gubenare Mente” program raised you to believe that it is OK for the government to use violence, extortion and taxation (theft) on overwhelmingly peaceful people because some people are tricked into voting for “government”. We have been conned and duped into something that is obviously against our interests and steals ½ our income in overt taxes, covert taxes and inflation.

This election misguided Republicans are encouraging you to vote for their candidates who will then rob everyone and put their policies into place. Misguided Democrats, Greens, etc. are doing the same.

**The moral and logically consistent alternative is to not vote to rob anyone!**

**The Good News Alternative:**

Voluntaryism! - The world is a self-organizing system that produces spontaneous order and all the “services” provided by the government - from protection to roads to charity - can be better provided by voluntary interaction, the free market, and real charity.

**The Unfortunate News:**

Because organized crime was able to implement “Government” on the population they have been using that power to loot society. Today the leadership of all major parties is controlled by the same crooked interests and while the Republicans and Democrats pretend to be separate entities they are divided only on interests unimportant to the ruling oligarchy (Gay marriage, abortion, etc.) while being in complete lock-step on the important issues: The “legitimacy” of “Government”, the ability for private banks to create money out of thin air even though it is inflationary and steals the value from everyone else’s money, the ability for the government to tax, steal and redistribute, unending foreign wars based on lies and manufactured intelligence, and forcing you to comply with all their ridiculous edicts and mandates.

## Sheep, Wolves, and Sheepdogs

**THE SHEEP**

No Capacity for Violence – Normal, Healthy Human Being.

The vast majority of people are not inclined to use violence on peaceful people. They are SHEEP.

They are kind, gentle productive creatures who only hurt one another by accident.

**THE WOLF**

Capacity for Violence, No Empathy or Morality.

Then there are WOLVES, who would feed on the Sheep without mercy. Evil men capable of evil deeds.

Many sheep live in denial and do not want to believe that there is evil in the world.

**THE SHEEPDOG**

Capacity for Violence, Moral, Deep Love of Humanity.

The SHEEPDOG lives to protect the flock and confront the wolf. Some sheep don't like the sheepdog. He has fangs and a capacity for violence.

He is a constant reminder that there are wolves in the land, however, Sheepdogs would never hurt a sheep.

Many police mistakenly believe they are Sheepdogs **BUT** you can't be a sheepdog if you are using or threatening violence on peaceful people or raising revenue on your neighbors.

**That makes you a WOLF and a danger to society.**

**THICKREDLINE** is helping **REAL** Sheepdogs say: **NO!** to the Wolves (politicians) that would use the police to try to socially engineer society or rob their friends and neighbors for political promises.

**If you want to help the police get themselves out of a bad situation and protect your community from politicians who would use the police to rob and control you then support your Sheriff, Chief, Deputies and Officers to go:**

## Get Your Sheriff's Office or Police Department to go: THICKREDLINE

–The THICKREDLINE Project is an effort to restore respect for law enforcement by abolishing victimless crime. Victimless crimes are not really crimes... and make the cops the criminals. A real crime, by definition, has a perpetrator and a victim: murder, assault, rape, theft, and extortion are all obvious crimes because there is a victim. Politicians and bureaucrats frequently institute illogical, immoral and counter-productive “laws” (politician scribbles) that penalize peaceful, non-violent people for “crimes” that have no victim. Drug possession, gambling, and making arrests for ignoring Covid-19 lock down and social distancing orders are examples of victimless crimes where politicians attempt to get police to use violence immorally and preemptively on overwhelmingly peaceful people frequently to raise revenue or enforce their version of morality on a population. When the police use violence and coercion against peaceful people for victimless crimes (there is simply no way to sugar-coat this) it makes the cops the criminals who are engaged in kidnapping and extortion under the color of law.

The THICKREDLINE Project is organizing the police to say: NO! to the organized crime “government” on lockdowns, mask mandates and other victimless crimes. [ArtOfLiberty.org/THICKREDLINE](http://ArtOfLiberty.org/THICKREDLINE)

# SPIRITUAL HEALTH & WELLNESS

**Stay spiritually and physically healthy while detoxing the system's poisons** – “The System” loves using its monopoly food and water companies + the “Plug-In Drug” of tell-lie-vision to debilitate the public so they can't think straight, focus and are too sedentary to resist the government or even get off the couch. When you see the sky-rocketing rates of addiction and obesity in the US, blame the drug dealers who are controlling “The System” and their partners in the media who are selling addictive food, beverages, and legal/illegal drugs using a combo of product placement, advertising and monopoly AMA medicine.

**Fight Back!:** Here are some tips:

**Spiritual Health** – Get a good night's sleep, try to meditate daily, keep the mind free from negative thoughts and emotions even if someone has wronged you, give everyone the “assumption of good will”. Try to stay positive and even *when things go bad realize that you have the ability to control your response!* Spend time in the outdoors and with friends!

**Stay Physically Healthy** – Try to get physical exercise most days even if you have to get up early, workout during lunch with friends, or hit the gym in the evening. Go vegan! Try to get unfiltered sunlight especially in winter, research sun gazing, get house plants that clean the air, find Doctors that specialize in a holistic and/or Orthomolecular approach focused on nutrition/removing toxins vs. monopoly AMA allopathic medicine that only teaches drug-based therapies. Hot Yoga is a demanding workout, a “moving meditation”, and sweating is one of the best detoxification routines available.

Research: The Gerson Therapy, Cannabis, and Vitamin B-17 for Cancer over the “Cut, Poison and Burn” of monopoly AMA medicine.

**Water** – You either use a filter or you are a filter. Drink spring water, distilled and/or Fluoride and Chlorine-free, filtered water where you have the ability to filter yourself. A gravity-fed filter doubles as a portable filter in emergencies but under-the-kitchen-sink-filters and whole house filters are the best for ease-of-use and removing fluoride/chlorine from showering/bathing/swimming water. The Fluoride Action Network has organized thousands of doctors, dentists, scientists, chemists, and environmentalists including both Nobel Prize and Goldman prize winners into a campaign to end water fluoridation because it lowers IQ in children by around 7 IQ points and . Here is brief summary from the [organization's website](#):<sup>425</sup>

“As of June 2018, a total of 60 studies have investigated the relationship between fluoride and human intelligence, and over 40 studies have investigated the relationship fluoride and learning/memory in animals. Of these investigations, 53 of the 60 human studies have found that elevated fluoride exposure is associated with reduced IQ, while 45 animal studies have found that fluoride exposure impairs the learning and/or memory capacity of animals. The human studies, which are based on IQ examinations of over 15,000 children, provide compelling evidence that fluoride exposure during the early years of life can damage a child’s developing brain.”

**Don't Eat Corporate "Food" or Take Their Addictive Drugs** –One shining light is a global clean food revolution that encompasses local-vores, farm-to-plate, know your farmer, Certified GMO-free labeling and back yard gardens. People are figuring out corporate food is toxic food and has frequently been engineered to be addictive using food additives and chemicals including: Glutamates, refined grains, refined sugars, sugar/salt, sugar/fat, etc. From the days of the East India Company, Russell & Company, and the opium trade organized crime has been selling addiction and taking over Big Tobacco, Big Food, and Big Pharma was a logical extension of the addiction-for-profit business model.

**LSD/Acid** - Read "[Drugs As Weapons Against Us](#)"<sup>426</sup> (or watch the documentary) to understand how the CIA deals drugs into political movements and uses LSD/Acid to brain damage activists, artists, and resistance movements.

