

VOLUNTARYISM

The commonsense idea that human association should be voluntary, with the assertion that any act of violence other than self-defense, whether by an individual, organization, or government, is illegal, illegitimate, and unlawful.

Recognizes that the world is a self-organizing system that produces spontaneous order and that all government "services" would be better provided by the free market, mutual aid societies, nonprofits, and real charities.

GOVERNMENT SCAM.COM

What if you could get everything you want from "government" (except redistribution!) from the free market, mutual aid societies, nonprofits, and real charities?

Voluntaryism is the commonsense idea that "government" doesn't get an exception from morality... and because "government" is engaged in theft (taxation), coercion, and prosecution of victimless crimes, it is de facto illegitimate and criminal.

- We don't really need "Government"! It is a technique for robbing and controlling people.
- Everyone would be significantly wealthier if the "government" were not robbing everyone of half their income in overt taxes, covert taxes, and inflation.
- Absent the organized crime monetary system, your dollar should be buying more every year as innovations and productivity improvements reduce the costs of producing and distributing the luxuries and necessities of life.

WHO WE ARE

THE ART OF LIBERTY FOUNDATION

A Voluntarist Public Policy Organization

Voluntaryist crime fighters exposing intergenerational organized crime's control of the "government," media, and academia. The foundation's thesis is Organized Crime Theory (OCT) – the surprisingly scholarly and well-evidenced thesis that "government" is organized crime (ArtOfLiberty.org/OCT). We publish *"Government" – The Biggest Scam in History... Exposed!* and *The Greatest Theft in Human History – How the Banks and "Government" Will Steal at Least \$1.40 MILLION from the Typical Worker... "Legally."* Our online publications include: ArtOfLiberty.Foundation, featuring our original writings and investigative journalism; Voluntaryist.News, featuring the best of the alternative media; Five Meme Friday at FiveMemeFri.org – a weekly email or Telegram summary of the best alternative media, censored truth videos, and at least five hot, fresh, dank liberty memes; and *"Government," Media, and Academia Exposed!* – a Telegram summary of the best mainstream and alternative news stories proving our thesis that intergenerational organized crime interests are hierarchically controlling all three.
