

ETIENNE DE LA BOETIE²

Author, Speaker & Investigative Journalist

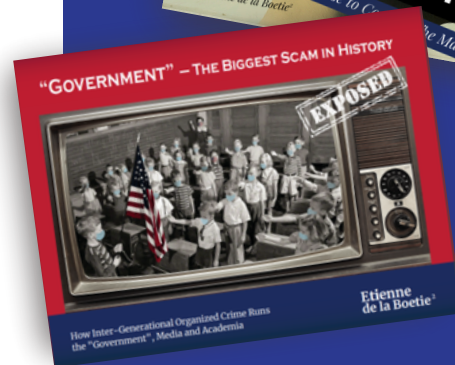

2025 Media Kit

Etienne de la Boetie² is the founder of the Art of Liberty Foundation, and the editor of the Art of Liberty Daily News on Substack and Five Meme Friday, which delivers hard-hitting voluntaryist memes and the best of the alternative media. He is an internationally recognized expert and speaker on voluntaryism and government illegitimacy, criminality and corruption. His original writings and research can be found at ArtOfLiberty.org and ArtOfLiberty.Substack.com

He is the author of the new book To See the Cage is the To Leave It – 25 Techniques That the Few Use to Control the Many which pulls back the curtain on one of history's most successful psychological operations: The US government and the monopoly media have been using a variety of unethically manipulative techniques to get free and independent human beings to self-identify as "Americans" so they can be tax farmed. The techniques range from mandatory schools to product placing the flag in moments of high positive emotion in movies and television shows.

From a secret curriculum in scouting to subliminal programming in television "programming". Boetie² is also the author of "Government" – The Biggest Scam in History... Exposed! which breaks down how inter-generational organized crime centered around banking and central banking is robbing and controlling the population using the technique of "government" with puppet politicians and monopoly media/academia.

His upcoming book: Voluntaryism – How the Only "ISM" Fair for Everyone Leads to Harmony, Prosperity and Good Karma for All! explains how REAL freedom (voluntaryism) can provide all the legitimate non-redistributive services provided by "government" without the waste, fraud, abuse, indoctrination and extortion. He was also the author and principal investigator for the monographs: The Covid-19 Suspects and Their Ties to Eugenics and Population Control/Reduction and Solving Covid – The Covid 19, Eugenics, and Vaccine/Drug Scam Timeline

Etienne de la Boetie2 introduces the basics of Voluntarism in his 20-minute introduction to Liberty on the Rocks – Sedona – The Voluntarism Conference – Video, transcript & slides [HERE](#).

Etienne's address to the People's Reset Conference in Morelia, Mexico breaks down the free market mechanisms that provide public goods for FREE without the waste, fraud, abuse and extortion of monopoly "government" – January 2025 – Video, transcript & slides [HERE](#).

MR. BOETIE² IS KNOWN FOR:

Popularizing describing “government” as a technique of organized crime and/or inter-generational organized crime used to rob and control populations that has been adopted by other voices within the liberty and truth movements.

Using and popularizing visualizations to make the secret connections between the monopoly media, the CIA/intelligence agencies, and front groups like the Council on Foreign Relations, World Economic Forum, and Bilderberg group that were invisible, now visible.

Exposing the playbook of surreptitious tricks and techniques the “government” and monopoly media use to indoctrinate the belief in having a “government” into the population in his books *To See the Cage is To Leave It – 25 Techniques the Few Use to Control the Many* and *“Government” – The Biggest Scam in History...Exposed!*

Exposing how the definition of the word “anarchy” was changed to “chaos and dystopia” by the Safra banking family who bought Encyclopedia Britannica and the Merriam-Webster dictionary and installed Leslie Gelb, President Emeritus of the Council on Foreign Relations, on the Editorial Board of Advisors

Encouraging peaceful anarchists, anarcho-capitalists, and other supporters of a Stateless society to “rebrand” as Voluntaryists which gives the movement a “green field” opportunity to explain how a world without “government” would produce more harmony and prosperity for all

Founding the THICKREDLINE Project which encourages sheriffs, police chiefs, deputies, and officers to say: NO! collectively to victimless crimes which would restore respect to the profession until a complete privatization of monopoly policing can be achieved.

Created the repository *“Government”, Media and Academia Exposed!* on Telegram with hundreds and hundreds of articles supporting our thesis that “government” is controlled by inter-generational organized crime and populated by the most untrustworthy of people living off money stolen from others at the point of a gun.

Writing *Solving Covid – The Covid 19, Eugenics, Vaccine/Drug Scam Timeline* and *The Covid-19 Suspects and Their Ties to Eugenics and Population Control/Reduction* with 600+ end-notes and references exposing the most likely suspects behind “The Covid” and how they pulled off the scam.

Founding the Liberty on the Rocks – Sedona -The Voluntaryism Conference – 2023 Conference Archive – 2024 Conference Archive

BOOKS

To See the Cage is To Leave It – 25 Techniques the Few Use to Control the Many

Boetie2's latest book exposes 25 unethically manipulative techniques that the government and monopoly media are using on the population to trick them into an indoctrinated pseudo-religion called Statism (the completely indoctrinated belief in the legitimacy, desirability and necessity of having a "government") so they can be tax-farmed and controlled.

"Government" – The Biggest Scam in History... Exposed!

Boetie2's first book exposes how "government" is illegitimate, unnecessary and indoctrinated into the public. It exposes an inter-generational organized crime system centered behind banking/central banking/fractional reserve banking using "government" and monopoly media/academia to rob and control populations. It has been the best-selling book at around two dozen liberty-oriented conferences and events and has sold copies to 25+ countries.

Voluntaryism – How the Only "ISM" Fair for Everyone Leads to Harmony, Prosperity and Good Karma for All!

Boetie2's upcoming book revealing how the free market, mutual aid societies, armed protective service providers, arbitration companies, and genuine charities can provide all the legitimate non-redistributive services currently provided by monopoly "government" better, faster, and cheaper without the waste, fraud, abuse and extortion! Excerpts have already been published on ArtOfLiberty.Substack.com