**Cocaine, Heroin** – We believe the real reason the US military was occupying occupying Afghanistan and both the US Military and DEA are working with the Columbian (Organized Crime) Government in "Plan Columbia". Both are places where the relatively rare poppy is cultivated where they can control the entire area to limit competition.

**Legal Opioids & Selective Serotonin Reuptake Inhibitor (SSRIs) drugs-** Sackler Family/Purdue Pharma given a government granted monopoly ("Patent") on the "legal" opioid OxyContin which is allowed to be widely overprescribed, prescribed to kids, and even covered by insurance! Purdue has made \$35 billion on OxyContin alone since 1996. Other opioids, narcotics and SSRIs given similar government granted monopolies and opioids alone have caused 165,000 deaths since 2000. SSRIs include Prozac, Zoloft, Paxil, Luvox, and Celexa have been linked to, among other issues, suicidal/homicidal ideation and mass shootings.

**Injections / Vaccines** – [It came out in June of 2000 at the CDC’s Simpsonwood Meetings that the “government” knew its mandatory vaccinations were causing autism and neurological issues.](#)<sup>427</sup> The government has now admitted that vaccines can cause autism and neurological issues and have paid out billions in their secretive vaccine courts that shield their organized crime pharma partners from liabilities in the regular court system. The 2016 documentary *Vaxxed* features a CDC whistleblower that testifies that the agency lied and destroyed evidence that the MMR vaccine was causing autism and neurological issues. **Best Documentaries:** [Vaxxed](#)<sup>428</sup> (CDC is lying), [The Greater Good](#)<sup>429</sup> (aluminum), and [Trace Amounts](#)<sup>430</sup> (mercury)

**Sugar** – The real “Gateway Drug”. Psychologically and physically addictive and added to thousands of food products you would never suspect and even cigarettes whose industry is the #2 user of sugar after food & beverage. Toxic to the body and primes the brain for alcoholism and other forms of addiction.<sup>431</sup>

**Tobacco/Nicotine** – Tobacco companies add, in some brands, hundreds of additional additives and chemicals that make cigarettes more addictive. According to the U.S. [National Cancer Institute](#):<sup>432</sup> “Of the more than 7,000 chemicals in tobacco smoke, at least 250 are known to be harmful, including hydrogen cyanide, carbon monoxide, and ammonia. Among the 250 known harmful chemicals in tobacco smoke, at least 69 can cause cancer.”

**Ethyl Alcohol** – Liquor, “Spirits”, Ale, Beer, Wine. Poisonous to the brain, heavily subliminally marketed (product placement) in television and movies. Blood-sugar imbalances from refined sugar and grains primes for alcoholism.

**Caffeine** – Addictive, added to soft drinks and energy drinks targeting kids, pre-work out drinks targeting athletes, and with coffee heavily marketed through national monopoly chains Starbucks, Dunkin Donuts, and 7-11 also selling toxic sugar. **Search:** [Jason Christoff and Caffeine](#)<sup>433</sup> & [14 Little Known Facts About Coffee](#)<sup>434</sup>

**Cannabis** – Cannabis can be addictive for some and can blot out emotional pain that is needed for change/healing. Cannabis is being legalized which is good. Much less harmful than alcohol but often sold by the organized crime’s “government” shops or politically connected licensees. Better to use the black market than give organized crime a nickel. Watch out for [genetically modified “Monsanto” cannabis](#),<sup>435</sup> toxic pesticides and strains designed and widely distributed to achieve couch-lock in front of the tell-lie-vision.

### **Television/Internet/Gaming Addiction** – The [“Plug-In Drug”](#)<sup>436</sup>

– Think of the television, gaming, social media and internet video as weapon platforms to steal your time, deceive you, or capture your attention long enough to show you a commercial usually for something addictive, harmful or, during the political season, to trick you into participating in organized crime’s puppet show. [The medium itself elicits a state of “attentional inertia,” marked by lowered activity in the part of the brain that processes complex information.](#)<sup>437</sup> Television exploits human psychology to keep people glued to the set using, among other techniques, human’s biological pre-disposition to watch [high-status monkeys I.E. “Celebrities”](#),<sup>438</sup> sexually attractive people, and the brain’s survival mechanism of [tracking constant motion](#).<sup>439</sup> YouTube both censors algorithmically and tempts you with AI curated time-wasters sharpened by your previous choices/interests to distract you away from doing anything that would lead you out of slavery.

**Meat** – Humans are biologically herbivores and can reduce their incidents of obesity, cholesterol, and other health issues by ditching meat. The blood in meat contains albumin, hemoglobin and gamma globulin and all of these chemicals activate opioid receptors. When meat eaters were [treated with a drug used to block opiate receptors](#),<sup>440</sup> ham consumption fell by 10%, salami by 25% and tuna by 50%!

If you are eating meat check out: [BeefInitiative.com/](http://BeefInitiative.com/) to find clean beef.

**Best Documentaries:** What the Health?, Dominion And The Game Changers.

**Dairy** – Humans are the only species that drinks milk past adolescence or the milk of another species even though 75% of the population is lactose intolerant because our bodies aren’t designed to process it. Casein, one of the proteins in milk, crosses the blood-brain barrier and becomes something called casomorphins. Which sounds a lot like morphine—because casomorphin is also an opioid.

**Glutamates** – a class of food additive best known for Monosodium Glutamate (MSG) but includes glutamates deceptively hidden by the addiction industry as: yeast extract, textured protein, whey protein, soy protein, and [dozens of other tricky names and derivatives to make food physically and psychologically addictive.](#)<sup>441</sup>

# TAKE BACK AND (ULTIMATELY) PRIVATIZE THE GOVERNMENT SCHOOL SYSTEM

**Remove Your Kids from the government indoctrination system:** I would rather my children be uneducated than be educated by the State. Government schools are designed to slave-up and dumb-down your kids. Everything about the government school system is wrong: segregation by age vs. ability, the compulsory pledge of allegiance, and the use of collective punishment, corporal punishment, and public shaming as obedience techniques. Red/Yellow/Green classroom management techniques, restrictions on movement without permission, lack of freedom to use the restroom without permission, mandatory vaccinations, searches, school “resource officers”, sex education, death education, whole language, D.A.R.E. Programs, surveillance cameras, active shooter drills, critical race theory, LBQT studies, gender transition assistance, ineffective teaching methodologies (whole language, common core, standardized tests to name a few) and indoctrinating kids into a hidden religion: Statism.

**Fight Back!:** *Take Your Kids Out of the Government’s “Schools”* - It is much better to use private schooling, home schooling, or [unschooling](#),<sup>516</sup> especially if your kids are old enough to learn auto-didactically and are capable of self-directed learning or apprenticeship focused on their interests. Check out [Autonomy](#)<sup>517</sup> as an alternative to both high school and college.

**Organize a Petition and Town Hall Meeting in Your Community to Expose and Mitigate These Techniques–** We have a [petition template demanding that the government schools take Statism and militarism out of the schools](#)<sup>518</sup> that you are free to use or modify. We suggest using the petition process to promote a town hall meeting with invited experts to explain Statism, the hidden obedience techniques and the dangers of the government’s mandatory shots. Please contact me at [Info@ArtOfLiberty.org](mailto:Info@ArtOfLiberty.org) to see if I am available. At the meeting arm up concerned parents with information & the petition and schedule another town hall meeting several weeks out and invite the local school board, present the completed petition, and have an open conversation on their use of statism, obedience techniques and the need to ultimately privatize their services.

**Understand the Hidden Curriculum of Mandatory Government Schools:** If you still believe you need to have your kids in school then understand the hidden curriculum and help your kids to understand and question the immorality and illogic of Statism. Explain and push back on the obedience techniques being used against them.

**1. Statism-** the indoctrinated belief in the necessity, desirability and legitimacy of government. I.E. How to be a slave and submit to organized crime’s control system. The common prayer of the pledge of allegiance and the national anthem, You’re an “American”.. It’s been decided for you!

**2. Obedience to authority/government** - Subtle unethically manipulative techniques used in the mandatory schools include conditioning kids to governmental “authority” from a young age: can’t leave their seat without gov’t permission, red, yellow, green troublemaker boards, warrantless searches, see-through backpacks, metal detectors, corporal punishment, collective punishment, Pavlovian drill bells, Police officers in schools, scouting and jROTC Uniforms, repetition, D.A.R.E. program, and Statism.

**3. Debilitation** – Purposely crappy and morality-free education, No focus on the Trivium: Logic, Grammar and Rhetoric. Mandatory mercury and aluminum-laced vaccines, frequently toxic corporate processed foods made with refined grains, refined sugars, Glyphosate and glutamates, rBGH in dairy, and [Fluoridated water linked to lower IQ in 50+ studies in the water fountain.](#)<sup>519</sup>

## Some of What the School System Is Hiding:

**Libertarianism/Voluntaryism** – Not everyone believes in “Government/Gubernare Mente” (Organized Crime) and you don’t really owe “Government” or anyone else any money or allegiance because of where you were born. “Government” schools are echo chamber church schools where everyone who has wised up to the scam has been quietly moving their kids to private schools, parochial schools or home schooling them leaving only the “true believers”.

**Government Criminality** – Whether or not you believe in having a government, the government’s mandatory school system and rip-off universities have been hiding/minimizing government’s obvious lies and crimes: From the fraud and inflationary theft of fractional reserve banking to the CIA’s murderous history of Phoenix Program death squads and drug dealing to trillions transferred to private banks and media companies through the TARP/TALF and “Bailouts” to the actuarial impossibility of social security.

**Fight Back!:** We are suggesting organizing with other students and parents to demand an end to the most obviously unethically manipulative Statist/Militarist and obedience techniques.

**1. Talk with Teacher(s) and Administrators** – Discuss requests and demands with teachers. Some suggestions: No pledge of allegiance, No militarism, no Red, Yellow, Green “Classroom Management Techniques” , No D.A.R.E. program, no school resource officers, no searches, No assigned seating, no active shooter drills, , No walking in lines, no control of movement, and **no mandatory vaccinations!**

**2. Privatization:** Have an open discussion on the need to ultimately privatize operations. Because there can be no legitimate government there can be no government-funded schools. Teachers and administrators need to begin thinking about how they will privatize school operations and compete for students in a competitive free market. An obvious model would be a transitional year where each individual school knows it will need to plan for and attract paying students, donations from alumni, and a new business model with teachers getting the freedom to set their own curriculum, rates, co-teaching partnerships, and administrators having to compete for both teachers and students.

**3. Organize Petitions & Town Hall Meetings** – Rent a hall, organize experts to speak, print flyers/petitions and distribute them in your neighborhood. Bake cookies, get together with friends, Make it fun to resist!

**4. Rock-Star Level** - Organize an on-going maker-space/co-working space/home-schooling collective for freedom similar to Freedom’s Phoenix in Arizona, the Liberty Lodge in Denver, the Praxeum in Portsmouth, The Quill in Manchester, [The Shell](#)<sup>520</sup> – Rollinsford, NH, and [The Wearehouse](#)<sup>521</sup> - Weare, NH!

# GET TOGETHER AND GET CONCENTRATED

## **Get concentrated - Support & move to voluntaryist and libertarian communities:**

Libertarians are organizing all over the world in various efforts to secure an area with political sovereignty to implement societies free from the control system of “government”. The largest and most exciting is the [Free State Project](#),<sup>572</sup> an effort that has organized over 24,000+ activists who have pledged to move to New Hampshire and campaign actively for its political independence. The group has already moved and organized over 6,200+ in the state with more arriving every week and has spent over a decade successfully rolling back laws, getting libertarians elected to office, and building the political and social networks needed for societal change. I believe if we free New Hampshire then we, ultimately, win everywhere. Think about concentrating some of your “firepower” (activism, resources, investment) in New Hampshire including coming out for one of the FSP’s engaging events:

**Free State Project New Hampshire Liberty Events:** [PorcFest - Porcupine Freedom Festival](#)<sup>573</sup> every June, [The Freecoast Festival](#)<sup>574</sup> (Sept, Portsmouth) or the [Liberty Forum](#)<sup>575</sup> (March, Manchester), [FSP Calendar](#)<sup>576</sup> (550 Liberty Meet Ups and activities year-round)

## **Other Global Voluntaryist and Liberty Communities:**

**Directory:** [Free-Communities.org](#)

**Europe:** [Liberland](#)<sup>577</sup> (Serbia/Croatia border, Europe), [Liberstad](#)<sup>578</sup> (Norway), [Montelibero](#)<sup>579</sup> (Montenegro) – libertarian start up town in the Balkans, [Sark](#)<sup>580</sup> (Bailiwick of Guernsey, English Channel) – Self-governing island

**Other:** [Seasteading Institute](#)<sup>584</sup> - political autonomy on the oceans,) [The Free Society](#)<sup>585</sup> (stalled?) and [Free Cities Foundation](#)<sup>586</sup> (Rocking It!) - Are attempts to negotiate political sovereignty similar to or within an existing Special Economic Zone (Country TBD) [Caledonia](#)<sup>587</sup> (US-based voluntaryist mutual aid society).

# PREPAREDNESS AND CRYPTO-CURRENCIES

**Prepare for the worst:** Because the gov't, the markets, and the dollar have been managed by organized crime for so long, the mafia's political puppets have, of course, looted the nation.

The U.S. economy is starting to smell like a Ponzi scheme in which bankers give themselves the ability to create money out of thin air using fractional reserve banking and where they have attempted to buy the world with their rapidly depreciating fiat-paper tickets. The "government" is on the hook for ~~\$27.96~~ ~~\$32.70~~ \$34.54 trillion in debt and [unfunded liabilities between \\$75-200+ trillion](#).<sup>591</sup> [Social Security is actuarially insolvent](#),<sup>592</sup> the system has been raided, and [trillions of dollars in government IOUs are left](#).<sup>593</sup> [The Pentagon can't account for over \\$10 trillion](#),<sup>594</sup> [the US Postal Service has lost over \\$57 Billion dollars over the past decade](#),<sup>595</sup> and [Amtrak claims it lost \\$834 million in 10 years on food and beverage alone](#),<sup>596</sup> and local, State, and Federal pension schemes are [underfunded by 5 Trillion](#),<sup>597</sup> looted, and/or mismanaged. The government's illegitimacy and criminality are being exposed, and crypto-currencies, community currencies, barter, and agorism are starting to challenge the economic system. Don't be surprised when the Ponzi scheme collapses.

**Diversify into and use crypto-currencies + barter + commodity money + community currencies:** The better you and your community are diversified into \$USD alternatives, the more resilient you will be against a dollar collapse or devaluation. We like beans, bullets, and Band-Aids as your core wealth. After the basics, we like community currencies and precious metals in small denominations of a recognizable hallmark. Then, monetary metals stored in other jurisdictions but instantly spendable and transferable. After that, non-inflationary, anonymous crypto-currencies that promote privacy and digital liberty.

We like crypto-currency but are realists with respect to its potential for good or evil.

## ***Crypto-Savages Beware! The NSA was thinking Crypto in 1996!***

The US National Security Agency (NSA), whose primary job seems to be spying on their friends and neighbors, published a technical white paper entitled: [How to Make a Mint: The Cryptography of Anonymous Electronic Cash](#)<sup>598</sup> in June of 1996 outlining a blockchain-based cryptographically secure digital currency and digital "wallet" 12 years before Satoshi Nakamoto published his whitepaper. So it's very possible that Bitcoin was created by the CIA/NSA (Nakamoto, **SA**toshi to make them: "shine" I.E. Take Satoshi's e-mail: [Satoshin@gmx.com](mailto:Satoshin@gmx.com) add/duplicate the "N" to the front and you get="NSA-to-Shin@"gmx.com and [Satoshi Nakamoto is loosely translated to "Central Intelligence" in Japanese](#).<sup>599</sup> Additionally, Crypto-currencies have all the hallmarks of intelligence agency, Wall Street/Banking, and Hollywood manipulation with early entrants & manufactured moguls having ties to Hollywood (Brock Pierce), banking/MIC-connected firms like Goldman Sachs (Joe Lubin), SAIC, Raytheon, Boeing, and Northrup Grumman (Larimers) among others.

Bitcoin appears to have been crippled purposely by some faction of bankers by scooping up the core development team with \$55M in venture cap lead by AXA Strategic Ventures whose parent company AXA is headed by Bilderberg Chairman Henri de Castries. AXA/Blockstream maneuvered the coin away from its original design which sent the fees and transaction times to levels that crippled key features like micro transactions, remittances, and its use as a cash alternative. The market is developing other alternatives for digital cash including: Bitcoin Cash and Dash with some coins like Monero and Epic Cash displaying anonymity features that are desirable but always vulnerable to Hegelian Dialectic **Problem-Reaction-Solution - Problem:** Bitcoin is the obviously banker-hijacked compliance crypto, Manage the inevitable: **Reaction**(Freedom activists dump Bitcoin) = Attempt to steer Reaction towards pre-selected **Solution:** the mark-of-the-beast-turn-off-ability-to-buy-and-sell-crypto-currency/central bank digital currency which was the Banker's plot all-along. There is no completely trusted anonymous crypto yet!

The Bitcoin eco-system is being steered toward Segregated Witness (Segwit) and the Lightning Network, both of which destroy privacy features and create hooks into the conventional banks and payment processors. LocalBitcoins.com, which use to facilitate anonymous in-person transactions now requires Know Your Customer (KYC) while the anonymous in-person transactions have moved over to Bitcoin Cash @ [Local.Bitcoin.com](http://Local.Bitcoin.com) and [LocalMonero.co](http://LocalMonero.co)

Radio Personality Ernest Hancock is setting the standard for what the voluntaryist community expects out of anonymous digital currency with his [2nd Letter of Captain Marque](#):<sup>600</sup>

*“A digital economy... requires a new currency that is peer-to-peer, without third party observation, that can be exchanged using an encrypted signal. It must combine the solidity of precious materials, and the fluidity of digital information. We must move funds further, faster and cheaper than ever before, and make decisions based on an ever-accelerating flow of information. So, pirates require virtually instantaneous transactions, with no arbitrary limits on volume, or artificial influences on fees. Most importantly, a pirate currency must preclude centralization. It must endure as a decentralized network in the face of an adversary that wishes to crimp it into service. Otherwise it will become another link in our chain to the Crown. Given the choice, a superior will result in the obsolescence of the coin of the realm, and the extinction of the Crown itself.”*

# Please Help Free These Political Prisoners

David Rodriguez, the head of the GATTO Project who also runs Santa Cruz Voluntaryists, one of the most successful resistance groups to Covid in the country. He was recently **NOW FREE!** arrested by Santa Cruz county for another in a string of right-to-travel victimization "crimes". He was thrown into solitary for over a week and forced to take a psych evaluation while being threatened with being declared insane and forcibly vaccinated. His case is still winding its way through the "government's" monopoly court where the judge, prosecutor and witness (police) all work for the same organization.

**Thomas "Morpheus" Constanzo**

Bitcoin entrepreneur Thomas "Morpheus" Constanzo arrested with operating an "unlicensed bitcoin exchange" I.E. for selling bitcoins, strings of letters and numbers, for sale to willing buyers. Another completely victimless crime where the State entraps someone and claims their peaceful economic exchange is illegal to benefit a private central bank that lobbied and bribed Congress for a monopoly privilege that steals from everyone else.

**Ross Ulbricht**

Ross Ulbricht, a peaceful 32-year-old entrepreneur was given a sentence of double life without parole for the non-violent, victimless crime of running a website that matched willing buyers and willing sellers outside of government/organized crime's purview. No victims could be named at trial. Silk Road was a web commerce platform based on the voluntarist philosophy of free markets, where people the world over could trade bitcoin for a variety of goods, not all of them legal in every jurisdiction.

# FREEDOM APPS, BLOCKCHAIN, AND CRYPTO PROJECTS FOR DIGITAL LIBERTY

**Flash Drives** - We think the most important freedom app is the flash drive. With the organized crime government and their cartel companies now openly censoring search results on Google, YouTube, Reddit, Wikipedia, and other video and social media platforms, Amazon beta-testing digitally burning books on their "Kindle" and "Fire" platforms, and [DARPA openly researching how to use AI to widely censor and takedown content, videos, and even websites](#),<sup>602</sup> having a back-up of the evidence of "government" and media criminality and the best books and documentaries on the ideas of liberty is crucial.

**The Liberator** - [www.Government-Scam.com/Liberator](http://www.Government-Scam.com/Liberator) - The Art of Liberty Foundation's collection of flash drives and Dropboxes that both expose the organized crime's illegitimacy, illogic and criminality and provide the healthy alternatives or voluntarism, free markets, tolerance, and peace. The Liberator drives includes the ePub of "Government" - *The Biggest Scam in History... Exposed!* with active links of this book and a curated curriculum of the best books, short videos, and documentaries to take someone from "0-60" on the most important topics in the world.

## **Hardware Solutions - Computing and Mobile Phones**

**Puri-sm**<sup>628</sup> - **Librem** are the first high-end linux-based laptops and smartphones where the owner is in control and have complete visibility into the operating system, all bundled software, and the deeper levels of the computer with hardware switches to turn-off the microphone and camera.

**Above Phone**<sup>629</sup> and **Above Book**<sup>630</sup> (Laptops) - **Above Phone** - A complete privacy phone solution powered by degoogled operating systems, free and open source apps, and open-source privacy services. **Above Book** - Security focused laptops running Linux Arch or Debian pre-populated with privacy-focused software.

**Crowetic Hardware Development**<sup>631</sup> - Secure laptops and raspberry pi / mini-computers pre-configured to run Qortal.

**Encrypted & Uncensorable Communications** - Because organized crime “governments” are spying on their populations the same way the Nazis, Russians and East Germany Stasi did (which is another proof of criminality) it is important to shield your communications through encryption. All communications apps running on Apple IOS, Android and Microsoft devices remain vulnerable to the operating systems being compromised and the device being “screen scrapped” before encryption/transmission or after decryption at the receiving end.

**MySudo**<sup>632</sup> - Create secure digital profiles called Sudos, with phone, handle, email, browser and virtual card. Use your Sudo profile instead of your personal information, online and off.

**Session**<sup>633</sup> - An end-to-end encrypted messenger that minimizes sensitive metadata

**XMPP** - a 20 year old decentralized, free, and open protocol with many servers, clients, and users. Offers end to end encryption, voice calls, and video calls. (<https://takebackourtech.org/xmpp-comeback>), XMPP service offered by Above Privacy Suite (<https://abovephone.com/suite>).

**Semi-Trusted:** Signal - Requires a phone number

**Completely Untrusted:** Facebook Messenger, WhatsApp - Owned by Fedbook; Telegram - OK for group chats, but untrusted for secure, encrypted communications and seems to be censoring group chats as well. Censored our Art of Liberty Telegram group in 2022 under guise of intellectual property.

**Virtual Private Networks and TOR Routing** - Virtual Private Network providers encrypt traffic between your computer and exit nodes run by the VPN provider which may be in another country to reduce the ability for the traffic to be read while in-transit and to obscure the IP address of the sender. Frequently used to access content which may be restricted in various countries by allowing you to appear to be accessing the content from a country where there is no restriction.

**Tor Browser**<sup>634</sup> - Warning: Developed by Navy & NSA rumored to populate xit nodes.

**Operating System & Computing Alternatives** - Microsoft Windows, Google Android, and Apple IOS are untrusted operating systems. Edward Snowden released [NSA slides mocking Apple iPhone users for giving them their data and revealing that the NSA has direct access into Microsoft, Google, Yahoo, YouTube and Apple.](#)<sup>635</sup>

**Debian**<sup>636</sup> - Free and open source non-Windows/Apple OS

**Tails**<sup>637</sup> - Private Debian-based operating system you can run on your existing Apple/Windows PC that boots up off a flash drive or DVD allowing you to bypass the existing OS.

**Qubes OS**<sup>638</sup> - A free and open-source, security-oriented operating system for single-user desktop computing. Qubes OS leverages [Xen-based virtualization](#)<sup>639</sup> to allow for the creation and management of isolated compartments called [qubes](#).<sup>640</sup>

**Reticulum**<sup>641</sup> - A cryptography-based networking stack for building both local and wide-area networks with readily available hardware, that can continue to operate under adverse conditions, such as extremely low bandwidth and very high latency.

**Fedora Linux**<sup>642</sup> - Open-source and security-focused Linux build for desktops and laptops.

### **Censorship-Resistant and (ideally) Distributed File Storage**

**Qortal**<sup>643</sup> - Decentralized, next generation internet and fair worldwide trustless cryptographic economic system. **Q-Mail**,<sup>644</sup> with groups which require invitation, called threads. Each mail is hashed and chunked, the parts sent separately and reassembled only by the receiver, with no servers in the middle, just like everything on Qortal. **Q-Chat**<sup>645</sup> is another way to communicate in groups, but messages all disappear after 24-hours. **Q-Tube**<sup>646</sup> - A YouTube Replacement. **Q-Share**<sup>647</sup> - any file can be shared. **Q-Blog**<sup>648</sup> - Blogging application. **Ear-Bump**<sup>649</sup> - a music player and **Q-Shop**<sup>650</sup> - a decentralized marketplace.

**InterPlanetary File System (IPFS)**<sup>651</sup> - Censorship-resistant distributed file system

**SyncThing**<sup>652</sup> - Open source, decentralized data synchronization

### **Data Security - Applications That Frustrate Organized Crime “Government’s” Taxation Theft and Spying**

**Vericrypt**<sup>653</sup> - free open source disk encryption software for Windows, Mac OSX and Linux, based on TrueCrypt 7.1a.

**Ripley, Prey, and uLocker**<sup>654</sup> - Tools that instantly secure and encrypt corporate servers, laptops and tablets when government agents enter a business.

**Open Source (some decentralized) Social Media and Video Sharing Platforms** - The goal is to have a trusted open source social media and video hosting platforms that ideally pays/revenue shares with creators in crypto with good governance, treasury and is decentralized so that it can't be taken down by any organized crime governments. If the platform is enforcing DMCA and can censor content ad-hoc then we don't consider it “decentralized”, but we would accept community standards (no child pornography, snuff films, etc.) enforced by random assignment to a community jury in a transparent process.

## Open Source (some decentralized) Social Media and Video Sharing Platforms

[Mastadon](#)<sup>655</sup> ([Our Page](#))<sup>656</sup>- Decentralized, open-source micro-blogging engine that you can run on your own server.

**Completely Untrusted:** Twitter ([Our Page](#)),<sup>666</sup> Facebook ([Our Page](#)),<sup>667</sup> Reddit, - Caught censoring

**Too Suspicious to List:** GAB ([Our Page](#))<sup>668</sup> and Dissenter -[Failed our testing](#),<sup>669</sup> suspicious founder, too much mainstream press,

**Cryptocurrency Exchanges - Non-Know Your Customer (KYC) Crypto Exchanges** - “Know Your Customer” is a law passed by the organized crime US government requiring US-based crypto exchanges, banks and brokerages to capture driver’s license and other identifying information so everyone can be tracked, traced, and taxed. Here is a list of crypto exchanges that don’t require KYC: <https://fuk.io/no-kyc-exchanges-list/>

[Sideshift.ai](#) and [Changelly.com](#)- On-the-fly crypto exchanges that are alternatives to ShapeShift, which now requires KYC.

[Local Bitcoin Cash](#)<sup>670</sup> and [Local Monero](#)<sup>671</sup> - A way of buying and selling Bitcoin Cash and Monero anonymously where participants can meet in person (or transact over the internet) and buy/sell without KYC requirements now that LocalBitcoins.com requires KYC and did away with in-person trades. **Cryptocurrency Mixers and Tumblers** - A cryptocurrency tumbler or cryptocurrency mixing is a service offered to mix potentially identifiable cryptocurrency funds with others, with the intention of confusing the trail back to the fund’s original source. Tumblers have arisen to improve the anonymity of crypto-currencies and typically charge a small fee for the service.

[BCH CashShuffle](#)<sup>673</sup> and upcoming **Cashfusion** - CashShuffle anonymizes your coins by mixing them. CashFusion allows you to put those coins back together without ruining the privacy. With CashShuffle, your coins are split up into smaller amounts. You can’t put those coins back together or spend them together without ruining the privacy. Cash Fusion fixes that by letting you put your coins back together and keep your privacy.

## Anonymous Digital Cash Projects

Unlike Bitcoin whose transactions are visible on a public blockchain, anonymous digital cash refers to crypto-currency projects that use a variety of technologies to obfuscate the origins, amounts and destinations of all transactions while maintaining the decentralized nature that prevents take-downs and the verifiability of transactions that prevents double-spending, counterfeiting and inflation.

# THE ART OF LIBERTY FOUNDATION

[The Art of Liberty Foundation](#)<sup>691</sup> is a start-up public policy organization focused on:

- Spreading voluntaryist/libertarian ideas through effective media tailored to visual learners, busy people, and short attention spans.
- Exposing inter-generational organized crime's control of the government and media and their use of "government" and Statism as techniques to rob and control the population

The Foundation produces, curates and distributes books, blogs, podcasts, memes, videos, infographics, and monographs that explain the basics of voluntaryist/libertarian ideas and expose the illogic, illegitimacy and immorality of "government" in addition to its criminality and corruption. The Foundation is focused on developing viral and uncensorable methods of spreading voluntaryist/libertarian news, content and evidence of government and media criminality through hand-to-hand distribution of innovative physical objects including low-cost "picture books", and uncensorable credit card-sized flash drives. The Foundation is currently raising a \$500,000 "A" round to accelerate these efforts.

## Strategy

- Tailor media to "visual learners" and accelerate their time-to-Insight
- Get around internet censorship with uncensorable distribution of physical books and flash drives, that also improve readability and comprehension with permanence, visualizations, and infographics that reveal historical patterns of the shady people, banks, cartel companies and organizations that are benefiting from government redistribution & spending, never-ending war and usurious interest on public debt.
- Principled voluntaryist defense of "government" illegitimacy, individual rights, free markets, and voluntary solutions
- **Media, Search & Social Media Watchdog:** Tracking ownership, consolidation, and "government"/ "intelligence agency" involvement in coordinated programs across dozens or hundreds of ostensibly independent media properties.
- We promote town hall events, meetups, conferences, parties, and other real world events that introduce voluntaryists and libertarians to their communities in a positive light

# THE PRE-STATE PROJECT

The Pre-State project is our effort to free a single US State from “government” by widely exposing:

- The illegitimacy, illogic, and immorality of “government”
- The apparent involvement of inter-generational organized crime in the creation of the US federal “government” and its on-going and now obviously criminal operations
- The use of unethically manipulative “educational” methods like Statism, government affiliated youth programs and obedience techniques in the mandatory government schools in addition to the debilitation of the government’s mandatory mercury and aluminum-laced vaccines.
- Organized crime’s control-of-perception program using a handful of monopoly media companies operating as a cartel and major internet search and social media companies on the DARPA internet
- The voluntaryist libertarian alternative of free markets, voluntary associations, tolerance, peaceful civil disobedience and secession.

**Background:** The **Free State Project** is an effort by voluntaryist and libertarian-leaning freedom activists to move to a single State, New Hampshire, with a history of liberty and a population low enough where a migration or concentration of freedom activists could affect real change. The **Pre-State Project** is our effort to accelerate the objectives of the Free State Project by widely exposing organized crime’s control system and offering the voluntaryist alternative of real freedom, non-violence, tolerance, and peace. The goal is to introduce 300,000 (by mailing 100,000 copies to parents of high-school seniors) of the libertarian-leaning among existing New Hampshire residents to voluntaryism, real freedom and activism through the effective distribution of physical books, Liberator flash drives, and DVD documentaries in a campaign that would promote town hall meetings where we would introduce the liberty-oriented social and political networks in the state.

**Why is New Hampshire “the Achilles Heel” of Statism?** In addition to having a history of individual liberty and a relatively small proportion of people that work for either the state or federal government, New Hampshire has the densest concentration of libertarians in the country. The Free State Project has been on the ground since 2003, its members host 550 Meet-Ups a year in every corner of the state and have over 6,200+ activists on the ground with an additional 20,000+ that have pledged to move. 1000+ moved in 2021 and more arrive every week. In addition to the Free State Project there is a myriad of liberty-oriented organizations working on everything from secession to police accountability to putting liberty-oriented mini-libraries in laundromats. In short, New Hampshire has the social and political networks to absorb, educate, and organize new libertarians in provenly effective ways. It’s the perfect place to achieve the “100th Monkey Effect” where a majority of the population adopts new knowledge somewhat simultaneously. **Goal:** Peaceful and orderly secession from the US and/or widespread Gandhi / Martin Luther King-esque civil disobedience that can’t be ignored by the rest of the country. We can win freedom everywhere but first, we have to win somewhere and we believe that somewhere is New Hampshire! We believe that once successful, New Hampshire can serve as a template, laboratory and “proof-of-concept” for prosperous and harmonious voluntaryist societies.

# YOU + FIVE FRIENDS

Five is our movement and advice to create a peaceful and voluntary society. Shift 5% of your time from entertainment to education, educate 5 friends, get together at least 5 times a year to help others, and contribute 5% (time or treasure) to worthy causes. And then we win.

**Shift 5%** - We are awash in sedentary entertainment. Shift 5% of sedentary entertainment/infotainment into active learning, nonfiction reading, or just documentaries instead of sitcoms. Binge books. Study an Issue.

**Multiply x 5** - Educate 5 more people... and then have them educate five more. Create a “freedom cell” of 5 friends for edification, fellowship, movie nights and parties.

**Get Together x 5** - Commit to helping others, meeting others, or learning from others at least 5Xs a year. It can be a conference or a soup kitchen, a protest or a town hall.

**Study 5%** - Try to carve out just 5% of your time each week for studying a topic of your interest. “The truth is not for all men, but only for those who seek it.” - Ayn Rand

**Donate 5%** - Voluntaryism is about helping others and taking responsibility for our own communities.

**Give Small:** Through micro-donations and donation aggregators like Patreon it is possible to easily support a dozen worthy individuals or organizations for \$12 a month. Consistent income is the lifeblood of the arts, independent media producers, and the developing alternative media. No gift is too small if it is regular and dependable.

**Give Time:** Find a meet up, charity, nonprofit, or civic organization where you are involved at the grass roots level

**Give Big:** If you can afford it then consider supporting freedom and the liberty movement in a big way. Water a thousand flowers as long as they are authentic.

## THOUGHTS ON STRATEGY:

### 1. We win the free market meritocracy and “Influential Sneezers” and they positively influence the rest of society.

We don't have to win everyone. Just the 10-15% of society in the position to positively influence others: Entrepreneurs, writers, professors, media, content creators, bloggers, vloggers, and activists

### 2. Water the authentic voices of the growing alternative media [Corbett Report](#),<sup>692</sup> [Global Research.ca](#),<sup>693</sup> [Unlimited Hangout](#),<sup>694</sup> *your favorites*, etc.

### 3. Patron the foundations and programs focused on free market economics, liberty, clean food, free market health, scientific truth and personal freedom: [Advocates for Self-Government](#),<sup>695</sup> [Mises Institute](#),<sup>696</sup> [Foundation for Economic Education](#),<sup>697</sup> [Fluoride Action Network](#),<sup>698</sup> [The Conscious Resistance Network](#),<sup>699</sup> [Architects and Engineers for 9-11 Truth](#).<sup>700</sup>

### 4. Focus on Efforts Exposing Inter-Generational Organized Crime's Role in Government & Media: [The Art of Liberty Foundation](#),<sup>701</sup> and [“Government”-The Biggest Scam in History Exposed](#).<sup>702</sup>

### 5. Focus some effort on freeing New Hampshire: [Free State Project](#)<sup>703</sup> and [The Pre-State Project](#)<sup>704</sup> - Our plan to create 25,000 new voluntaryists in New Hampshire by widely exposing organized crime's control of government and media with a 100,000 copy book and flash drive drop

What if the free market, armed protective service providers, professional arbitrators, insurance company-supported fire brigades, mutual aid societies, nonprofits, and genuine charities could provide all the legitimate, non-redistributive services of “government” without the extortion, violence, victimless crimes, road piracy, and unethically manipulative indoctrination of “government.” Pre-order a copy of our upcoming book: *Voluntaryism – How the Only “ISM” Fair for Everyone Leads to Harmony, Prosperity and Good Karma for All!* @ [Voluntaryism-Book.org](#).

## **THE ART OF LIBERTY FOUNDATION STRATEGY: LARGE SCALE CULT DEPROGRAMMING**

**We are going after the visual learners and accelerating their “Time-to-Insight”!** - 65% are visual learners who learn best and fastest when they see information. Humans are the world’s best pattern recognition machines, and revelation of the control techniques reveals that this system is formulaic, deceitful, and indoctrinated.

**We are accurate and well-referenced** - we are aggressively fact-checking and referencing everything with authoritative, scholarly research delivered in a variety of formats (website, documentaries) for individual learning preferences. We are crowd-sourced, so if you see something incorrect or would like to contribute, please e-mail me at: [Evidence@ArtOfLiberty.org](mailto:Evidence@ArtOfLiberty.org)

**We are combating internet censorship by developing viral, uncensorable distribution for truth material** - If we know that society is communicating on a DARPA-funded military network called “The Internet” where organized crime /government affiliated search engines, social media platforms, and monopoly media companies are controlling the flow of information with “[filter bubbles](#)”,<sup>705</sup> “[sock puppets](#)”,<sup>706</sup> [search result manipulation](#),<sup>707</sup> [demonetization of independent media content](#),<sup>708</sup> and other ways, many imperceptible to the masses, then the solution must entail uncensorable, viral, hand-to-hand distribution of truth content.

- **Innovations:** Every Liberator has instructions and printable stickers to create new flash drive or DVD Liberators. Stickers can be printed on readily available full sheet label paper.

**We are looking to be well-funded** - We are looking to partner with “idea-philanthropists” and liberty donors interested in getting hundreds of thousands (millions?) of students exposed to the ideas of liberty, and we are exploring crowd-funding this effort to ensure we are well-capitalized for accuracy, impact, and viral growth.

**We are making it fun to organize!** The Art of Liberty Foundation promotes making it fun to organize with unique events that bring people together and supercharge them.

**The Art of Liberty on the Beach (The Turtle Party)** – An occasional fundraiser for the Foundation that has drawn almost 400 attendees to our favorite turtle sanctuary outside of Acapulco. Our friends enjoyed a magical evening on the beach with a bonfire, coconut drinks, fireworks, and some of the truth movement’s

leading artists including Grant Ellman of Prezence, Alais Clay, So-Below, Freenauts, Ela Mental, and Truniversal.

**The Art of Liberty on the Rocks (The Sedona Sessions)** – The liberty movement meets the consciousness community at the Global Center for Christ Consciousness in Sedona where freedom and spiritual leaders discuss how voluntaryism, the philosophy of human respect, can deliver everything society wants from “government” without the immorality, extortion and indoctrination.

- Talks by Larken Rose, Etienne de la Boetie<sup>2</sup>, Ernie Hancock, Tall Paul, and Ramiro Romani exposed the illegitimacy and criminality of “government” with voluntaryist solutions ranging from growing local liberty movements to alternative technologies, currencies, and correcting status/standing to move from the public into the private. Friday night was a dinner and a party and Sunday we went hiking in Sedona. Everything was recorded and the event is available on [streaming](#),<sup>709</sup> [credit card-sized flashdrive](#)<sup>710</sup> or [DVD](#).<sup>711</sup> It is our model for future events around the country and world where you can sponsor an event in your city or town by [donating at the President’s Club level](#).<sup>712</sup>

# THE LIBERATOR – OUR FLASH DRIVE OF LIBERTY RESOURCES

**The Liberator** – A credit card-sized flash drive and [Dropboxes](#)<sup>713</sup> full of liberty resources that expose the control system, make evidence of “government” illegitimacy and criminality uncensorable and provide the healthy alternatives of voluntarism, freedom, love, tolerance, agorism, counter-economics, and crypto-currencies. ## THE SYMBOLISM BEHIND THE LIBERATOR

The 1942 Liberator pistol was a \$2.10 single-shot pistol that the US dropped to the resistance in occupied France in World War II similar to our distribution of Liberty material on inexpensive flash drives in the occupied USA. The gun came in a cardboard box with ten .45 caliber ACP rounds, a wooden dowel to extract spent shell casings, and an infographic showing how to load and shoot the gun.

Our version features a white Lotus growing from the barrel in a universal symbol of peace to make it clear that we respect the “Golden Rule” and [Non-Aggression Principal](#)<sup>757</sup> (NAP), aren’t advocating any violence, and simply recycling organized crime’s own iconography against them.

Symbolically, the Lotus represents the ability for everyone to better themselves no matter their current circumstances through constant self-improvement the way the Lotus flower grows beautifully from the muck. It is our peace offering to everyone who serves/has served: “The System.” Even if you were tricked by *mandatory* indoctrination and *paid-for propaganda* to murder foreign or domestic, SWAT-team and cage overwhelmingly peaceful people for victimless crimes, indoctrinate children or propagandize the population from Hollywood, New York, Washington DC, Atlanta or Langley.. It’s OK... everyone can be forgiven, everyone can leave the cult of Statism and its poisonous ideas behind, and be born again into a beautiful, non-violent, free-thinking human being.

The final symbolism of the *Liberator* is that because, in many cases, we are dealing with mind-controlled, non-critical-thinking “order-followers” who were *unethically and manipulatively* trained by an organized crime system to falsely believe they have rights that mere mortals do not and just can’t seem to understand that not everyone believes in their *artificially indoctrinated Statist religion*... then the smartest thing to do is to: *Hold on to the Gun!*

# INTERNATIONAL EDITIONS - ON THE HORIZON !

Think of the various countries of the world as different tax farms where inter-generational organized crime has been farming human labor and controlling society using variations of the same mafia mandatory government schools, cub scouts, boy scouts, jROTC, police/military model. They are all using essentially the same techniques including monopoly government money, statism, propaganda and spying on everyone in each country and the same program that produced jack-booted Nazi cult-members / "order followers" marching in formation in 1930s Germany produces jack-booted cult-member "order followers" marching in formation today in the US, UK, Russia, Israel, China, and North Korea.

We would like to publish international editions where we swap out the East German examples in this edition with the specifics of each modern country. We are looking to partner with liberty donors and "Idea Philanthropists" interested in funding local, translated editions specific to each country with a "Flash Drives for Freedom" program with evidence of that country's criminality. Please consider passing this along to the liberty donors and liberty-oriented think tanks and public policy organizations in our targeted countries.

When plunder becomes a way of life for a group of men living together in society, they create for themselves in the course of time a legal system that authorizes it and a moral code that glorifies it.

# The History of the Etienne de la Boetie<sup>2</sup> Nom de Plume

*The original Etienne de la Boetie, 1530-1563, was a French political philosopher who wrote [The Discourse of Voluntary Servitude](#)<sup>774</sup> (popularly reprinted in English as: *The Anti-Dictator*) in the 16th century where he argued that men are not so enslaved as they enslave themselves and the only power tyrants have is given to them by the majority of their victims. He was one of the first to chronicle the techniques that monarchs, the organized crime system of that day, used to create obedience and fealty in their tax slaves. He also observed that there were always “a few” who would not bow and “Resolve to serve no more and you are at once freed”*

***Here are some quotes from the original Discourse of Voluntary Servitude.***

It is incredible how as soon as a people become subject, it promptly falls into such complete forgetfulness of its freedom that it can hardly be roused to the point of regaining it, obeying so easily and willingly that one is led to say that this people has not so much lost its liberty as won its enslavement.

It has always happened that tyrants, in order to strengthen their power, have made every effort to train their people not only in obedience and servility toward themselves, but also in adoration.

Resolve to serve no more, and you are at once freed. I do not ask that you place hands upon the tyrant to topple him over, but simply that you support him no longer; then you will behold him, like a great Colossus whose pedestal has been pulled away, fall of his own weight and break into pieces.

Tyrants would distribute largess, a bushel of wheat, a gallon of wine, and a sesterce: and then everybody would shamelessly cry, “Long live the King!” The fools did not realize that they were merely recovering a portion of their own property, and that their ruler could not have given them what they were receiving without having first taken it from them.

Liberty is the natural condition of the people. Servitude, however, is fostered when people are raised in subjection. People are trained to adore rulers. While freedom is forgotten by many there are always some who will never submit.

The dictator does not consider his power firmly established until he has reached the point where there is no man under him who is of any worth. ... This method tyrants use of stultifying their subjects cannot be more clearly observed than in what Cyrus did with the Lydians after he had taken Sardis, their chief city, and had at his mercy the captured Croesus, their fabulously rich king. When news was brought to him that the people of Sardis had rebelled, it would have been easy for him to reduce them by force; but being unwilling either to sack such a fine city or to maintain an army there to police it, he thought of an unusual expedient for reducing it. He established in it brothels, taverns, and public games, and issued the proclamation that the inhabitants were to enjoy them. He found this type of garrison so effective that he never again had to draw the sword against the Lydians. These wretched people enjoyed themselves inventing all kinds of games, so that the Latins have derived the word from them, and what we call pastimes they call ludi, as if they meant to say Lydi. Not all tyrants have manifested so clearly their intention to effeminize their victims; but in fact, what the aforementioned despot publicly proclaimed and put into effect, most of the others have pursued secretly as an end.

Men are like handsome race horses who first bite the bit and later like it, and rearing under the saddle a while soon learn to enjoy displaying their harness and prance proudly beneath their trappings. Men will grow accustomed to the idea that they have always been in subjection, that their fathers lived in the same way; they will think they are obliged to suffer this evil, and will persuade themselves by example and imitation of others, finally investing those who order them around with proprietary rights, based on the idea that it has always been that way.

There are always a **few** better endowed than others, who feel the weight of the yoke and cannot restrain themselves from attempting to shake it off: these are the men who never become tamed under subjection. These are in fact the men who, possessed of clear minds and far-sighted spirit, are not satisfied, like the brutish mass, to see only what is at their feet, but rather look about them, behind and before, and even recall the things of the past in order to judge those of the future, and compare both with their present condition. These are the ones who, having good minds of their own, have further trained them by study and learning. Even if liberty had entirely perished from the earth, such men would invent it. For them slavery has no satisfactions, no matter how well disguised.

# THE WHITE ROSE – MUCHO GRANDE! @ [ARTOFLIBERTY.ORG/WHITE-ROSE](http://ARTOFLIBERTY.ORG/WHITE-ROSE)

*Before you can understand The White Rose Mucho Grande... First, you have to understand The White Rose*

[The White Rose](http://TheWhiteRose.org)<sup>775</sup> is an international group of activists that make pro-liberty, anti-lockdown, and anti-Covid stickers available globally for gas pumps, bathroom doors, airports, and police cars. The campaigners make a file of stickers available for free and anyone with a low-cost Brother QL-800 label printer (~\$100 new or \$50-\$80 used on E-bay) can print cool, hard-hitting stickers at a very low cost. They also distribute free stickers around the world via postal mail and they are distributed in bulk at liberty events like Porcupine Freedom Festival, Jackalope, Agorapulco, The Rainbow Gathering, and others!

*The American Empire and It's Media by Swiss Propaganda Research – 36 x 24 inch [Poster #2776](http://Poster#2776) in the White Rose MUCHO GRANDE collection*

**The White Rose – Mucho Grande!** is our homage to the White Rose society! Instead of stickers we have a free file available of POSTERS featuring the full-size, high-res visualizations from **“Government” – The Biggest Scam in History... Exposed!** that illustrate how inter-generational organized crime has infiltrated their members into the media and “governments” using front organizations such as the World Economic Forum, The Council on Foreign Relations, the Trilateral Commission, and the Bilderberg group. There is also a series of visualizations showing the monopolization of media, consumer goods, defense contractors, beer, beverages, meat processing, airlines, community newspapers, seed companies, and banks among others. **About the Book:** The softcover version of "Government" – *The Biggest Scams in History... Exposed! – How Inter-Generational Organized Crime Runs the "Government," Media, and Academia.* This 5th edition includes a redesign, new "one-pagers" and updated content. Using historical photographs, visualizations, media ownership charts, infographics, and memes, the book is designed to accelerate and deepen the understanding of the 65% of the population that are "visual learners," including revealing historical patterns, organizational structures, banking monopolization and other previously hidden connections through visualization. The book catalogs 20+ unethically manipulative techniques used on free human beings to create an artificial culture that produces obedient "taxpayers" and "order followers" willing to kill on command or use violence on peaceful people to enforce the edicts of an artificially indoctrinated statist religion on their friends, relatives and neighbors.

The book is backed up by *The Liberator* (sold separately)- A credit card-sized companion flash drive (and free Dropboxes) full of evidence and liberty resources that both expose the control system and provide the healthy alternatives of voluntaryism, freedom, love, tolerance, agorism, counter-economics, and cryptocurrencies. The new 2024 64GB *Liberator* has hundreds of survivalist and self-sufficiency resources and the companion material for our upcoming book: *Voluntaryism*. The physical books and flash drives, low-cost bulk copy "friends' bundles," and now pop-up guerrilla bookstores are designed explicitly for hand-to-hand distribution to get around organized crime's "propaganda matrix" of six monopoly media companies running hundreds of subsidiaries, chain bookstores and around three-four dozen internet search, social media, streaming platforms, fact-checkers, and video sites that offer the illusion of choice and diversity-of-opinion on the DARPA Internet.

Etienne de la Boetie<sup>2</sup> is the pen name of a voluntaryist author, father, technology entrepreneur, runner, hot yogi, multi-disciplinarian truther, arm chair economist, cryptocurrency enthusiast, and neo-abolitionist who is experimenting with large-scale cult deprogramming. Mr. Boetie<sup>2</sup> distills 20 + years of research into short, easily digestible treatises on individual subjects and optimizes them for the 65% of society who are visual learners while including references and links to more comprehensive research and evidence including books, videos, documentaries, and audiobooks to accommodate the widest variety of learning preferences.

Mr. Boetie<sup>2</sup> is the founder of a start-up public policy organization: The *Art of Liberty* Foundation, which is exposing the illegitimacy and criminality of "government" and the hidden curriculum of organized crime's mandatory government schools, scouting programs, and police/military training. He publishes the Daily News on Substack at <http://DailyNewsFromAoLF.substack.com>, the weekly Five Meme Friday Newsletter at <http://ArtOfLiberty.org>, and all his original writings can be found at <http://ArtOfLiberty.Substack.com>. His next book *Voluntaryism - How the Only "ISM" Fair for Everyone, Leads to Harmony, Prosperity, and Good Karma for All*, will be available at <http://Voluntaryism-Book.org>.
